Enrolling or Waiving the Student Health
Insurance Program

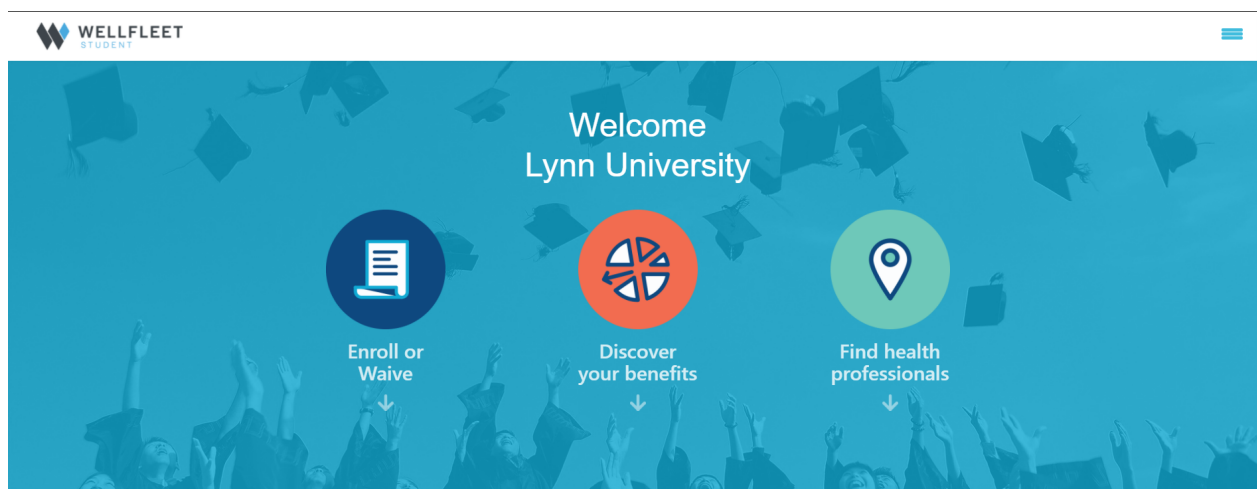

All Full-Time, Day-students, International students and Graduate students living on campus are automatically enrolled in the Lynn University health insurance plan. International students are not able to opt out of the student health insurance program and are required to take the university health insurance plan. The premium for coverage is added to the student's tuition bill.

If you would like to enroll in the schools insurance offered by Wellfleet Insurance, you can do so by following the step by step guide provided below. If you are a full time day domestic student who already has health insurance, you can waive out of the health insurance if it matches up to the required standard. To enroll or waive, you must create an account with Wellfleet.
