12 Lynn University 2010-2011 Academic Catalog
Message from President Ross

Dear Student:

Welcome to the 2010-2011 academic year at Lynn University. Whether you are just beginning your undergraduate career or completing studies for an advanced degree, we are so pleased that you have chosen to continue your education at Lynn.

It is our long-held mission to provide the education, support and environment that enable individual students to realize their full potential and prepare for success in the world, and we pride ourselves on our dedicated and caring faculty and staff members who believe in you and are committed to your success.

On February 1, 2006, we launched our strategic plan, Lynn 2020, and clarified our vision to be recognized as one of the most innovative, international and individualized small universities in America. Since then, we have worked diligently to turn our vision into reality. In just the past two years alone, we have welcomed new structures, new academic programs and a new core curriculum to our campus. At Lynn, the opportunities to grow – as a university and as an individual – are endless.

We have already accomplished so much, even though we are a relatively young institution. Just around the corner, in 2012, we will be celebrating Lynn’s 50th anniversary, and we look forward to commemorating that milestone with you and the rest of the members of our university family.

By studying at Lynn University, you are making one of the most important investments in your life – your education. We offer a plethora of academic options, which you will find detailed in this catalog, and I hope that you will take full advantage of them. And remember, all of us at Lynn will be there for you every step of the way as you pursue your academic goals.

We are proud to have you as a member of the Lynn University family, and I wish you a wonderful academic year.

Sincerely,

Kevin M. Ross
President
Chapter I.

Overview and Introduction to Lynn University

General Information

Lynn University is an independent, nonprofit, coeducational, residential university chartered by the state of Florida and accredited as a Level V institution by the Southern Association of Colleges and Schools.

Founded in the early 1960s when bean farms, strawberry fields and orchards surrounded the campus, the institution today includes 123 lushly landscaped acres with seven freshwater lakes located in a city of close to 100,000 residents. Originally named Marymount College, later the College of Boca Raton, and then renamed Lynn University in 1991, it was a two-year college from 1962 to 1986. Lynn has been a four-year university for 24 years.

Today, Lynn University’s enrollment consists of 1,786 undergraduates and 438 graduate students from 49 states and 80 countries (Fall 2009); offers bachelor’s and master’s degrees and comprises five colleges, a school of aeronautics and a conservatory of music. Nearly 50 percent of the undergraduate students, including all freshmen, live on campus.

The Lynn University Conservatory of Music attracts some of the world’s most acclaimed faculty and most talented young musicians. The Institute for Achievement and Learning offers internationally recognized programs for students with learning differences. Lynn’s athletic teams have won an astonishing 19 national championships and 25 conference championships. The library is an architectural gem. The faculty is devoted to teaching and inspiring the students to learn. The honors program is growing in size and concentration. The university has invested more than $1 million in technological enhancements over the past three years in more than 60 percent of Lynn’s learning spaces. Wireless coverage exists in 100 percent of all classrooms, labs, residence halls, library and other public places. The newest campus jewel, the Keith C. and Elaine Johnson Wold Performing Arts Center, opened in spring 2010.

Lynn University is located in residential Boca Raton on South Florida’s Gold Coast. Geographically, the city and its surroundings are a center of international trade, linking corporations that serve the world marketplace. Upscale hotels, clubs, resorts, and spas as well as professional sports teams offer hospitality management students living laboratories only minutes away. The university’s location in this hub provides a dynamic medium for educational exchange and learning, including excellent internship opportunities. Boca Raton is located halfway between Palm Beach and Fort Lauderdale and only three miles from the Atlantic Ocean. Easily accessible from major roadways, Boca Raton is within easy travel distance of three major airports.

Kevin M. Ross became Lynn University’s president on July 1, 2006. He succeeded Donald E. Ross, who saved Marymount College from dying in 1971, became its president then and retired in June 2006 after 35 years as president.

Mission

The mission of Lynn University is to provide the education, support and environment that enable individual students to realize their full potential and to prepare for success in the world.

Vision

Lynn’s vision is to be recognized as one of the most innovative, international and individualized small universities in America.

Lynn University will capitalize on its youth, location and close student and faculty bonds to become a forerunner institution, a different kind of learning center, an independent, innovative 21st-century university that is unusually devoted to preparing young persons for America’s and the world’s future. To do so, Lynn will:

1. Remain relatively small, with approximately 2,400 undergraduate and 600 graduate students, and 500 or more adults enrolled annually in continuing education courses and institutes. Lynn will also remain a multi-faceted, coeducational, primarily residential university with a small-college atmosphere.

2. Admit a wide array of diverse students, from those with learning differences to the gifted, and those from many countries of the world and states across the nation.

3. Be grounded in the liberal arts but contain a collection of colleges oriented toward emerging professional opportunities, each of which feature superior teaching, applied learning, international focus and experiences.

4. Contain a hallmark student development program that discerns each student’s strengths, shortcomings, and special needs and works to develop his or her full capabilities.

(Approved by the Board of Trustees Oct. 12, 2005)

Commitment of the University to Diversity

Lynn University is committed to providing equal access to education and employment opportunities to all, regardless of race, color, gender, religion, national and ethnic origin, disability or age. The university is committed to compliance with federal and state laws, regulations and policies governing equal access and equal opportunity.
Chapter II.

Campus Life

Every phase of Lynn University life provides a learning situation wherein the student is guided toward wise decision making. While the university primarily emphasizes formal learning through instruction and study, it clearly recognizes a student’s personal and social needs. To serve these needs, the university offers an Office of Student Life.

The Lynn University student has ready access to educational and career guidance. Student organizations covering a wide range of interests offer the opportunity to develop many talents and skills. By participating in these activities, the student is exposed to situations that challenge initiative and leadership. The Office of Student Life includes the vice president for student development, dean of students, associate deans for student life, assistant dean of students, campus recreation and intramurals, Counseling Center, Center for Career Development, Office of Residence Life, Health Center, campus ministry, chief of campus safety and security; and Office of Student Involvement. The Office of the Dean of Students provides assistance in securing advice on university-related concerns. The dean is also responsible for maintaining an open line of communication between staff, students and parents.

Student Involvement

The Office of Student Involvement is committed to providing a variety of activities that complement the university’s academic program. Students can choose activities that will contribute to their personal development and enjoyment: student government, service clubs, Greek life and participation in any number of special interest organizations. Social activities include game shows, dances, comedians, live music, cultural events, international festivals, films, pool parties, sports days, award dinners and novelty entertainment.

Campus Recreation and Intramurals

Students are encouraged to participate in a wide range of intramural programs, including basketball, flag football, soccer and others.

Club Sports

The university offers club sports that compete in ice hockey, rugby and soccer. Depending on student interest, other club sports, such as lacrosse and swimming, can be established. Uniforms, coaches and a schedule are provided for the club sports teams, each of which competes in a local club sports league. There is a club sports fee for each student who chooses to participate in a club sport.

Housing and Residence Life

Residence Halls

Lynn University’s five residence halls (Lynn, Trinity, de Hoernele, Freiberger and the E. M. Lynn Residence Center) provide living accommodations for more than half of the university’s students. All room accessories (bedspreads, lamps, etc.) are provided by the student. Private telephone service, computer Internet access and cable television connections are provided. The Office of Housing and Residence Life assigns new students rooms and roommates. Returning students must choose their rooms and roommates before leaving campus for the summer. Through the cooperative efforts of all, a living environment rich with the joys of friendship and sharing adds a new dimension to the learning experience.

A resident assistant is a para-professional staff member and student whose primary responsibility is to build a community atmosphere among students in each hall. They also have the authority to refer to the Office of Student Conduct any student who is found in violation of campus policies.

Room and Board Schedules

Day Division full-time undergraduate resident students can select from three meal plans: 19, 14 or 10. All residence halls and dining facilities are closed during winter break, and students are expected to vacate their rooms.

Students with less than 60 academic credits and students who are under 21 years of age are required to reside on campus. Exceptions include students who live with their parents within commuting distance and those who are married or have children.

Counseling Center

Counseling at Lynn University aims to further the total development of each student. This accent on the complete individual implies a very definite interest in all phases of the life of the student whose academic, personal and social welfare are of primary concern. Counseling is provided on an individual basis, and records are maintained in strict confidence by the director of counseling. In addition, alcohol and substance abuse literature and referral services are continually available through the Counseling Center.

Health Center

During scheduled hours, the Health Center staff provides limited medical services to members of the Lynn community. If a serious health problem arises, the staff may refer a student to the services of qualified off-campus medical personnel.

Every student attending the university is required to submit a complete immunization record before being allowed to enroll. The university assumes no financial responsibility for medical services performed other than the university nurse’s official services, nor does it pay any hospitalization costs, including deductibles.

Students who refuse treatment or hospital admission do so at their own risk. If a student is ill, it is the student’s responsibility to report the illness to the Health Center, residence hall staff and/or Student Life.

If a student requires medication on a regular basis, he or she is advised to establish a relationship with a local pharmacy.
Parents or guardians may be contacted by the university in cases involving students who are transported to the hospital.

**Insurance**

All undergraduate students enrolled in fall or spring semesters are covered by a supplemental accident insurance policy covering medical expenses up to $4,000 per incident. This supplemental policy covers medical expenses incurred only as a result of accidental injury while the student is participating in university-sponsored activities. Students are required to file a written accident report with the University Health Center within 48 hours of the event and to file a report for insurance claim processing. Claims must then be submitted to the student’s private insurance carrier. After the student’s private insurance claim is processed, costs not covered by a private policy will be covered by the university’s supplemental policy up to the policy limits for reasonable and customary medical charges established by the insurance company.

Athletes participating in intercollegiate sports are covered by a special policy that pays for accidental injury while participating in university intercollegiate sports. Athletes are expected to pay the deductible amount in this policy.

All students are required to carry medical insurance or be covered by their parents’ policy. Students are required to provide proof of insurance before enrolling at the university or signing up for the university plan. Information about student medical insurance is available from the Health Center.

**Medical/Mental Health Emergency Policy**

The purpose of this policy is to ensure that all Lynn University students with incipient emotional, mental health or physical needs receive timely assessment and access to services. In the event that a student suffers a mental health/psychological emergency, this policy defines the course of action for the student.

A serious medical or psychological problem may include, but not be exclusive to, a suicidal threat with or without a plan, a homicidal threat with or without a plan, substance abuse, eating disorders, or any medical or psychological issue that poses a serious threat to the well-being of a student.

When a student experiences serious medical or psychological problems while enrolled at Lynn University, he or she may request to take a voluntary medical leave of absence. The medical/psychological leave of absence must be presented to, and approved by the dean of students or his or her designee. When approved, the student will leave campus and be granted a grade of W (withdraw) in all enrolled courses, even if the deadline for withdrawal without academic penalty has passed. If the student desires to return to campus after resolution, the student must adhere to the Medical/Mental Health Leave of Absence outlined below.

Similarly, the university reserves the right to require a student to take a medical/psychological leave of absence if, in the judgment of the dean of students or his or her designee, the student: a) poses a threat to the lives or safety of himself or herself or other members of the Lynn University campus; b) has a medical or psychological problem which cannot be properly treated in the university setting; or c) has exhibited a medical condition or behavior that seriously interferes with the educational pursuits of other members of the Lynn University community. The student MUST gain prior permission from the dean of students or his or her designee in order for the student to return to campus as outlined under Medical/Mental Health Leave of Absence below. In making a decision to require a student to take a medical/psychological leave of absence, the university acts out of concern for the student and his or her rights, a concern for the other students and a concern for the university as a whole.

**Medical/Mental Health Readmission Requirements**

Inherent in the policies outlined here regarding the care and concern of students with medical and/or psychological issues is the encouragement of receiving proper treatment and professional services. For students who are voluntarily or involuntarily required to withdraw from Lynn University for medical and/or psychological reasons, the university’s predominant concern is that the students receive the appropriate professional treatment. Lynn University wishes to provide sufficient time away from academic concerns to adequately address the issues that necessitated a leave, six months to a year or longer. Failure to seek ongoing appropriate treatment will seriously infringe upon the readiness to resume student status, and the university will withhold readmission until appropriate treatment has been received and documented.

A student on medical-psychological leave must provide documentation from the attending medical/psychological professional to the dean of students or his or her designee one month prior to the anticipated return date. The documentation MUST include: reasons for treatment, frequency and duration of treatment, full assessment of medical and/or psychological status including history and diagnostic impression, and recommendations/treatment plan for continued recovery. The university also requires that the attending professional assesses whether the student is intellectually, physically and psychologically able to handle academic demands and a return to the university community. If the preceding information is not included, the university reserves the right to delay readmission until proper treatment/documentation has been received.

This information will then be reviewed by the appropriate Lynn University health care professionals and by the dean of students or his or her designee. If the student is permitted to return, the university may at that time set forth special conditions or requirements, such as meetings with the dean of students or other university medical/professional personnel to monitor the student’s progress. In addition, the student may be required to establish an ongoing professional relationship with Counseling Center or Health Center staff. The decision to allow a student to return from a medical leave of absence may be reversed if the student fails to be a responsible member of the Lynn University campus.

**Substance Abuse**

Lynn University maintains a drug-free environment and a strict policy relating to the possession or use of any drug as defined by local, state and/or federal law, including marijuana. Any student found in possession of or involved with any type of drug will be sanctioned by the university’s conduct review board. A university representative will communicate with the parents if the student is found responsible for a violation of the university drug policy.

Students of legal age are permitted to have alcohol in the privacy of their rooms. Students who choose to drink alcoholic beverages must do so in a responsible manner. Students are not permitted to have alcoholic beverages in public areas (i.e., hallways, lounges, pool, etc.). Students who violate the alcohol policy will be sanctioned by the university’s conduct review system.

**Substance Abuse Prevention Program**

The university recognizes the problems that exist in today’s society with regard to alcohol and substance abuse. As such, alcohol and substance abuse literature, counseling and referral services are available through the Counseling Center. Lynn University is in compliance with the Drug-Free Workplace Act.
General Student Life Regulations and Policies

The university regards its students as responsible young adults and allows them considerable personal freedom. Specific rules, regulations and procedures are found in the Student Handbook, which is available in the assistant dean of student's office and on the university Web site (www.lynn.edu).

Policies are created to help promote a community atmosphere that is conducive to the pursuit of an academic program. Violation of the university code of conduct may lead to disciplinary action.

Upon dismissal or suspension from the university, the student's tuition and fees will not be refunded. Further, in the event that there has been only a partial payment of fees and tuition, the university will consider the balance due. There will be no refund of tuition, fees, charges or any other payments made to the university in the event that the operation of the university is suspended at any time as a result of any act of God, strike, riot, disruption or for any other reason beyond the control of the university. Admission of a Lynn University student for any academic year does not imply that such student will be reenrolled in any succeeding academic year.

All students are subject to the regulations and guidelines in this catalog and in the Student Handbook.

Automobiles

Automobiles are allowed on campus, but must be registered with the Safety and Security Department. Speeding and driving and/or parking on the grass and similar violations will result in fines, towing and/or loss of the privilege of having a car on campus.

Dismissal

The university reserves the right to dismiss any student who fails to meet the required standard of scholarship and to dismiss or suspend any student for violation of university rules or for any other reasonable cause. In view of the foregoing, and since the university must make its financial commitments for the entire academic year, no reduction or refund of fees will be made in instances of student dismissal or suspension.

Property Damage Responsibility

Lynn University does not assume responsibility for loss or damage to students' personal property and effects. Insurance protection for personal effects should be obtained from an independent source in conjunction with parents' insurance or students' insurance. Resident students are responsible for their residence hall rooms. Damage to residence halls rooms and public areas on campus are assessed based on individual, joint or group responsibility. The university attempts to identify individuals responsible for damage or vandalism. When such identification is impossible in a residence hall, all students who reside in the particular area must bear an equal portion of the cost and responsibility. Rental safes are available for each student within the residence hall rooms.

Public Access to the University Campus

Individuals wishing to enter the campus of this private institution for the purpose of meeting or visiting with students or staff must be approved. This includes the news media and anyone who may have business with students or staff members. This policy is intended to safeguard the privacy of the university community and to help ensure a safe and secure campus environment.

After 1 a.m. Monday through Friday and 3 a.m. Saturday and Sunday, only resident students will be allowed to enter or remain on campus. Students, approved visitors and staff members are required to show proper identification at the campus entrances to gain access to campus.

Athletics

Lynn University holds membership in the National Collegiate Association (NCAA) Division II and the Sunshine State Athletic Conference.

Intercollegiate athletic programs are open to all students in accordance with NCAA, Sunshine State Conference and institutional eligibility standards. Currently active intercollegiate teams include men's soccer, basketball, baseball, golf and tennis, and women's golf, soccer, basketball, tennis, volleyball and softball.

The Higher Education Amendments of 1992 necessitated the development of the Equity in Athletics Disclosure Act of 1994. This disclosure of data on participation rates and financing of men's and women's sports in intercollegiate athletic programs at Lynn University is available in the Office of Student Administrative Services.

The Student Right-to-Know Act of 1990 requires disclosure of graduation or completion rates and transfer-out rates for: (1) the general population of full-time degree program undergraduate students and (2) students who receive athletically-related student aid, broken down by race and gender within sports. This information is available in the Student Administrative Services office.

Student-Athlete Substance Abuse Prevention Policy

Lynn University seeks to promote the development of each student-athlete's intellectual, emotional and social capabilities. The university has established a drug education and testing program in compliance with National Collegiate Athletic Association (NCAA) recommendations. This program includes random drug testing by the university and the NCAA.

All student-athletes representing Lynn University are required to sign a form of consent regarding this policy. The university’s goal is to better educate its student-athletes on the hazards of substance abuse and the value of prevention programs.
Chapter III.

Lynn University Campus

Lynn University’s picturesque 123-acre campus is landscaped with a variety of tropical and semi-tropical plants and trees. Seven lakes reflect the natural beauty of the setting and enhance the harmonious design of the architecture. All buildings have been constructed since 1962 and are completely air-conditioned.

Chapter III.

Campus Resources

The Charles E. and Dorothy F. Schmidt College Center defines the entrance to the university. It includes the President’s Office, Office of Admission, Development and Alumni Affairs, and Marketing and Communication.

The Ronald and Kathleen Assaf Academic Center, located at the north end of the campus, provides classrooms, science labs and art studios. The two-story structure provides an academic atmosphere with all rooms opening onto a scenic courtyard and the Sensormatic Wing.

The Lynn Student Center includes Christine’s, as well as the cafeteria, chapel, auditorium, faculty lounge, Knights’ Court, outdoor terrace for dining, Student Involvement offices and student meeting room. The Perper Plaza, named for Mary and Harold Perper, is a crossroads to all corners of the campus. Located in the courtyard in front of the Lynn Student Center, the plaza serves as a gathering place for students, staff and faculty.

The Keith C. and Elaine Johnson Wold Performing Arts Center at Lynn University, designed by noted architect Herbert S. Newman, is a state-of-the-art performance facility and the newest building on the campus, dedicated in March 2010. The 750-seat theatre features superb acoustics and a modern lighting system. The studio provides the traditional "black box" environment for smaller or more avant-garde drama productions or musical performances.

Backstage accommodations include men’s and women’s dressing rooms, the requisite green room, two star dressing rooms and three administrative offices. Other amenities include the on-site box office, refreshment area and a salon with terrace. Additional facilities house the costume room, theatre prop storage and the scenery shop.

"Through Poppied Fields," by sculptor Seward Johnson, is located on the grounds of the Wold Performing Arts Center.

The Landgren Chapel is dedicated to the memory of Harold and Agnes Landgren. Liturgy is celebrated here regularly, and the Chaplain’s Office is adjacent. The Chaplain’s Office assists students of all faiths.

The Eugene M. and Christine E. Lynn Library, completed in 1996, is the most academically significant structure on the campus. The library is the center of Lynn’s academic community. Students, faculty and staff converge in the library to take advantage of the many resources and services that support learning at Lynn.

The library’s learning resources include a collection of about 95,000 physical items, including books, journals, magazines, CDs and music scores. The library also has a large collection of popular DVDs, known as The Lynn Parents and Families Collection of Great Movies. The library’s electronic resources are vast. A carefully selected collection of research databases containing 76,000 e-journal titles, biographies, reference books, statistics, images, and more is accessible through the library Web site. The library also has more than 99,000 e-books that are accessible via the Web.

Lynn students use the library’s 100 computer workstations in addition to the availability of wireless access throughout the building. The Coleman Computer Center, located at the front of the library, is open 24 hours a day, seven days a week. The Perper Lounge, located adjacent to The Coleman Computer Center, is also available twenty-four hours a day, seven days a week.

In addition to the library’s services and learning resources, the building is home to the offices of the president emeritus, the vice president for academic affairs, the academic dean, Eugene M. and Christine E. Lynn College of International Communication, The Center for Innovation in Instruction and the Institute for Distance Learning.

Additional resources are available through Lynn Library’s membership in SEFLIN (Southeast Florida Library Information Network), providing students with direct access and borrowing privileges in regional academic libraries with holdings in excess of 20 million items.

Louis and Anne Green Center for the Expressive Arts is located west of the Schmidt College Center. This facility includes the Harold and Mary Perper Multimedia Teleconferencing Center, Student Administrative Services, Office of the Registrar, General Counsel, Employee Services, Information Technology, Purchasing and Accounts Payable, and the Office of the Vice President for Finance.

The Rolland A. and Lullis M. Ritter Academic Center, located west of the de Hoernle International Center, is a classroom complex housing faculty offices for the College of Business and Management as well as classrooms specifically dedicated to each major program within this division.

The HCCDI’s aim is to: 1) assist students and alumni in making sound career plans based on their beliefs and values, skills and aptitudes, interests, personality traits, and knowledge of the world of work, 2) facilitate career opportunities, 3) provide students and alumni access to state-of-the-art technologies, and 4) promote continuous professional and personal growth opportunities for students and alumni. The HCCDI partners with Lynn University faculty and staff to create career programs that meet the needs of our diverse student population. Students and alumni are encouraged to make a private consultation appointment to discuss their education and career planning by calling the HCCDI directly at 561-237-7286.
Chapter IV.
Admission

General Information

Lynn University welcomes and evaluates applications on a rolling basis. The following is an overview of general admission policies. Further questions concerning enrollment procedures should be directed to the Office of Admission at 561-237-7900 or (admission@lynn.edu). Lynn University does not discriminate on the basis of race, color, gender, religion, nationality, ethnic origin, disability and/or age in administration of its educational and admission policies, scholarship and loan programs, athletic and/or other school-administered programs.

Visitors Are Welcome

All prospective students and their parents, guardians, families and friends are encouraged to visit Lynn University. The recommended time for high school students to see the university is during the spring semester of their junior year or during the fall semester of their senior year. Although campus interviews are not required, they are strongly encouraged. It is recommended that visits be scheduled while the university is in session and students are on campus, although visitors are welcome throughout the year. Students are requested to write, e-mail, schedule or call the Office of Admission in advance of their visits.

I. UNDERGRADUATE DAY DIVISION

First-Year Students

Application Procedures

Lynn University encourages high school students to apply during or before the fall semester of their senior year. Applicants must submit all of the following:

- Completed application form including the personal statement and any required supplements [www.lynn.edu/applynow]. Lynn University also uses Common Application and Universal College Application.
- Official transcripts indicating all secondary school course work and graduation dates or GED score report.
- Official SAT or ACT scores. Lynn University’s school code for the SAT is 5437; the school code for the ACT is 0706.
- Letter of recommendation from a school guidance counselor or teacher. The recommender should comment on the student’s determination and motivation in addition to academic performance.
- $35 nonrefundable application fee.

Once all records are received and reviewed, the university will notify applicants of their admission status. The timeline in most cases for admission decisions is four to six weeks. Upon admission to Lynn University, students will receive an evaluation of transfer credits provided by the Office of the Registrar. Admitted applicants should submit a deposit to reserve a place in the class. This deposit is credited to the student’s account and is nonrefundable after May 1 for fall semester applicants.

In general, transfer credits will be granted for all work completed in comparable courses with a grade of C or better at other accredited colleges or universities. Credit will not be given for developmental courses that are intended to prepare a student for college-level work. Transfer students must complete a minimum of 30 credit hours at Lynn University.

International Students

International students are important and vital members of the Lynn community; they comprise a significant portion of the student body and represent more than 80 countries.

International applicants are classified into two categories:

- A citizen of a country other than the United States who holds a passport from that country.
- Any U.S. or non-U.S. citizen whose permanent home address is outside of the United States.

Transfer Students

Application Procedures

A transfer student is someone who has attended another college or university after graduating from high school. Transfer students are welcome at Lynn University, and every effort is made to make the transfer of credits and completion of the degree requirements as easy as possible. Students with fewer than 12 transferable credits will be considered only if they submit high school records and testing. Applicants must submit all of the following:

- Completed application form including the personal statement and any required supplements [www.lynn.edu/applynow]. Lynn University also uses Common Application and Universal College Application.
- Official transcripts from the candidate’s current college and from all previous colleges/universities attended.
- Letter of recommendation from the dean of students at the candidate’s current or last school attended.
- $35 nonrefundable application fee.
- High school transcripts and SAT or ACT scores are not necessary if 12 or more transferable college credits have been successfully completed with a C average or better.

Once all records are received and reviewed, the university will notify applicants of their admission status. The timeline in most cases for admission decisions is four to six weeks. Upon admission to Lynn University, students will receive an evaluation of transfer credits provided by the Office of the Registrar. Admitted applicants should submit a deposit to reserve a place in the class. This deposit is credited to the student’s account and is nonrefundable after May 1 for fall semester applicants.

Credit will not be given for developmental courses that are intended to prepare a student for college-level work. Transfer students must complete a minimum of 30 credit hours at Lynn University.
International First-Year Students

Application Procedures

Applicants must submit all of the following:

- Completed application form including the personal statement and any required supplements (www.lynn.edu/applynow). Lynn University also uses Common Application and Universal College Application.
- Official transcripts from each secondary school attended and official report of scores from all national school leaving examinations, if applicable. All educational documents must be accompanied by original English translations, and documents submitted must carry the seal or stamp of the issuing educational institution. Uncertified photocopies are not acceptable.
- Official SAT or ACT scores. Lynn University’s school code for the SAT is 5437; the school code for the ACT is 0706.
- Letter of recommendation from a counselor, class tutor or career advisor. The recommender should comment on the student’s determination and motivation in addition to academic performance.
- Official TOEFL or IELTS test scores if English is not the applicant’s first language. Applicants with TOEFL scores of 525 (paper-based), 213 (computer-based) or 71 (Internet-based) or with IELTS scores of 6.0 will be considered for admission. Transfer students must complete a minimum of 30 credit hours at Lynn University.
- Copy of the biographical page of the applicant’s passport. Note: This requirement does not apply to U.S. Citizens or U.S. Permanent Residents who are required to submit a notarized copy of their Permanent Resident Card (green card).
- Completed Certification of Finances form accompanied by a bank statement with the official bank seal or stamp.
- $35 nonrefundable application fee.

Once all records are received and reviewed, the university will notify applicants of their admission status. The timeline in most cases for admission decisions is four to six weeks. Upon admission to Lynn University, students will receive an evaluation of transfer credits provided by the Office of the Registrar. Admitted applicants should submit a deposit to reserve a place in the class. This deposit is credited to the student’s account and is nonrefundable after May 1 for fall semester applicants.

Credit will not be given for developmental courses that are intended to prepare a student for college level work. Transfer students must complete a minimum of 30 credit hours at Lynn University.

The I-20 Form

Accepted international students requiring an F-1 student visa must meet all of the requirements outlined above. Once all of the necessary documents have been received, students will be issued the I-20 Form (Certificate of Eligibility) by the Coordinator of International Student Life. This form, as well as a valid passport and financial certification must be presented at the nearest U.S. Embassy or Consulate in the student’s country of residence to obtain the required F-1 student visa for study in the United States.

Institute for Achievement and Learning

In addition to the general admission application requirements, applicants wishing to enroll in the Institute for Achievement and Learning (IAL) must also submit:

- Current (within three years) psychoeducational testing (such as WISC/WAIS). (All testing is housed confidentially by the Institute for Achievement and Learning.)

The final decision for acceptance into the Institute for Achievement and Learning (IAL) is made by the Office of Admission based upon review and recommendation by professional staff of the IAL. The timeline in most cases for admission decisions is four to six weeks after all documents have been filed.

Conservatory of Music

In addition to the general academic requirements for admission to Lynn University, applicants to the Conservatory of Music require an audition as well as the Lynn Music Supplement (PDF format). For information about auditions, refer to the Conservatory of Music Web site (www.lynn.edu/music) or call the university directly.

Wait List

While final decisions about all students cannot always be made immediately, the university does offer some students the opportunity to be placed on a wait list. These students may be admissible later in the process if space permits or they submit additional documents. Students who are offered a chance for additional review must reply
by May 1 to be considered. Final answers will be offered after May 20 for fall semester admission.

Additional Admission Procedures and Contact Information

Admitted applicants should submit a deposit to reserve a place in the class. This deposit is credited to the student’s account and is nonrefundable after May 1 for the fall semester. The Office of Admission confirms receipt of the admission deposit in writing. The New Student Enrollment Guide that is sent to admitted applicants contains valuable information and important materials that will need to be reviewed carefully. There are several forms that must be filled out and returned to the dean of students prior to arrival for orientation. If questions arise prior to their arrival on campus, students are encouraged to contact the appropriate offices at any time.

Placement and Testing

Advanced Placement (AP)

Lynn University welcomes applicants who have taken College Board Advanced Placement examinations. Students with a score of 3 or higher on an official AP exam will be awarded credit upon receipt of official AP score report from the College Board. Actual course equivalency will be assigned by the appropriate college dean. Other advanced programs may be considered for credit on an individual basis and with proper documentation. AP information is available on the College Board Web site (www.collegeboard.org).

College Level Examination Program (CLEP)

University credit also may be earned by taking the College Level Examination Program (CLEP) tests. Students may earn up to 30 credits from the general examination. CLEP information is available on the College Board Web site (www.collegeboard.org).

Music Placement Exams

Placement exams are given in music theory, solfège, ear training, music history and secondary piano (or keyboard skills for pianists) to determine placement of students in appropriate classes and to award credit for those courses in which students meet the minimum requirements. Placement testing in music history pertains only to transfer students. Students can earn degree credit for successfully passing placement exams. Placement exams are held during fall orientation and at the beginning of the spring semester if needed. Placement exams may be taken only once by each student.

International Baccalaureate (IB)

Lynn University reviews, evaluates and accepts International Baccalaureate (IB) higher level credentials for possible transfer credit on an individual basis in the context of a student’s proposed area of study. The credit amount and placement level are subject to approval by the appropriate college. Course credit is generally granted for each higher level examination passed with a score of 4 or higher in courses comparable to Lynn University courses and appropriate to the degree program. Credit is awarded only for courses at the higher level; no credit is awarded for IB standard level examinations, regardless of the scores earned. Lynn University recognizes the academic excellence of students participating in the IB program, and students who receive a full IB diploma with a score of 30 or higher may receive 30 credit hours and sophomore standing.

Additional Admission Options

Early Admission

Students who wish to enter Lynn University directly after the 11th grade may apply for Early Admission if their guidance counselor recommends such action and their school permits. Students wishing to pursue this option should consult with the Office of Admission early in the 11th grade.

Dual Enrollment

Lynn University’s Dual Enrollment Program offers high school juniors and seniors an opportunity to take undergraduate day courses for college credit. Admission requirements include: high school junior or senior status, a GPA of 3.0 or higher, recommendation by the high school principal or his/her designee and a Dual Enrollment Program application. Students may earn up to seven credit hours per semester and must maintain a minimum GPA of 2.0. Students in the program have access to Lynn University resources, including the library. Students’ grades will be posted to official Lynn University transcripts and be available for transfer to other colleges and universities. Tuition for this program is offered at a reduced rate.

Honors Program

Students who are highly motivated and seek an enriching academic experience may apply for the Honors Program. Accepted candidates experience an innovative curriculum encompassing the full breadth of the liberal arts and sciences. The curriculum permits in-depth exploration as well as broad intellectual synthesis. Rigorous honors courses are coupled with integrative, interdisciplinary seminars and individualized projects.

Institute for Achievement and Learning

The Institute for Achievement and Learning (IAL) offers students with learning differences an extraordinary opportunity to excel at the college level. The menu of academic support services provides motivated students with learning differences the additional support they need to achieve and maintain academic success and earn a university degree.

The Institute provides students with academic coaching, a separate testing area, extended time for examinations (including other approved accommodations on exams), specialized core courses with a low student-to-teacher ratio and one-on-one tutorials in most subject areas. Specialized courses are taught by professors who have been trained in learning style differences, classroom management techniques and assessment strategies, in addition to having expertise in their academic fields. These Institute-trained professors, called Institute Fellows, use the same syllabi and teach the same content that is taught in similar courses offered to all students at Lynn University.

All freshmen formally accepted into the IAL are required to enroll in a dialogue course entitled Self as Learner, a three-credit course. This course is diagnostic in nature and focuses on the
III. GRADUATE DIVISION

General Information

The graduate programs at Lynn University focus on career and professional development, application of knowledge bases, clarification and development of professional and personal values, and the enhancement of intellectual and professional skills. As such, the graduate programs reflect increasing levels of complexity, requiring students to analyze, examine, question, synthesize and conduct research; to think creatively and problem solve; to develop appropriate communication and information technology skills; and to engage in active, collaborative and individual learning activities.

The graduate programs are organized within several colleges or are interdisciplinary. Each college is headed by a dean and has a program coordinator. The various graduate units cooperatively seek students whose maturity, academic ability, motivation and discipline qualify them for admission into the graduate programs of Lynn University.

Admission to a graduate program is based on submission of all required documents, including the Graduate School application. Each graduate discipline requires specific skills, documents and testing, depending upon the focus of the program. Undergraduate prerequisites are required for specific programs, including the M.B.A. and the M.Ed. The Office of Admission or the graduate departments will guide applicants in meeting the requirements for individual graduate degrees (www.lynn.edu). Also, students should consult the departmental listings in this catalog.

It is the student’s responsibility to ensure that all required application materials are forwarded to the Office of Admission in a timely manner. If required, test scores must be received directly from the testing organization. All graduate applicants must submit undergraduate and graduate transcripts of all academic coursework attempted. Transcripts must be official and sent directly from the issuing institution. Letters of recommendation will only be accepted if they are written by a supervisor or professor. Doctoral candidates have additional requirements including a personal interview.

International Graduate Students

Application Procedures

In addition to all of the application requirements for graduate certificate, master’s and doctoral degree programs, international graduate applicants must also submit:

- Official test results of the TOEFL (Test of English as a Foreign Language) or IELTS if English is not the applicant’s first language. Applicants with TOEFL scores of 500 (paper-based), 173 (computer-based) or 61 (Internet-based) or with IELTS score of 6.0 will be considered for admission.
be considered (not required for Professional Performance Certificate applicants).

- Copy of the biographical page of the applicant’s passport. Passport must be valid for at least a six-month period prior to the enrollment date.
- Completed Foreign Student Financial Statement, along with a Certificate of Finance letter from a financial institution on official letterhead. Note: This requirement does not apply to U.S. resident aliens, who are required to submit a notarized copy of their green card.
- Transfer Eligibility Form from students currently studying in the United States on an F-1 visa.

The I-20 Form

Accepted international students requiring an F-1 student visa must meet all of the requirements outlined above. Once all of the necessary documents have been received, students will be issued the I-20 Form (Certificate of Eligibility) by the Center for Global Education and Citizenship. This form, a valid passport and financial certification must be presented at the nearest U.S. Embassy or Consulate in the student’s country of residence to obtain the required F-1 student visa for study in the United States.

Graduate Financial Aid

- International students are not eligible for U.S. federal or state aid.
- U.S. citizens and resident aliens may apply for all U.S. subsidized financial aid programs by visiting www.fafsa.ed.gov. Lynn University's FAFSA Code is 001505. Questions regarding financial aid may be directed to the Student Administrative Services Office at 561-237-7185 or financialaid@lynn.edu.
- A limited number of graduate assistantships are available, and the selection process is very competitive. Interested students should contact the Office of Student Administrative Services (561-237-7185) to apply.

Non-Degree-Seeking Students

Application Procedures

Applicants must submit all of the following:

- Completed graduate application form and $50 nonrefundable application fee.
- Official transcripts with proof of an earned bachelor's degree from an accredited or internationally listed university.
- Additional documents may be required, and the applicant will be notified accordingly.

Note: Non-degree enrollment is limited to a maximum of nine credit hours, with the exception of those individuals seeking an ESOL endorsement.

Graduate Re-enrollment

Please refer to page 44 for information regarding re-enrollment.

IV. ADDITIONAL ADMISSION INFORMATION

As a learning centered institution, Lynn University welcomes students from a variety of academic backgrounds and abilities.

Although Federal Law prohibits the university from requesting information regarding learning disabilities prior to admission, if the applicant chooses, he/she can voluntarily make pre-admission disclosure. Every effort is made to enhance each student’s learning experience and chances for success.

If the applicant believes that there is any other information that would assist the admission staff in evaluating his/her academic record, the applicant may provide that information to the Office of Admission. This information will be included in the student’s file.

Note: Please see page 43 for specific academic policies regarding ADA policies and procedure.

Reservation Agreements

Students enrolling at Lynn University do so with the understanding that they are in agreement with, and subject to, the following reservations by the university:

- Lynn University reserves the right of final decision in accepting candidates for admission. The student is subject to dismissal for submitting false or misleading information.
- The university reserves the right of final decision regarding course requirements for any degree program offered by the university and the content of individual courses.
- Enrolled students will abide by all Lynn University regulations and comply with all local, state and federal laws. The university reserves the right to suspend or dismiss students for violations of regulations. In such instances, tuition and fees paid to the university will not be refunded.
- Attendance at Lynn is a privilege granted solely by the university. The university reserves the right to withdraw, dismiss or suspend at any time a student whose conduct is deemed inconsistent with the standards, policies, rules and regulations of the university.

Notice: Lynn University makes every effort to assure completeness and accuracy in the catalog. However, due to the inevitable changing nature of listings and policies from year to year, possible errors, misprints or omissions may occur, for which the university shall not be held liable.

The provisions of this catalog are not to be regarded as an irrevocable contract between the student and the university. The university reserves the right to change any provision or requirement, including fees, contained in this catalog at any time with or without notice.
I. UNDERGRADUATE INFORMATION

All student charges must be paid in full before the student is allowed to register or attend classes. ALL STATEMENTS OF ACCOUNT ARE DUE AND PAYABLE IN FULL ON OR BEFORE THE DATE SHOWN ON THE STATEMENT. Since the university incurs many expenses of a continuing nature, such as salaries and maintenance, it is essential that the annual income from tuition and fees be assured in order to plan and maintain these services over the entire academic year. For this reason, it is understood that students are enrolled for the entire academic year or such portion as remains after the date of entrance. Furthermore, the university will not grant a degree or issue transcripts until all financial obligations have been satisfied. The university reserves the right to change, with or without notice, any of the fees printed in this catalog, and increases should be expected in subsequent years.

Room and board should be paid as early as possible to ensure a room assignment. Rooms are assigned on a first-come basis. A waiting list may be generated for special rooms. All tuition, room and board charges, and fees for the Fall 2010 semester, as well as all other fees, are due no later than Aug. 2, 2010, and for the Spring 2011 semester by Dec. 1, 2010.

Financial aid from third parties will not arrive before the expiration of prepayment deadlines. Therefore, individuals who would like to receive the tuition discount must pay the full tuition within the specified time frame and wait for a refund that will be generated by the receipt of financial aid. Institutional aid awarded by Lynn University will not be considered prepayment of tuition when computing the tuition discount.
Lynn University Payment Arrangements

Evening Program Discount Plans

Family Discount—Applies to immediate family members who are enrolled in credit-bearing classes during the same term. Two family members—10 percent discount for each. Three family members—15 percent discount for each. The discount is applied against the balance of payable tuition. This is available for the day and evening programs.

Early Payment Discount—Applies to evening students who have paid in full 30 days before the term commences. Registered for one class—$50 discount. Registered for two classes—$100 discount.

Lynn University Payment Plan (undergraduate evening program only)—One-third tuition at the beginning of the term, one-third tuition in the middle of the term and one-third tuition at the end of the term. Processing fee is $50 and is due at the beginning of each term in which the payment plan is utilized.

Corporate Reimbursement—All students on the corporate reimbursement program will be required to pay 50 percent of the tuition at the beginning of the term. The remainder will be due three weeks after the end of the term. The student must provide proof that he or she is eligible for corporate reimbursement from his or her employer before he or she can be enrolled in this program.

Evening Undergraduate Criminal Justice Grant—Evening undergraduate students majoring in Criminal Justice may qualify for a scholarship reduction of $55 per credit hour from the usual tuition of $305 per credit hour. The scholarship rate of $250 per credit hour is available if the applicant meets one of the following criteria: is sworn as a law enforcement officer for a municipal, state, or federal agency or is employed in the administration of police or security work at the municipal, state, or federal level or through a private agency engaged in the protection of life or property. For scholarship approval, the student must submit a current employment verification letter to the Office of Student Administrative Services each year.

Statement of Accounts

No paper statements are mailed to the student. Students will receive an e-mail to their Lynn e-mail address when their statement is available for viewing. Students may authorize their parents to receive the e-mail by setting them up with a password under the MyLynn Financial tab.

Submitting Payments

Payments are accepted in cash, check, money order, credit card or electronic wire transfers in U.S. dollars only. Credit cards that are accepted: MASTERCARD, AMERICAN EXPRESS and DISCOVER. Please include the student’s Lynn University identification number with all payments. Payments may be submitted by:

By Mail: By Internet: www.lynn.edu/ebill
Cashier By Wire: Bank of America, Boca Raton, FL
Lynn University Routing transit #: 0260-0959-3
3601 North Military Trail Lynn University Checking account #: 005446423293
Boca Raton, FL Swift Code: BOFAUS3N
33431

To help ensure that the appropriate student’s account is credited on a timely basis, include the student’s name and Lynn University student identification number on wiring instructions; fax confirmation to the Office of Student Administrative Services at 561-237-7189.

Credit Card Payments

Payments made by credit card are only available online and will incur a 2.75 percent convenience fee. This will appear as a separate charge on your credit card statement.

Wire Payments

Funds received through a wire must be for the amount due on the student account. If payment is received that exceeds the amount due, these funds will be credited to a future semester to cover anticipated tuition and related fees. If a refund is requested by the family, it will be refunded only to the issuing party, using the same wire instructions as the original disbursement.

Monthly Payment Program

Parents who prefer to pay educational costs out of their monthly income may do so through Tuition Pay at 1-800-635-0120 or www.tuitionpayenroll.com.

Note: This is only offered to day students.

Tuition Refund Plan

Lynn University has arranged with A.W.G. Dewar, Inc. to offer the Tuition Refund Plan to day students and parents to minimize the financial burden of losses incurred when a student suffers a serious illness or accident and has to leave Lynn before completing the semester. These circumstances usually mean the loss of time invested in studies and the loss of the semester’s costs. This insurance program provides full coverage for tuition and room and board charges.

The plan’s coverage is designed to extend the university’s published refund policy. If a student withdraws because of a medical/physical illness or accident, the plan returns 100 percent of the insured semester tuition as well as room and board. If a student withdraws because of a medical/psychological illness, the plan returns 60 percent of the insured semester tuition as well as room and board provided they are confined in a hospital for two consecutive days during the term and the student has completely withdrawn from all classes for any condition whose diagnosis is found in the DSM-IV Manual.

Note: This plan is only available for day students and must be purchased prior to Aug. 27, 2010.

The cost for the year is a one-time payment of $356 for an on-campus student and $253 for an off-campus student. Returning student families can apply at www.collegerefund.com. If you have any questions, contact A.W.G. Dewar directly at 617-774-1555.

Student Course Load

Day Division undergraduate program students enroll each semester in a minimum nine credit hours to a maximum of 16 credit hours. Approval from the student’s academic advisor and academic dean is required for a student to enroll in more than 16 credit hours per semester. There is a charge for the additional credit hours (overload) at a tuition rate of $850 per credit hour.

Students requesting a special exception to enroll in the Day Division for less than 12 credit hours must receive written authorization from the Registrar. The full-time tuition rate is $14,700 per semester.

Drop/Add Process/Overload

Students are permitted to drop/add prior to the beginning of the term without any penalty toward the regular daytime tuition charge. Once the term has begun, fees will be assessed. Additional changes will be determined by the end of drop/add process by the following dates:
Day Students: Sept 3, 2010
Jan. 6, 2011
May 16, 2011

By the above dates, students will be billed for the credits as of this date for the remainder of the semester. Any courses added subsequently will be assessed at the full rate. Drops will not be permitted after these dates for that term, but the student may wish to withdraw from the course. In those instances, there will not be any credit assessed on fees.

Evening Undergraduate Students: On the first day of the term, the tuition is fully charged for all courses enrolled. If the course is subsequently dropped during the drop/add period, the student will be entitled to a 75 percent credit on tuition on the dropped course. After the drop/add period, all tuition remains as assessed. There will not be any credit assessed on fees for course withdrawals.

Technology Fee (Mandatory)

Resident Student: $250 per semester
Day Student (Commuter): $75 per semester

This fee is for e-mail address and Internet access. E-mail addresses may be obtained from the Information Technology Department located in the Green Center.

Student Services Fee (Mandatory)

Resident or Commuter Student: $500 per semester

This fee is assessed to all students. It covers the use of the library, fitness center and pool. It also pays for intramurals, student activities and student government and provides funds for the Student Finance Committee.

Summer Session 2011

The tuition rate is $850 per credit hour. Students may take up to six credit hours. The Summer internship rate is also $850 per credit hour.

Room and Board Fee

The room and board fee covers the room, residence, electricity, water, maintenance of furniture and 19 meals throughout the week. The student will be able to have three meals a day during each of the designated times throughout the week and twice on each weekend day. All resident students are charged a meal plan whether or not they choose to eat. Students have the option to choose a 14 or 10 meal plan if they are eligible. Commuter students wishing to purchase a meal plan may do so at the cashier's office. The ten-meal plan costs $65 for every ten meals. Unused meals are non-refundable. Student cannot purchase more than one month's worth of meals at a time.

Residence Hall Fees

If a student is locked out of his/her room after the initial lockout, a charge will be assessed to the student's account based on the following scale: second lockout: $25, third lockout: $50 and all additional lockouts: $100 per lockout. Any room change without the written approval of the Office of Residence Life will be subject to a fine of $50 for an improper check-out. Students will be charged replacement costs for the items missing or damaged from their rooms. Students may be charged for damages in common areas that occur during the period they are assigned to a room. If damage occurs and the individual responsible will not come forward or cannot be determined, all residents of the affected living unit may share equally in the cost of repairing damages.

Meal Plan Policy and Procedures

1. Lynn University offers three distinct meal plan options:
   - 19 meals per week with 150 Fighting Knight Flex Points per semester
   - 14 meals per week with 200 Fighting Knight Flex Points per semester
   - 10 meals per week with 250 Fighting Knight Flex Points per semester

2. All resident students must participate in one of the above identified plans.
3. Students with 28 credit hours (earned) or less are automatically assigned to the 19 meal plan option.
4. All resident students with 29 or more credit hours (earned) will be afforded an option to select the meal plan of their choice prior to the start of the fall and spring terms (during the room selection process).
5. Students receiving athletic scholarships in excess of $29,400 are required to participate in the 19 meal per week program.
6. Fighting Knight Flex Points are only redeemable in Knights' Court, Christine's and the Dining Hall.
7. One Fighting Knight Flex Points is equal to one U.S. dollar.
8. The above Fighting Knight Flex Points values are per semester.
9. Unused Fighting Knight Flex Points do not carry over from one semester to the next.
10. Fighting Knight Flex Points are non-transferable.
11. The above plans are offered only in the fall and spring terms.
12. The Fighting Knight Flex Points are non-refundable.
13. Meal plan options cannot be downgraded during a semester (i.e., larger plan to smaller) but can be upgraded (i.e., smaller plan to larger) up to the end of the posted add/drop period in each semester.
14. Matriculated non-residential students can purchase any of the above meal plan options.
15. Meals from the 19, 14 or 10 meal plans cannot be accumulated or carried over to the following week. They can be used in a one-week period starting on Sunday brunch, ending Saturday dinner.
16. Any student plans can be suspended by Office of Student Administrative Services (SAS) for issues relating to student account balances. Students must contact SAS in regards to suspended meal plans.

Lynn University reserves the right to alter these terms and conditions as it deems appropriate.

International Students

International students are required to obtain injury/sickness insurance, which is provided by Cultural Insurance Services International. The estimated cost is $1,020 per year.

Institute For Achievement Program

This program requires the following special accommodations fees for each program component in addition to Day Division Full-Time Undergraduate Program tuition and fees. Entering freshmen students in the Institute for Achievement are required to be enrolled for the full year in Institute A, which includes their first and second semesters.

<table>

Non-freshmen students required to be in the program for the full year have until the end of the add/drop period to request to be reviewed to be withdrawn from the program in order to receive a full Institute for Achievement Program refund. After the drop/add period ends, there will not be any refund. Students enrolled in six credits or less will be charged one-half the Institute A or B semester rate, depending on their status.

Miscellaneous Fees

Course Audit Fee

The audit fee per course is $650.

Laboratory Fees

Laboratory fees are charged for the use of computer labs and certain other lab courses and texts as listed in course descriptions and
semester/term class schedules. Required field trips also are included. Fees per lab range from $30 to $750.

Transcript Fee

There is no charge for an official transcript. These costs are covered by the Alumni Fund. Lynn University encourages all students to donate to the fund so that this service can be offered to future students. All student accounts must be current before a transcript can be issued.

Lynn OneCard

Lynn University requires that all students have an identification card. The card also serves as a debit/credit card. The university has contracted with Higher One, Inc. The Lynn ID card is designed to provide the following services:

- Meal plans.
- Prepaid debit/credit card sales through a MasterCard (on or off campus).
- Self-inquiry/identification.
- Library card.
- Housing access, for those rooms equipped for card entrance.
- Access to the campus after hours.

All new students will have a card mailed to their home. It is the student's responsibility to activate it. The student can also choose to open a free checking account with Higher One. All student refunds are also processed through the Lynn OneCard. All students must pick a refund method online. The three options are:

1. Crediting the Higher One checking account electronically.
2. Crediting a different bank account.
3. Receiving a paper check.

All three options have varying time periods. Students should visit the Web site www.lynnonecard.com to update this information.

The Lynn OneCard is only for the student. The student is not to give it to anyone else at any time.

To protect cardholders, university and dining staff will examine ID cards when presented to confirm that the card is being used by the person to whom it was issued.

Student's Responsibility

- Students will be responsible for any activity, service, privilege or sale transaction occurring on their card if it was loaned or given to another person.
- The card must be presented upon request by a university official.
- It is never to be used as collateral.
- Lost or stolen cards need to be reported immediately, either on the Web or by calling Higher One.
- The Lynn OneCard site is www.lynnonecard.com.

Credit Balance Refunds

Any student account that has a credit balance on the account is eligible to have a refund processed. Families may choose to have the credit placed toward a future term or request that it be applied to the student's Lynn OneCard. All refunds will be processed through Higher One (Lynn OneCard) and made payable to the student.

Cards can be applied for through the Campus Card Office located in the Green Center. Refunds normally require one to two weeks for approval and processing, from the time the credit is available on the account.

Students must complete a Refund Request form for each refund. The form is located on the Web at www.lynn.edu/financialaidforms or in the Office of Student Administrative Services located in the Green Center.

Lost Identification Card

An identification card (Lynn OneCard) is required for all students. It must be presented at any office for assistance, at the library, for classroom and dining hall entry, and to security for after-hours campus entry. It is critical that students carry their IDs at all times. A lost or damaged card can be replaced with a $25 fee. Students must go to the cashier to make their payment. If the lost card is found, please return it to the Campus Card office, as it will no longer be valid on campus.

Late Payment Fee for Preregistered Students

All Day Division students who are preregistered for courses must pay their student accounts by Aug. 2, 2010, for the Fall 2010 semester, by Dec. 1, 2010, for the Spring 2011 semester and by April 22, 2011 for the summer 2011 term. If payment is not received by the due date, there will be a late payment fee of $50 assessed to the account for fall or spring semesters or $100 for the summer term.

Finance Charges

A finance charge will be computed at the rate of 10 percent per annum on the unpaid balance of each student's account at the end of the preceding month, less any credits applied and payments received during that preceding month.

Financial Policy

If a student's account shows a past due balance of any nature, the university will not issue a transcript, diploma, certificate or recommendation to that student and will not allow the student to enroll for subsequent terms until the student's account is paid in full or until satisfactory arrangements are made with the Office of Student Administrative Services to resolve the indebtedness. Indebtedness is defined as any money or property owed to the university for any reason (i.e., lab fees, library fines, parking fines, unreturned health supplies or athletic equipment, etc.). Students are responsible for checking with the Office of Student Administrative Services on questions of indebtedness.

The university may utilize the services of a collection agency to collect any amount past due and the student will be charged an additional amount equal to the cost of collection fees including fees and expenses incurred by Lynn University.

Books

Textbooks may be purchased in the university bookstore with cash, check, credit card or the Lynn OneCard. A large selection of school and personal supplies is also available.

Graphics, Films and Video Supplies

Students matriculating in the College of International Communication and majoring in programs in Graphics and Visual Communications as well as Film and Video, may incur additional incidental expenses for production supplies. Normally, those expenses will not exceed $200 per semester.

Flight Training Expenses

Students who elect the Flight Option will receive their ground school instruction on campus as part of the regular curriculum (i.e., Primary, Instrument and Commercial Flight Theory). Flight training is conducted at the nearby Boca Raton Airport under Part 141 of the CFRs. New students who elect the Flight Option in September will begin flight training approximately two to three weeks into the fall semester. Expenses are paid directly to Lynn University.

Flight training expenses can differ considerably from student to student because of varying proficiency levels. Therefore, estimated flight training costs are based upon what is considered a reasonable average of instructional hours for the majority of flight students. These costs reflect current flight instruction fees and aircraft rental rates, and are subject to change without notice.

Flying Rates are based on $134 per hour for the C-172, $345 per hour for the DA-42, $45 per hour for the instructor and $80 per hour in the flight training device.

Federal Aviation Administration Designated Flight Examiners will administer all check rides. The examiner will collect a fee for the ground and air evaluations and all certificate paperwork.

Please visit www.lynn.edu or call for the current fees.

### Flight Training Deposit

Students electing to obtain their flight certificates through the Burton D. Morgan School of Aeronautics must place a $2,000 deposit on their flight training account specifically for flight training prior to beginning flight training in each certificate. Students may use this deposit to cover flight training costs. The student does not need to keep the full deposit amount on account. Any portion of the flight training deposit not used for flight training is fully refundable.

The curriculum lists the flight theory and related flight training course work in the first two years.

Students are not bound by this schedule and may complete their ratings at any time prior to graduation. However, students should schedule their flight training courses to coincide with the related ground school courses and should note that not all ground school and flight training courses are available every semester.

A new Flight Option student who already has a pilot’s certificate and rating(s) can apply for and receive credit for equivalent courses in the curriculum. However, prior to the award of any credit, the chief flight instructor will administer the standard Part 141 diagnostic evaluation to determine whether any review (ground school or flight) is necessary. The flight school director has final authority over all flight-related credit awards. Students enrolling in Lynn University and pursuing pilot certificates and ratings outside the university’s flight program will not receive credit for any equivalent flight courses in the curriculum.

Students are required to obtain personal liability coverage to protect them from liability costs that may occur as a result of operating an aircraft. No student will be allowed to fly until proof of liability coverage is placed in the student’s record at Lynn University.

### Computer Procedural Training Device (CPTs)

Students in the Flight Option who are enrolled in any of the three flight training courses may utilize the CPTs as required by the instructor. A lab fee will apply in accordance with the following scale:

#### Course Lab Fees

- AVM 120 Primary Flight Theory and Training, Solo $100
- AVM 121 Primary Flight Theory and Training, PPL $100

Payment of the appropriate lab fee will entitle the flight student to use the CPTs during private pilot training at no additional charge. During instrument training, the student may use the CPTs as required by the syllabus at a discounted rate.

Payment of the appropriate lab fee will entitle the flight student to use the CPTs as required or recommended by the instructor, at no additional charge. If, however, the instructor determines the student needs instruction on the CPT to prepare for the next flight lesson, the appropriate instructor fee will apply. When using an instructor not employed by Lynn University, however, a $30 per hour fee will apply.

### Day Division Refund Policy

In cases of withdrawal from the university, a student must file a Request for Withdrawal form that establishes the date to which the university refund schedule applies. It is also the student’s responsibility to make a written refund request to the Office of Student Administrative Services before refunds will be made.

**Observations**

REFUNDS ARE CALCULATED ON THE BASIS OF TOTAL SEMESTER CHARGES PAYABLE AFTER DEDUCTIONS FOR NONREFUNDABLE FEES AND OTHER NONREFUNDABLE FEES SUCH AS LAB FEES, SERVICE AND TECHNOLOGY FEES.

If a student withdraws prior to 60 percent of the term, all Lynn University grants and scholarship funds will be prorated to the university accounts. This policy may result in a financial obligation that is payable to the university at the time of a student’s withdrawal.

### Return of Title IV Funds Policy

Title IV funds affected by this policy include: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Direct Stafford Loan, Federal Direct Unsubsidized Loan, Federal Direct PLUS Loan, Academic Competitive Grant, TEACH Grant, S.M.A.R.T. Grant and Federal Perkins Loan. Title IV funds are awarded to a student under the assumption the student will attend school for the entire period for which the assistance is awarded. When a student withdraws or when stops attending all of his or her classes for a three-week period, the student may no longer be eligible for the full amount of Title IV funds that the student was originally scheduled to receive.

The university is required to calculate a “Return to Title IV Refund Calculation” if the student has stopped attending or withdrawn prior to completion of 60 percent of the term.

If Title IV financial aid has been used to pay for all or any portion of these charges, financial aid program funds will be reimbursed to the appropriate agency in accordance with a formula required by federal regulations. Unearned Title IV funds will be returned to the Title IV Programs based on the number of days not attended. The order of refunds will be: Federal Direct Unsubsidized Stafford Loan, Federal Direct Subsidized Stafford Loan, Federal Perkins Loan, Federal Direct PLUS Loan, Federal Pell Grant, Federal Academic Competitiveness Grant, Federal S.M.A.R.T., Federal SEOG, Federal TEACH Grant and other Title IV aid programs.

This policy may result in a financial obligation that is payable to the university at the time of a student’s withdrawal or when the school determines the student has stopped attending classes.

Example: Student receives a Federal Pell Grant for $2,000 and a Federal Direct Stafford for $1,930 for the semester. Student attends three weeks into the term. This represents only 20 percent attendance of the term. Therefore, a Return to Title IV Calculation must be computed. Student would lose $1,930 for their Federal Direct Stafford Loan and $1,214 of their Federal Pell Grant. The student will owe this amount to the university as charges would not be adjusted after 25 days into the semester.

### Leave of Absence (LOA)

The student may request a medical Leave of Absence from study in an undergraduate degree program. The student must receive
approval from the dean of students. Each student may request up to one year of leave. If the student is a federal loan recipient and fails to return within 180 days, Lynn is required to return the funds to the appropriate lenders at that time and this will also cause the expiration of the student’s loan grace period.

**Undergraduate Evening Refund Policy**

Students receive 100 percent of the tuition paid if they drop courses prior to the date publicized as the first day of the term. For courses dropped during the first week of the term (add/drop) period, students receive 75 percent of the tuition. There is no refund after the first week of the term.

**Undergraduate Evening Withdrawal**

Withdrawals from Evening Division classes must be accomplished through the Office of the Registrar and are only permitted through the seventh (7th) week of a term. It is the student’s responsibility to submit a Course Withdrawal Form. THERE IS NO REFUND AFTER THE FIRST WEEK OF THE TERM.

When a withdrawing student has been awarded financial aid and the student withdraws prior to completing 60 percent of the term, and if Title IV financial aid has been used to pay all or any portion of the charges, the financial aid program funds will be reimbursed to the appropriate agency in accordance with a formula required by federal regulations. Unearned Title IV funds will be returned to the Title IV programs based on the number of days not attended. The order of refunds will be: Federal Direct Unsubsidized Stafford Loan, Federal Direct Subsidized Stafford Loan, Federal Perkins Loan, Federal Direct PLUS Loan, Federal Pell Grant, Federal SEOG and other Title IV aid programs. Students enrolled in only three credits each in the evening term will have a Title IV calculation computed on two terms.

If a student withdraws prior to 60 percent of the term, all Lynn University grants and scholarship funds will be prorated to the university accounts. This policy may result in a financial obligation that is payable to the university at the time of a student’s withdrawal.

**Evening Division Enrollment Requirements for Financial Aid**

For undergraduate and graduate degrees, a minimum of three credits hours is required in a given term; however, the student must register for two consecutive terms. A student must stay enrolled in at least three credits each consecutive term thereafter to maintain in-school status for the loan programs. Maintaining in-school status refers to not going into repayment. It does not indicate that a student can be enrolled in three-credit courses and be eligible for a loan. For the Florida Programs (Florida Resident Access Grant), credit hour requirements are as follows:

- Spring I (January - March) eight weeks 6 credits
- Spring II (March - April) eight weeks 6 credits
- Fall I (August - October) eight weeks 6 credits
- Fall II (October - December) eight weeks 6 credits

Scholarships also are available for evening students. Applications are available in the Office of Student Administrative Services.

**Full-time Classification for Federal Aid Programs**

- Day Undergraduate 12 credits per term
- Evening Undergraduate 6 credits per term
- Graduate Day (Psychology (Music) 9 credits per term
- Ed. D 6 credits per term

**Attendance Policy**

Per federal regulations, the University is required to verify student’s attendance for federal grants and loans, including the Federal Pell Grant and Federal Direct Stafford Loans before they can be disbursed. Delays in receiving your federal funds are possible if the University is unable to confirm attendance information from the Office of the Registrar.

**Financial Aid**

Lynn University participates in most Title IV financial aid programs. The purpose of these programs is to supplement the resources of applicants and their families. Financial aid awards are made on the basis of need, and applicants must file a financial statement reflecting the family’s resources. Since financial aid is limited, applicants are encouraged to apply as early as possible (preferably by March 1 for entrance the following academic year). Tentative awards are made when the student has filed all required forms and the analysis of need has been received from the Federal Processing Center. Aid is generally awarded in a combination of loans, employment and/or grants. Students also are encouraged to apply for state grants or loans open to them and to investigate educational loans from local banks.

**Standards of Satisfactory Academic Progress for Financial Aid – Day and Evening Divisions**

Financial aid is awarded contingent upon the recipient maintaining satisfactory academic standing and progress toward a
Students on financial aid will have their cumulative grade point averages evaluated at the end of the spring semester for Day Division students and in June for Evening Division students each academic year. At that point, students must have a cumulative grade point average of 2.0. If a student falls below a 2.0, for the first time he or she will be placed on financial aid probation for the following academic year. Students will be allowed Title IV financial assistance during the probationary period. A student is removed from probationary status when his or her cumulative grade point average is 2.0 or better. If a student has completed a second academic year of attendance at Lynn University, he or she must have a 2.0 cumulative grade point average at the end of the spring semester for Day Division students and in June for Evening Division students to retain Title IV funding for the following academic year. There is no probationary semester.

Students receiving Title IV funding must complete their degrees within a specific time frame as follows:

**Bachelor's Degree**
- Full-time: 12 semesters (6 years)
- Part-time: 24 semesters (12 years)

**Master's Degree**
- Full-time: 18 terms (3 years)
- Part-time: 36 terms (6 years)

**Ph.D. and Ed.D.**
- Full-time: 15 terms (5 years)
- Part-time: 24 terms (10 years)

Each Title IV recipient must meet a specific measurement of academic progress within the specified time frame as follows:

**Bachelor's Degree**
- Full-time: 20 credits (annually)
- Part-time: 10 credits (annually)

**Master's Degree**
- Full-time: 24 credits (annually)
- Part-time: 12 credits (annually)

**Ph.D. and Ed.D.**
- Full-time: 12 credits (annually)
- Part-time: 4 credits (annually)

Course withdrawal(s) or incomplete(s) are evaluated as non-completed courses and are not counted toward the time frame requirement.

In summary, all students must meet both criteria: a 2.0 grade point average requirement and degree time frame completion in order to continue to receive financial assistance. In essence, at least two-thirds of the courses attempted must be completed each year with the 2.0 or above grade point average.

Repeat courses are evaluated as any other normal course. A student may appeal these standards if there has been undue hardship (i.e., medical, death, divorce). Appeals must be directed to the Office of Student Administrative Services for review by the Financial Aid Committee. Students will be notified by the Office of Student Administrative Services within thirty (30) days of the Financial Aid Committee’s decision.

In addition, specific financial aid programs require the following academic achievements for renewals:

- **Presidential Scholarship, National Merit Finalist Scholarship and Academic Achievement Scholarship** – 3.5 cumulative grade point average at the end of the spring semester.
- **Dean's Scholarship, Merit Scholarship of $12,000** – 3.25 cumulative grade point average at the end of the spring semester.

**Florida Resident Academic Incentive Scholarship, Merit Scholarship of $10,000, Lynn Academic Scholarship, Transfer Scholarship, Academic Grant** – 3.0 cumulative grade point average at the end of the spring semester.

**Lynn University Grant, Spirit Award, Transfer Grant** – 2.75 cumulative grade point average at the end of the spring semester.

**Music Scholarship** – 2.75 cumulative grade point average, a B or better in Applied Music Instrument lessons, and fulfill requirements set forth in the Conservatory Student Handbook.

**Athletic Scholarship** – 2.0 cumulative grade point average each semester.

**Florida Programs** – A renewal student must have a 2.0 cumulative grade point average and have completed 24 credit hours during two semesters (fall and spring). A student is eligible for one probationary year if he or she falls below a 2.0 cumulative grade point average after the end of the spring semester.

The Standards of Academic Progress apply to the following programs:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (SEOG)
- Federal Perkins Loan
- Federal Direct Stafford Loans (Subsidized and Unsubsidized)
- Federal Direct Parental Loan for Undergraduate Students (PLUS)
- Federal Work Study Program
- Federal Academic Competitiveness Grant (ACG)
- Federal Teach Grant (TEACH)
- National Science and Mathematics Access to Retain Talent Grant (SMART)

If a student is unable to meet the above requirements, he or she must contact the Office of Student Administrative Services to investigate if other arrangements are possible.

**Applying for Financial Aid**

1. All applicants for admission are requested to complete a Free Application for Federal Student Aid (FAFSA). This can be done online at www.fafsa.ed.gov.
2. The FAFSA must be returned to the appropriate processing agency. The agency will process this form and send the university a report on what the family can be expected to contribute to the educational costs.
3. Students should make sure that their transcripts and recommendations are on file at the university, because financial aid decisions are not made until students have been accepted to the university.
4. When students have been accepted and the financial analysis has been received from the processing agency, the university determines the financial aid award and notifies the students. If a student wishes to accept the award, he or she must submit a nonrefundable deposit to the admissions office within 15 days. This deposit is credited to the student’s account.
5. Before federal financial aid funds can be credited to a student’s account, information submitted on the FAFSA is sometimes verified. The university is responsible for coordinating this federal verification process. In order to clarify the family’s financial situation, the Office of Student Administrative Services may request a copy of the parents’ and student’s tax returns and other information. All financial aid is awarded on the condition that the above information is provided when requested.

Upon receipt of the information, it is reviewed and compared with the information noted on the need analysis. If this new information changes data previously submitted, a revised financial
aid award may be sent. Timely response to requests will avoid delays in an accurate assessment of need.

**FAFSA Policy**

Lynn University requires all domestic students who receive state and institutional aid to complete the Free Application for Federal Student Aid (FAFSA). It is also required for the Federal Parent PLUS Loan.

**Federal & State Eligibility and Drug Policy**

A federal or state drug conviction can disqualify a student for Federal Student Financial Aid. The student self-certifies in applying for aid that he/she is eligible for federal funds. The student is not required to provide the documentation of the conviction unless the university has conflicting information in the school records.

Convictions only count if they were for an offense that occurred during a period of enrollment for which the student was receiving Federal Student Financial Aid; they do not count if the offense was not during such a period. Also, a conviction that was reversed, set aside or removed from the student’s record does not count. One received when he/she was a juvenile does not count unless he/she was tried as an adult.

The chart below illustrates the period of ineligibility for Federal Student Financial Aid, depending on whether the conviction was for sale or possession and whether the student had previous offenses. (A conviction for sale of drugs includes convictions for conspiring to sell drugs).

### Possession of illegal drugs:

- **First Offense** – one year from date of conviction
- **Second Offense** – two years from date of conviction
- **Third+ Offense** – Indefinite period

### Sale of illegal drugs

- **First Offense** – two years from date of conviction
- **Second Offense** – Indefinite period

If the student was convicted of both possessing and selling illegal drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period.

A student regains eligibility the day after the period of ineligibility ends or when he/she successfully completes a qualified drug rehabilitation program. Further drug convictions will make him/her ineligible again.

Students denied eligibility for an indefinite period can regain eligibility for federal assistance only after successfully completing a rehabilitation program as described below or if a conviction is reversed, set aside, or removed from the student’s record so that fewer than two conviction for sale or three convictions for possession remain on the record. In such cases, the nature and dates of the remaining convictions will determine when the student regains eligibility. It is the student’s responsibility to certify to the university that he/she has successfully completed the rehabilitation program; as with the conviction question on the FAFSA, the student is not required to confirm the reported information unless Lynn has conflicting information in the school records.

When a student regains eligibility during the award year, the university may award Pell, ACG, National SMART, Teach, and Campus-based aid for the current payment period and Direct loans for the period of enrollment.

**Standards for a qualified drug rehabilitation program**

A qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:

- The program must be qualified to receive funds directly or indirectly from a federal, state or local government program, or
- The program must be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company, or
- The program must be administered or recognized by a federal, state, or local government agency or court, or
- The program must be administered or recognized by a federally or state-licensed hospital, health clinic or medical doctor.

A student that undergoes the drug rehabilitation program and is seeking federal aid eligibility must provide a copy of the completed drug rehabilitation program to the financial aid counselor.

**Types of Financial Aid**

Applicants do not apply for the various types of awards individually. The university determines the types and amounts of awards based on the amount of aid available in the various programs and the family’s expected contribution.

**Federal Programs**

**Federal Pell Grant and Federal Supplemental Educational Opportunity Grant (SEOG)**

The Pell Grant is a federal aid program for those with substantial need. The grant may be worth up to $5,350 per year depending on the family's resources and the federal funds actually available. The Supplemental Educational Opportunity Grant provides additional assistance to those with severe need who cannot meet college costs with other forms of aid. The average award is $2,000 per year. The Free Application for Federal Student Aid (FAFSA) is used to determine eligibility for these grants. This is not available to students pursuing a second bachelor’s degree.

**Academic Competitiveness Grant (ACG)**

This is a grant program for full-time undergraduate students enrolled in an eligible program who receive Federal Pell Grants and are U.S. citizens. Students also must have completed a rigorous secondary school program of study and be enrolled in at least a two-year academic program acceptable for full credit toward a bachelor’s degree. The award is up to $750 for the first academic year and up to $1,500 for the second academic year.

**National Science and Mathematics Access to Retain Talent Grant (National SMART Grant)**

This is a grant program for full-time undergraduate students who are enrolled in the third or fourth academic year of an eligible program who receive Federal Pell Grants and are U.S. citizens. An eligible program in the National SMART Grant is one that leads to a bachelor's degree in an eligible major. Students must have at least a 3.0 cumulative grade point average. The award is up to $4,000 for each of the third and fourth academic years.

**Federal Perkins Loan**

The Perkins Loan program provides low-interest loans to students with demonstrated need. Repayment of the loan begins nine months after the student ceases to be at least a half-time student. The university will allocate these loans to those who are most eligible.
Average award is $2,000 per year. This is not available to students pursuing a second bachelor’s degree.

Federal Work Study Program

Under this program, a student is assigned a job on campus depending on financial need and the availability of funds. Students usually work eight to 12 hours per week. Pay rates start at $8 per hour.

All returning students must have completed the six-hour “Earn While You Learn” workshop to continue to be eligible for this program.

Federal Direct Stafford Loan

A Direct Stafford Loan is available to students who demonstrate financial need. The maximum amounts are: $3,500 for a first year undergraduate student; $4,500 for a second year student; $5,500 for a third-year or fourth-year student, and $8,500 for a graduate student. For Stafford Subsidized Loans first disbursed on or after July 1, 2009, the interest rate is 4.5 percent for undergraduate students and 6.8 percent for graduate students. The Federal government pays the interest on the loan as long as the student is enrolled at least half-time and for up to six months after the student graduates or leaves school for any reason.

Eligibility is based on other sources of financial aid received and a parental contribution factor. Applications for this loan are made through a bank that participates in this federal program. Students must complete the Federal Stafford form and the Master Promissory Note available through the Office of Student Administrative Services, or online at www.lynn.edu/loans.

Federal Direct Parental Loan for Undergraduate Students (PLUS)

This loan is not based on financial need but must be within the cost of attendance determined by the university. The amount a parent can borrow is the difference between the cost of attendance and financial aid eligibility. For PLUS loans there will be a fixed rate of 8.5 percent. Repayment begins within 60 days of the full loan disbursement. Parents can choose to defer payments until six months after the student ceases to be at least a half-time student. Application forms are available in the Office of Student Administrative Services. Parents are encouraged to apply online at: www.lynn.edu/loans.

Unsubsidized Federal Direct Stafford Loan

This loan is not based on financial need. A student who wishes to apply for the Stafford Loan program and is not eligible based on financial need, or is only partially eligible, may apply for the full or balance of his/her eligibility through the unsubsidized loan program. There will be a fixed rate of 6.8 percent. The student is responsible for all in school interest, which can be capitalized at the end or paid through the enrollment periods.

The maximum amounts are: $5,500 for a first-year undergraduate student; $6,500 for a second-year student; $7,500 for a third or fourth-year student, and $12,000 for a graduate student. Independent undergraduate students and dependent undergraduate students whose parents are denied for a PLUS loan are eligible for an additional $4,000 for the first two years and $5,000 for the last two years.

Applications for this loan are made online through www.lynn.edu/loans. Students must complete the Federal Direct Stafford Loan form and the Federal Master Promissory Note at www.lynn.edu/loans.

Florida Programs

Florida Resident Access Grant

The Florida Resident Access Grant is a state entitlement program, which provides funds to Florida residents attending Lynn University regardless of financial need. The program is open to undergraduate students who have lived in Florida on a permanent basis for 12 months prior to the first day of classes for the academic term for which the award is made. Dependent students' parents must fit this definition. For the purpose of residency, an independent applicant must not be eligible to be claimed as a tax exemption by any person other than a spouse, must be self-supporting for twelve (12) months prior to the first day of classes of the academic term for which assistance is requested, and have the intent, for purposes other than education, that Florida be their legal state of residence. These grants are not repayable. The student should complete the FRAG application, along with the FAFSA, and return it directly to the Student Administrative Services office. The amount of the FRAG is approximately $2,500 per academic year. A student must be enrolled in 12 credit hours each semester. The student must maintain 24 credit hours each academic year and obtain a cumulative 2.0 G.P.A. each year in order to renew this grant.

Florida Student Assistance Grant

Florida Student Assistance Grants awards up to $2,069 per year are based on financial need and the same residential and academic requirements as the Florida Resident Access Grant. The student must file the Free Application for Federal Student Aid (FAFSA) prior to May 15 to be considered for aid for the next academic year.

Monthly Payment Program

Parents who prefer to pay educational costs out of their monthly income may do so through the program of an educational loan company, such as Tuition pay at 1-800-635-0120 or www.tuitionpayenroll.com.

Institutional Programs

Available for undergraduate Day Division programs only.

Presidential Scholarship

To be considered for this scholarship, students must meet the following minimum requirements: rank in the top 10 percent of their high school class, have SATs of 1200 or above or ACT scores of 24 or above, and have a grade point average of 3.75 or higher. The student must meet two of the three criteria listed. An essay may be required, and it is renewable when a 3.5 grade point average is maintained. The award amount is full tuition, of which 70 percent will be applied toward tuition and 30 percent toward campus room and board.

National Merit Scholarship

An award is renewable when a cumulative 3.5 grade point average is maintained. This program is open to international students.

Merit Scholarship

To be considered for this scholarship, students must meet the following minimum requirements: have SATs of 950 or above or ACT scores of 20 or above, and have a grade point average of 2.8 or higher. The student must meet two of the three criteria listed. This is renewable when a 3.25 grade point average is maintained. Award amount is $10,000 to $12,000.

Academic Grant

To be considered for this scholarship, students must meet the following minimum requirements: have SATs of 1100 or above or ACT scores of 24 or above, and have a grade point average of 3.25 or higher. The student must meet two of the three criteria listed. This is renewable when a 3.25 grade point average is maintained. Award amount is $2,000 to $6,000 depending on the entrance year of the student.

Lynn University Honors Program Award

Awarded to Lynn University students who participate in the Lynn University Honors Program, this is the only award that may be combined with any of the above programs as long as the two combined do not exceed the cost of tuition. The amount of the award is $1,000, and it is renewable if the student remains in the Honors Program. This program is open to international students. Students will be notified in writing of their invitation to participate in the Honors Program.

Lynn University Loan Program

This loan program is awarded on the basis of financial need as determined by the Office of Student Administrative Services. The funds for this program are limited. The loan represents money borrowed by the students and must be repaid with interest after leaving school. The current interest rate is 5 percent. The student must sign a promissory note for this loan, which must be returned to the Office of Student Administrative Services prior to registration. Perkins recipients are ineligible for this loan unless prior Perkins Loans are paid off.

University Financial Aid Grant

These grants are awarded to students who demonstrate financial need on the Free Application for Student Federal Assistance application. Awards range from $1,000 to $20,000.

Lynn University Grant

Grants are awarded to upperclassmen who are worthy of scholarship consideration and in need of financial assistance. Average award is $1,000 per year. The grant is renewable if the student maintains a 2.75 cumulative grade point average each year.

Family Discount

A discount is provided to immediate family members who are enrolled in credit-bearing classes during the same term. Two family members receive 10 percent discount each. Three family members receive 15 percent discount each. The discount is applied against the balance of payable tuition. This is available for the day and evening programs.

Athletic Scholarships

These scholarships are available in men’s soccer, baseball, tennis, basketball and golf, and in women’s soccer, tennis, basketball, volleyball, golf and softball. Awards range from $100 to $41,350 per year. A 2.0 grade point average is required to maintain an athletic scholarship.

Music Scholarship

These scholarships are awarded to students primarily on the basis of musical ability and artistic talent as demonstrated in their audition. Students must complete the Free Application for Federal Student Aid, FAFSA, or International Student Financial Review Form for international applicants, in order to be considered. Applicants are encouraged to apply by the priority deadline of Feb. 15 for entrance the following academic year. The scholarship is renewable if the student maintains a 2.75 minimum cumulative grade point average each semester; earns a B or better in their applied major instrument lessons; and attends classes, lessons, rehearsals, master classes, performance forum, outreach performances, juries, mock auditions and other conservatory performances and activities as required. An evaluation of each student will take place at the end of each academic year by the dean of the Conservatory of Music with the recommendation of the major instrument instructor.

Private Scholarships

Scholarships are available from private organizations or individuals for students with academic promise. The selection of recipients and the award amounts are determined by the university.

Veterans’ Benefits (Available for All Credit Programs)

Veteran’s Benefits

For benefit certification purposes, any student receiving VA benefits must submit to the Office of Student Administrative Services a copy of their DD 214, Certificate of Eligibility and Application for Benefits (http://vabenefits.vba.va.gov/vonapp/main.asp) showing the type of benefit eligibility. Students must report enrollment status changes to the Office of Student Administrative Services and to their case manager. Students must be aware they may be liable to repay the VA for course load reductions unless they can establish acceptable mitigating circumstances causing the reduction. SAS will evaluate each Veteran/Veteran dependents’ credits each semester and report them to the Veterans Administration. If a veteran/veteran dependent withdraws, it will count toward his/her benefits eligibility. If a veteran/veteran dependent drops a course, they will not receive payment. SAS will monitor all VA students’ academic records. Please see the VA Web site for further information on policies and procedures.

Yellow Ribbon Program

Lynn University is a participant of the Yellow Ribbon GI Education Enhancement Program (Yellow Ribbon Program), which is a provision of the Post – 9/11 Veterans Educational Assistance Act of 2008. The institution is in agreement with the U.S. Department of Veterans Affairs (VA) to fund tuition expenses that exceed the highest public in-state undergraduate tuition rate. The institution can contribute up to 50 percent of those expenses, and VA will match the same amount as the institution.

Credit for Previous Training

Students who are eligible to receive educational benefits from the U.S. Department of Veterans Affairs with previous post-secondary training/experience must request that official transcript(s) be sent to Lynn University. All transcripts must be received by the end of the first term or the student’s educational benefits will be terminated until all transcript(s) are received. Should credits be accepted, the student’s training time and total tuition costs will be reduced proportionately. The VA and the student will receive a written notice of allowed credits. This reduction refers to total costs involved in obtaining the degree. Costs are reduced when credits from another institution are applied toward a Lynn University degree. This does not imply a credit reduction allowance for veterans or eligible dependents.

Tax Law (U.S. Citizens and International Students)

Under current Internal Revenue Service regulations, scholarships or grants that exceed tuition, fees, books and supplies must be reported on the student’s tax return as taxable income. Any international student from a non-treaty country receiving a scholarship will have withholding tax assessed and will be responsible for complying with Internal Revenue Service regulations and deadlines.

International Student Loans

Private loan programs are available for international students. The amount that can be borrowed is up to the cost of attendance at our university. Students will need to obtain an American resident as a cosigner. Students may contact the Office of Student Administrative Services for applications.

International Students Scholarship Policy

International students who receive scholarships for their education at a U.S. university may be liable for paying taxes to the U.S. government if they meet these criteria:

- If the student is from a treaty country, they will usually be exempt for a period not exceeding five years.
- The amount of the award that is not exempt has a withholding of 14 percent.

Currently, the countries that do have a reciprocal scholarship tax treaty with the United States are: Bangladesh, China, Commonwealth of Independent States, Cyprus, Czech Republic, Egypt, Estonia, France, Germany, Iceland, Indonesia, Israel, Kazakhstan, Korea, Latvia, Lithuania, Morocco, Netherlands, Norway, Pakistan, Philippines, Poland, Portugal, Romania, Russia, Slovak Republic, Slovenia, Spain, Thailand, Trinidad and Tobago, Tunisia, Ukraine and Venezuela. Students from any other country will have 14 percent taxes withheld and billed to their school account. The student is non-treaty country, any scholarship benefits in excess of amounts used for tuition, fees, books and supplies will be taxed at the 14 percent rate. Every international student must apply for an Individual Taxpayer Identification Number (ITIN). Applications are available at the Office of Student Administrative Services. A student must complete a W-7 form, sign an IRS statement in the Office of Student Administrative Services and pay the required tax to the Office of Student Administrative Services. Students must pay the taxes to Lynn University within 30 days or they will be penalized by the IRS and have to pay additional interest charges. All international students will be required to file a 1040NR with the IRS and submit a W-7 form to IRS by April 15, 2011. These tax forms are available in the Payroll office. Any student who does not comply with the filing of the tax returns will not have his/her scholarships renewed. The student may contact an international student advisor for more information.

All international students receiving a scholarship must submit a copy of their Social Security number or Individual Taxpayer Identification Number to be eligible to receive the scholarship.

Remedial Courses

Students who must take remedial classes may have their financial aid reduced if credit course load toward their degree is less than 12 hours for the semester.

Renewal of Financial Aid

To have financial aid renewed, a new FAFSA must be submitted each year, preferably by March 1. Students must be in good standing at the university, both academically and socially.

II. GRADUATE INFORMATION

Tuition and Payment Policies

Graduate Tuition and Fees

Fees are determined on an annual basis. The university reserves the right to change, with or without notice, any of the fees printed in
this catalog. Increases should be expected in subsequent years. All application fees and tuition deposits are nonrefundable. Room deposits are refundable up to May 1 prior to the start of the academic year if received in writing in the SAS office.

All student charges must be paid in full before a student is allowed to register or attend classes. All statements of account are due and payable in full or on the date shown on the statement. Statements are sent to the address on record for each student.

Limited student housing space is available for graduate students. For information on costs of room and board, contact the Office of Student Administrative Services.

Request for Course Withdrawal from Graduate Programs

Course withdrawals from graduate programs must be processed through the Office of the Registrar. The student is responsible for properly filing a Course Withdrawal Form. Withdrawals are permitted through the end of the seventh week of a term. There is no refund after the first week of the term.

Withdrawal from the University

Withdrawal from the university is a formal procedure that requires submission of a Request for Withdrawal form available in the Office of the Dean of Students. Students not enrolled for four consecutive terms will be withdrawn from the university and must apply for readmission.

Leave of Absence

The student may request a Leave of Absence from study in a graduate degree program. A letter requesting the leave with the reasons for the leave should be given to the program coordinator for approval. Each student may request up to one year of leave. Any financial aid student receiving leave of absence status will be reported as not enrolled at Lynn University.

Financial Aid Withdrawal

When a withdrawing student has been awarded financial aid and has withdrawn prior to the completion of 60 percent of the term, and if Title IV financial aid has been used to pay all or any portion of the charges, the financial aid program funds will be reimbursed to the appropriate agency in accordance with a formula required by federal regulations. Unearned Title IV funds will be returned to the Title IV programs based on the number of calendar days not attended. The order of refunds is: Federal Direct Unsubsidized Stafford Loan and Federal Direct Subsidized Stafford Loan. All students who withdraw must report to the Office of Student Administrative Services for an exit interview.

Refund Policy for Withdrawals

When withdrawal is made prior to the start of the term, the refund is 100 percent. When withdrawal is made through the first week of the term, the refund is 75 percent. No refunds are granted after the first full week of classes. Refer to the Graduate Academic Calendar for exact dates.

Refund Calculation

Refunds are calculated on the basis of the total term charges payable after deductions for nonrefundable deposits and fees. This policy may result in a financial obligation to the university that is payable at the time of a student’s withdrawal.

Evening payment options and the university’s corporate reimbursement policy are listed in the undergraduate portion of the catalog.

Statement of Accounts

No paper statements are mailed to the student. Students will receive an e-mail to their Lynn e-mail address when their statement is available for viewing. Students may authorize their parent to receive the e-mail by setting them up with a password under MyLynn financial tab.

Financial Aid

For all financial aid programs, the Free Application for Federal Student Aid (FAFSA) form must be completed and submitted to the Federal Processing Center. In approximately two weeks a report will be sent to the student and to Lynn University. The university will then determine the student’s eligibility for the loan programs. The student will receive an award letter. All verification items (financial and eligibility status) must be completed before loan applications are submitted to the bank. International students are not eligible for federal financial aid. Information regarding grants and scholarships is available on the Web site for the Office of Student Administrative Services. Graduates should review the financial aid section of this catalog for specific financial aid loans, policies and university regulations. Certificate programs do not qualify for federal funding. Students can apply at www.fafsa.ed.gov.

Federal loans and Veterans Programs are available for Graduate Students. Please see Federal Loans and Veterans’ Benefits sections.

Graduate Assistantships

A limited number of graduate assistantships are available each year. Students can view eligible positions on “Knight Surfer.” Students must contact the supervisor for an interview and bring with them a résumé and two letters of recommendation. Most positions get posted in March and are usually filled by June. To be eligible, applicants must have completed the application process with all appropriate documentation, been admitted to the university for enrollment in one of the graduate programs, maintain a 3.0 grade point average or higher, and meet specific qualifications.

Assistantships cover the cost of full-time tuition (six credits for each term). Each term a $50 registration fee must be paid at the time of registration. Graduate assistantships require a 3.0 grade point average be achieved at the end of each graduate term. Stipends of $1,000 per term are available for the Graduate Assistant. The Administrative Fellow positions do not have a stipend.
Scholarships

Conservatory of Music

Scholarships are awarded to students primarily on the basis of musical ability and artistic talent as demonstrated in their auditions. To be considered, students must fill out the Free Application for Federal Student Aid (FAFSA) form (or International Student Financial Review form for international applicants) in order to be considered. Applicants are encouraged to apply by the priority deadline of March 1 for entrance the following academic year. The scholarship is renewable if the student maintains the minimum cumulative grade point average each semester; earns a B or better in their Applied Major Instrument lessons; and attends classes, lessons, rehearsals, master classes, performance forum, outreach performances, juries, mock auditions and other conservatory performances and activities as required. An evaluation of each student will take place at the end of each academic year by the dean of the Conservatory of Music with the recommendation of the major instrument instructor.

Ross College of Education Future Leaders Grant

Master’s and Ed.D students who are active, full-time employees of an educational institution may qualify for an educational grant tuition reduction of $135 and $145 respectively per credit hour. For qualified M.Ed. students, the tuition is $470 per credit hour. For qualified Ed.D. students, the tuition is $680 per credit hour. Development specialists also may be eligible. For grant approval, students must submit a current employment verification letter each year to the Office of Student Administrative Services.

Criminal Justice Administration Grant

Graduate students in the M.S. in Administration with Specialization in Criminal Justice Program may qualify for a scholarship reduction of $125 per credit hour from the usual tuition of $600 per credit hour. Courses with NIA are not eligible. The scholarship rate of $480 per credit hour is available if the applicant in this program meets one of the following criteria: is sworn as a law enforcement officer for a municipal, state or federal agency or is employed in the administration of police or security work at the municipal, state or federal level or through a private agency engaged in the protection of life or property. For scholarship approval, the student must submit a current employment verification letter to the Office of Student Administrative Services each year.

EPA Grant

Graduate Students in the M.S. in Administration with Specialization in Emergency Planning and Administration Program may qualify for a scholarship reduction of $125 per credit hour from the usual tuition of $605 per credit hour. The scholarship rate of $480 per credit hour is available if the student in this program is employed in an organization in which the job responsibility involves emergency and disaster training and planning. For scholarship approval, the student must submit a current employment verification letter to the Office of Student Administrative Services each year.

Veterans’ Benefits

Lynn University is approved for veterans’ training. Students are required to achieve a specified level of academic performance. Failure to do so will result in termination of benefits.

Standards of Satisfactory Academic Progress for Financial Aid

Financial aid is awarded contingent upon the recipient maintaining satisfactory academic standing and progress toward a degree. Every student on financial aid will have his or her cumulative grade point average evaluated at the end of the Spring II term each academic year. At that point, a GPA below 3.0 places a master’s student on financial aid suspension. These GPAs are also the GPAs that must be maintained in order to matriculate and graduate from Lynn University.

Students receiving Title IV funding must complete their degrees within a specific time frame as follows:

<table>
<thead>
<tr>
<th>Degree Level</th>
<th>Full-time</th>
<th>Part-time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bachelor’s</td>
<td>12 semesters (6 years)</td>
<td>24 semesters (12 years)</td>
</tr>
<tr>
<td>Master’s</td>
<td>18 terms (3 years)</td>
<td>36 terms (6 years)</td>
</tr>
<tr>
<td>Ph.D. and Ed.D.</td>
<td>15 terms (5 years)</td>
<td>24 terms (10 years)</td>
</tr>
</tbody>
</table>

Course withdrawal(s) or incomplete(s) are evaluated as a non-completed course and will not be counted toward the time frame requirement. A repeated course will be counted as a regular course.

Students who do not meet the above standards will be terminated from receiving federal financial aid assistance for the following academic year.

In instances of undue hardship (i.e., medical, death, divorce), a student may appeal these standards to the Financial Aid Committee. Students must direct appeals to the Office of Student Administrative Services for review. The Office of Student Administrative Services will notify the student within 30 days of the Financial Aid Committee’s decision.

The Standards of Academic Progress applies to Federal Direct Stafford Loans (Subsidized and Unsubsidized).

In summary, all students must meet both criteria: a 3.0 grade point average for master’s requirement and degree timeframe completion in order to continue to receive financial assistance. In essence, at least two-thirds of the courses attempted must be completed each year with a 3.0 grade point average.

International Tax Law

Under current Internal Revenue Service regulations, any scholarships or grants that exceed tuition, fees, books and supplies must be reported as taxable income on the student’s tax return. For a student who resides in a country that does not have a tax treaty with the United States, the university must withhold 14 percent of the award in excess of the amounts used for tuition, fees, books and supplies. The university remits this 14 percent to the IRS as federal income tax withheld. Each year, international students will be required to file a 1040NR with the Federal Internal Revenue Service by April 15. Students also must submit a copy of their Social Security number or International Tax Number to the Office of Student Administrative Services in order to be eligible to keep the scholarship they are granted. Failure to file the 1040NR form will jeopardize future scholarship awards to a student. If a student fails to pay the university within 30 days of the tax bill, they will incur interest penalty charges from the IRS.
Chapter VI.

General Academic Policies and Regulations

Courses, programs and requirements described in this catalog may be suspended, deleted, restricted, supplemented or changed in any manner at any time at the sole discretion of the university.

GENERAL ACADEMIC INFORMATION

Academic Integrity

All members of the university community—faculty, administrators, staff and students—are obliged to adhere strictly to the highest standards of academic integrity in study, research, instruction and evaluation. To protect the integrity of the grading system and to affirm the importance of honesty and accountability in the academic community, the university imposes strict penalties for academic dishonesty.

Note: Please see the Policies section for Academic Honesty Policy.

Academic Accommodations

As a learning-centered community, Lynn University recognizes that all students should be afforded the opportunity to achieve their academic and individual potential. The university recognizes and supports the standards set forth in Section 504 of the Rehabilitation Act and the American with Disabilities Act (ADA). In accordance with our mission and federal and applicable state laws, the university is committed to making reasonable accommodations for qualified applicants for admission and enrolled students with disabilities. It is the policy of the university not to discriminate on the basis of disability in any of its educational services, programs or activities. A disability is a physical or mental impairment that substantially limits one or more of the major life activities of an individual, a record of having such impairment or being regarded as having such an impairment. The university has designated Marsha Glines, Ph.D., as the ADA coordinator. Students seeking more information regarding reasonable accommodations or any other related issues should contact Glines for further information regarding specific policies and procedures.

Note: Issues regarding employment are handled through the Office of Human Resources.

Academic Standards

Minimum Academic Requirements for Undergraduate Students

The minimum standard for satisfactory progress for all undergraduate students at Lynn University is a career/cumulative GPA of 2.0. A student who achieves a cumulative GPA below a 2.0 for two consecutive semesters may be academically suspended from the university. After the period of suspension has expired the student may request to be re-enrolled. If approved, the student must achieve a term GPA of 2.0 or higher in order to continue at Lynn University. The student will also be required to meet weekly with an academic advisor. If the student fails to meet any of these or additional requirements set forth by the Office of Academic Affairs, he or she will be academically dismissed at the conclusion of the semester.

Note: For Lynn P.M. students: one semester is equivalent to two evening sessions (terms).

Minimum Academic Requirements for Undergraduate Conservatory of Music Students

A minimum semester GPA (grade point average) of 2.75 is necessary in order for a student to remain “in good standing.” Caveat: a student who earns below a B for two consecutive semesters in Applied Music—Major Instrument may be subject to dismissal pending review by the dean of the Conservatory of Music and the major teacher.

Minimum Academic Requirements for Graduate Students

Master’s degree students are expected to maintain a cumulative GPA of 3.0, and Ed.D. students are expected to maintain a cumulative GPA of 3.25. Students whose cumulative GPA falls below the required minimum standard at the end of a given term are automatically placed on academic probation. Students who remain on probation for three consecutive terms will be academically dismissed from the university.

Cancellation of Courses

The university reserves the right to cancel any course for which an insufficient number of students has enrolled or for other reasons deemed necessary. No charge is made to a student for a registration change necessitated by such course cancellation. Notification of a cancelled class will be sent to students at their Lynn e-mail address.

Change of Degree Information

To change degree information such as major, minor, advisor or catalog year students must complete a Change of Degree Information Form. The form must be signed by the advisor. If an undergraduate day student is changing advisors, the form must also be signed by the director of academic advising. The form must be brought to the Office of the Registrar to be processed.

Change of Personal Information

To change personal information such as address or phone number, a student must complete a Change of Personal Information Form which can be found in the Office of the Registrar.

Classification of Students

Classification of Undergraduate Students

Matriculated students are those who have met all admission requirements and have declared their intention to obtain a degree.

Matriculated students are classified according to the following number of semester hours of credit completed toward their degree:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>First Year</td>
<td>0 to 30</td>
</tr>
<tr>
<td>Sophomore</td>
<td>31 to 60</td>
</tr>
<tr>
<td>Junior</td>
<td>61 to 90</td>
</tr>
<tr>
<td>Senior</td>
<td>At least 91</td>
</tr>
</tbody>
</table>
Non-matriculated students are those who have not been admitted to a degree program but are eligible to enroll as full- or part-time students. Non-matriculated students include those who enroll in courses for self-enrichment and are not following any specific degree program requirements.

Students seeking to matriculate into a degree program must declare their intent with the Office of Admissions. Failure to do so could result in the loss of all credits taken beyond the applicable credit limits specified.

Classification of Graduate Students

A graduate student is classified as full-time if registered for six or more credits a term for five of the six terms during an academic year. A minimum of three credits each term is the requirement for two terms sequentially to qualify for federal financial aid. A student registered for less than six credits per term is considered part-time.

Code of Computing Practice

All Lynn University students and staff are expected to practice responsible and ethical behavior in their computing activities. While most computer users act responsibly, those who do not, either through ignorance or intent, can potentially disrupt others or even steal or damage their work.

To a reasonable and economically feasible degree, the university is responsible for securing its computing systems against unauthorized access and/or abuse while making them accessible for authorized and legitimate uses. This responsibility includes informing users of the expected standards of conduct and the punitive measures for not adhering to them. For specific information on information technology policies, see www.lynn.edu/student.

Enrollment

Leave of Absence

If a student wants to request a Leave of Absence (LOA) they must see either the academic dean (academic reasons) or the dean of students (all other reasons) to fill out the LOA form.

A LOA form is not required in order for a student to withdraw from all of their classes; however, a student must indicate on the LOA form if they want to withdraw from all of their current courses and be dropped from all of their future courses, or just be dropped from all of their future courses.

The academic dean or dean of students will place any conditions of return on the LOA form and forward the form to the Office of the Registrar, the academic dean, the Office of Student Administrative Services and the dean of students, and then place the form in the student’s file.

Once the form is received in the Office of the Registrar, the following will be done:

- Student will be issued grades of W for each course in the current semester (if applicable).
- Student will be dropped from all future courses.

Once the student is ready to return they must meet with either the academic dean or the dean of students. Once they have determined that the student has met all of their conditions of return the Office of the Registrar and Student Administrative Services will be notified.

University Withdrawals

Students who withdraw from Lynn University are required to obtain proper clearance. The appropriate representative(s) of the following offices must sign clearance forms, available in the dean of students office in the E.M. Lynn Residence Hall:

- Vice President for Academic Affairs
- Director of Academic Advising
- Director of Counseling
- Dean of Students
- Director of Residence Life
- Registrar

A student who officially withdraws from the university prior to the deadline for withdrawal without academic penalty will receive a grade of W on his or her transcript for each of the courses enrolled. Extenuating circumstances (medical/family emergencies) will be reviewed by the academic dean. If those documented circumstances warrant, the grades will be changed to Ws for that term. A student who has withdrawn from the university and wishes to return as an enrolled student must undergo the process for re-enrollment with the Office of the Registrar.

Re-enrollment

If a student left the university and wants to return, first he or she must contact the Office of the Registrar.

If the student left because of academic suspension, he or she must contact the academic dean to receive permission to return.

If the student left because of behavioral or social suspension, he or she must contact the dean of students to receive permission to return.

Once a student is approved or denied, the academic dean or the dean of students will notify the Office of the Registrar and the Office of the Registrar will send written notification to the student.

Enrollment Verification Letters

Enrollment verification letters may only be requested by the student, unless their parents are listed on the Buckley Form. Enrollment Verification Forms are available in the Office of the Registrar and take approximately three working days to process.

Falsification of Academic Records

A student who has falsified academic records will be subject to dismissal from the university.

Federal Educational Rights and Privacy Act

The Family Rights and Privacy Act of 1974 (commonly called the Buckley Amendment) is designed to, with certain exceptions, protect the privacy of education records, establish the rights of students to inspect and review their records, and provide a means of correcting inaccurate and misleading data. Lynn University makes every effort to comply with this legislation.

Certain information is considered public and is released at the University’s discretion. Unless a student files written notification to withhold disclosure, the University will release directory information (see paragraph 2.1.8.1 below for additional information). This includes announcements of graduation, honors and awards, and verification of the dates of attendance and conferring of degrees. Names, addresses, phone numbers, and other directory information will be released for use within the University community. Only transcripts of academic records and statement of academic status pertaining to Lynn University course work are released to third parties and then only with the written authorization of the student. Parents of a dependent student have the right of access to educational records.
A student or eligible parent has the right to challenge any content of the student’s education record which is considered to be inaccurate, misleading, or in violation of the student’s privacy or other rights. Such challenge may be directed to the University Registrar in writing and clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. Please note, however, that Lynn University is not required to consider requests for amendment under FERPA that seek to change a grade, disciplinary decision, or the opinions or reflections of a school official or other person reflected in an education record.

1. If the University decides not to amend the record as requested by the student or eligible parent, the Registrar will notify the student or eligible parent of the decision and advise the student or parent of the right to a hearing regarding the request for amendment.

2. The request shall be in writing and presented to the Vice President for Academic Affairs. A hearing officer appointed by the Vice President for Academic Affairs will conduct the hearing. The hearing will be conducted within a reasonable time frame after the request for the hearing has been received. The hearing officer will notify the student or eligible parent, reasonably in advance, of the date, place, and time of the hearing.

3. The student or eligible parent will be afforded a full and fair opportunity to present evidence relevant to the issue raised. One or more other persons may accompany the student or parent. Such individuals, however, are not permitted to address the hearing officer. The hearing officer will make a decision in writing based upon the evidence presented at the hearing within a reasonable time. The decision will include a summary of the evidence presented and the reasons for the decision.

4. If the hearing officer supports the challenge request, the education record will be amended accordingly and the student or eligible parent will be so informed. If the hearing officer decides not to amend the education record, the student has the right to place in the education record a statement commenting on the challenged information and/or stating the reasons for disagreement with the decision. This statement will be maintained as part of the education record as long as the contested portion of the record is maintained, and whenever a copy of the education record is sent to any party, the student’s statement will be included.

A student’s permanent record consists of the transcript, application for admittance, and semester grade reports. These are maintained in the Office of the Registrar. All documentation used in the admission and placement processes, while considered nonpermanent, also is maintained in the Office of the Registrar during the period of the student’s enrollment.

Directory Information

Directory information, including the following data, may be released without the student’s written or notification.

1. College or school of enrollment;
2. Student's full name;
3. Class;
4. Full/part-time status;
5. Date of graduation;
6. Degrees and/or honors awarded;
7. Majors;
8. E-mail;
9. Merit scholarship;
10. Dates of attendance.

In order to withhold the release of the above information, the student must present a letter to the Registrar's office within two weeks of the registration period. This information will be withheld until the student releases it.

Students' Access to Educational Records

All students and former students have access to their educational records upon written request to the Office of the Registrar. Educational records include academic records, applications, high school transcript, letters of recommendation, and judicial files. With respect to former students, the term education records excludes records that are created or received after an individual is no longer a student in attendance at Lynn University and are not directly related to the individuals attendance as a student. An example of a record excluded from the definition would be alumni services. Any student who requests access to any educational record is expected to present valid identification.

There are some records to which the student has no right of access. These are:

1. Professional mental health treatment records to the extent necessary, in the judgment of the attending physician or professional counselor, to avoid detrimental effects to the mental health of the student or of others. These records may, however, be reviewed by a physician or other appropriate professional of the student’s choice.

2. Financial information furnished by the student's parents in support of an application for financial aid.

3. Confidential letters of recommendation that were placed in the student’s file prior to January 1, 1975.

4. Confidential letters of recommendation concerning admission, employment, or honorary recognition, for which the student has waived access. (Lynn University may not require a student to sign a waiver in order to obtain services, but a person writing a recommendation may insist on a waiver as a condition for writing it).

5. Personal notes made by a faculty member or counselor that are accessible only to that person and are not shared with others.

6. Materials in any admissions files, until the student has been admitted to, and has attended Lynn University.

Release of Confidential Records

The University will not release any confidential records concerning any student or former student unless a written statement authorizing such a release is supplied by the student or former student. Exceptions to this policy are:

1. Faculty and staff members with legitimate educational interests in the record: One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests.

   a. A school official is a person employed by Lynn University in an administrative, supervisory, academic or research, or staff position (including Campus Safety and Security personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as disciplinary or grievance committee, or assisting another school official in performing official tasks.

   b. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill the official’s professional responsibility.
c. Additionally, education records may be released to contractors, consultants, volunteers, and other outside service providers used by the University to perform institutional services and functions, that it would otherwise use employees of the University to perform. The University must use "reasonable methods" to ensure that the school official obtain access to only those education records-paper or electronic-in which they have legitimate educational interests and the burden falls to the institution to justify access if questioned.

2. Authorized federal and state officials in the process of administering educational programs: The regulations clarify that educational agencies and institutions may provide personally identifiable information within education records to federal or state auditors without prior consent without violating FERPA.

3. Administration requirements of the financial aid program.

4. Accrediting organizations carrying out their accrediting functions;

5. Parents of a dependent student: The regulations clarify that the University may disclose educational records to the student's parents without student consent if the student is a dependent for Federal Income Tax purposes.

6. Organizations conducting studies on educational programs, providing that the identity of the student is not revealed;

7. Emergency situations involving the health or safety of students or other persons: In making a determination under the health and safety exception, which allows educational institutions to disclose education records in the case of a health or safety emergency, institutions are now allowed to exercise judgment as follows:

   a. The University may take into account the "totality of the circumstances" pertaining to a threat to the safety or health of a student or other individuals.

   b. If the University determines there is an "articulable and significant threat" to the health or safety of a student or others, it may disclose information from education records to third parties, whose knowledge of the information is necessary to protect them, including the health and safety of the student or others.

   c. If, based on the information available at the time, there is a rational basis for that determination at the time the decision is made.

   d. In addition, the University is permitted to allow disclosure of personally identifiable information from an education record to "appropriate parties," including parents of a student, if knowledge of the information is necessary to protect the health and safety of the student or other individuals.

   e. The Department of Education will require that the University involved in a disclosure under these circumstances to record the nature of the threat and the parties to whom it disclosed information under the "health and safety" emergency section.

   f. FERPA also allows disclosure to parents if the student has violated any Federal, State, or local law, or any rule or policy of the institution, governing the use or possession of alcohol or a controlled substance, if the institution determines that the student has committed a disciplinary violation regarding the use or possession and the student is under twenty-one at the time of the disclosure.

8. Disclosure made in compliance with judicial order or lawfully issued subpoena;

9. Disclosure made pursuant to federal and state law, including complying with the Campus Sex Crimes Prevention Act. To conform to the requirements of the Campus Sex Crimes Prevention Act, University officials are permitted to release information they received from a state community notification program about a student registered as a sex offender in the State.

10. Information designated by the University as directory information.

11. Disclosure to Other Colleges, Universities and/or schools to which a student is transferring: The authority to disclose or transfer education records to a student's new school does not cease automatically the moment a student has enrolled in the new school and continues to be enrolled at any future point in time so long as the disclosure is for purposes related to the student's enrollment or transfer. This means that the University may disclose any records or information, including health and disciplinary records, that the University could have disclosed when the student was seeking or intending to enroll in the new school.

Academic Files

Students' permanent academic files, including all official transcripts, are maintained in the Office of the Registrar. Students needing access to their files must contact the Office of the Registrar.

Right to File a Complaint

In addition to the above rights, the act also affords students the right to file a complaint with the U.S. Department of Education concerning alleged failures by Lynn University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW., Washington, D.C., 20202-5920.

For a complete description of FERPA regulations, please visit: http://www.ed.gov/policy/gen/guid/fpco/index.html, which is a link to Family Policy Compliance Office in the Department of Education.

The Institutional Review Board

All human subject research and research-related activities involving human subjects conducted within or under the auspices of Lynn University by any faculty, employees or students, is subject to the Institutional Review Board for the Protection of Human Subjects in Research (IRB) review, recommendations if warranted, and final approval.

The purpose of the IRB is to safeguard the safety, privacy, health and welfare of the human subjects involved in research and research-related activities. The IRB reviews three categories of research: new projects periodic review on a continuing project and procedural revision to a previously approved project. IRB members are selected for their experience, expertise, diversity and breadth in backgrounds and represent individuals with primary concerns in both scientific and non-scientific areas. Under no conditions can proposed research begin prior to IRB review and written approval.

Investigators have many obligations, including designing the study so that the incidence of risk and stress are minimized to the greatest degree possible and that these risks are accurately described in the protocol. Moreover, the investigator bears responsibility for terminating the study when hazards or risks to the subjects become
apparent or may be incompatible with the study’s benefits; further, investigators must report any adverse reactions associated with the study to the IRB.

Information regarding the IRB Policies is available in the appropriate college and the IRB Web site (contact the IRB for the URL to this site). These procedures are briefly summarized as follows:

- Prior to submission to the IRB, a research proposal must be approved by an advisor in the case of student research or by the supervisory vice president in the case of a university employee.
- Completed IRB application including the research protocol, certifications and signatures, and curriculum vitae of principal investigator is submitted to the IRB. Reviews may be by convened full board review (11 copies), expedited review (five copies), or request for exempt status (three copies).
- The deadline for submission of the application for IRB review is the 15th day of each month in order to be considered at the next monthly IRB meeting. If the IRB has any special concerns or questions, the researcher may be asked to attend the meeting.
- The IRB notifies the investigator and the institution in writing of its decision to approve or disapprove the proposed research activity, or of modifications required to secure IRB approval of the research activity. If the IRB decides to disapprove a research activity, it shall include in its written notification a statement of the reasons for its decision and provide the investigator an opportunity to respond in person or in writing. Institutional notification for employees is sent to the investigator’s supervisory vice president and to the research advisor in the case of students. For students, once approved, a copy of the approval letter is sent to the Office of the Registrar for the student’s permanent file.
- Currently approved protocols must be reviewed annually.

Observance of Religious Holidays

Lynn University respects the rights of all individuals to observe customarily recognized religious holidays throughout the academic year. If a student intends to be absent from classes as a result of any such observance, the student should notify his/her professors in writing prior to the specific holiday.

Residency Requirement

Undergraduate Students

In addition to specific courses and scholastic requirements, each bachelor’s degree candidate must spend the last two years or the equivalent earning not less than 30 credit hours in academic residence at the university. These academic residence credit hours must be uninterrupted by any work at another institution and are required in order to be eligible for a degree from Lynn University.

Graduate Students

The residency requirement in graduate programs is intended to ensure that students become integrally involved in the academic life of their program and of the university. In residence, students are more likely to become fully immersed in graduate study for a substantial period of time and develop a relationship of scholarly and professional collegiality with faculty and fellow students. During the residency period, students are expected to take courses and participate in other aspects of the intellectual life of their discipline and of the university community. Students should review the established requirements for their respective programs.

Second Bachelor’s Degree

Students who wish to complete a second Bachelor’s degree must meet the following criteria:

- hold a Bachelor’s degree from a regionally accredited institution.
- seek a Lynn University degree that is significantly different from the degree held.
- complete all major course requirements for the Lynn University degree.
- complete a minimum of 45 credits at Lynn University.
- receive approval from the academic dean.

Student Records

The Family Educational Rights and Privacy Act of 1974 (commonly called the Buckley Amendment) is designed to protect the privacy of education records, to establish the rights of students to inspect and review their records, and to provide a means of correcting inaccurate and misleading data. Lynn University makes every effort to comply with this legislation. Certain information is considered public and is released at the university's discretion. Unless a student files written notification to withhold disclosure, the university will release directory information which includes the following:

- student’s full name
- class and major
- date of graduation
- degrees and/or honors awarded
- still photographs and video
- dates of attendance
- merit scholarships
- e-mail address
- college or school of enrollment
- full-/part-time status

Only transcripts of academic records and statements of academic status pertaining to Lynn University course work are released to third parties, and then only with the written authorization of the student.

A student has the right to challenge any content of the student's education record that is considered to be inaccurate, misleading, or in violation of the student’s privacy or other rights. Such challenge may be directed to the Office of the Registrar.

A student’s permanent record includes the transcript and application for admittance. These are maintained in the Office of the Registrar. All documentation used in the admission and placement processes, while considered non-permanent, is also maintained in the Office of the Registrar during the student’s period of enrollment.

Student Responsibility

Lynn University encourages its students to take the primary responsibility for their own academic activities and to accept the resulting consequences. No student should behave in a manner that can harm the educational environment or diminish the learning experience of any other member of the academic community. Each student is responsible for a knowledge of and adherence to regulations regarding registration, withdrawal, degree plan, deadlines, curriculum, graduation requirements and payments of tuition and fees.

Lynn University does not grant certification or licensure for the practice of any profession. Regulations governing certification and/or licensure are under the sole control of the appropriate boards in each state authorized to oversee these processes.

It is the student’s responsibility to:

- contact the appropriate professional boards in the state(s) in which they intend to practice.
- determine all requirements related to certification and/or licensure.
- determine whether or not the degree program in which they are enrolled at Lynn University meets all program requirements for certification and/or licensure for the state(s) in which they intend to practice.
Transcripts

Transcripts must be requested in writing by the student or alumnus. There is a $5 fee per copy for Official Transcripts, which bear the signature of the registrar and the Official University Seal. The $5 fee for each transcript is graciously paid for by the Alumni Association. Transcripts are typically processed within five working days after receipt of the request. During busy times in the office, requests may take up to two weeks to be processed. Lengthier processing periods typically occur at the beginning and end of a semester. Request forms are available in the Office of the Registrar or at www.lynn.edu/transcripts. Please note: Transcripts cannot be faxed. The following information is required to request a transcript:

- name while attending the university.
- current name, if different.
- Lynn University ID number or Social Security number.
- approximate dates of attendance.
- degrees received, if applicable.
- address where the transcript(s) must be sent.
- current address and phone number.
- student or alumnus signature.

ADVISING AND REGISTRATION

Admission to Classes

Registered students are permitted to enter class only after obtaining financial clearance from Student Administrative Services and completing the formal registration process. If a student is withdrawn, this may result in an additional financial obligation to the university.

Course Load

Day Division: The normal semester academic load for full-time students is 12 to 16 credit hours per semester. Students at their discretion, and after consultation with their academic advisor, may register for up to 18 credit hours per semester. The student will be billed separately for credit hours in excess of 16 in each semester at the prevailing tuition rate per credit hour.

In order to register for 19 or more credit hours, students must have a cumulative grade point average of 3.0 or better and permission from the vice president of academic affairs or the academic dean. If permission is granted, the student will be billed for the credit hours in excess of 16 in each semester at the prevailing tuition rate per credit hour.

Students may not reduce their semester course load to less than four courses without written permission from the Registrar.

Evening Division: The normal term is eight weeks long. Three-credit classes meet for 32 hours; four-credit lecture classes meet for 40 hours. These hours are supplemented with additional contact hours on Saturdays or online.

The course load for the Evening Division is six credits. A course load exceeding six credits must be registered for in the Office of the Registrar (students can only register for six credits a term online), and a course load exceeding nine credits requires the advisor’s approval.

Advising

The role of a faculty advisor is crucial to the university’s educational mission.

As an educational community, the primary relationship for students should and must be with faculty in their roles as teachers and advisors. Faculty design curriculum and therefore are the best sources for guidance and counsel in academic matters. In this context, academic advising is teaching: an ongoing exchange between faculty and students in which faculty explain how and why courses, programs and other educational experiences are related to the needs and aspirations of students. Effective advising involves probing and exploring with students their understanding of themselves as learners and individuals and helping to foster their involvement within our community. Within the academic advising process, faculty educate students on an individual basis about academic programs, policies and strategies for success while also encouraging students to be active, responsible and informed participants in the advising process. Incoming students are assigned a faculty member based upon their academic and/or career interests. The faculty advising program requires that every student meet with his or her advisor on a regular and ongoing basis. The director of academic advising, who is also a member of the faculty, oversees the advising program and provides assistance to faculty and students and serves as a liaison between faculty, students and staff.

Academic advising goes well beyond assisting students with their semester schedule of classes. The role of the academic advisor includes, but is not limited to:

1. helping the student define his or her academic, intellectual, personal and career goals.
2. identifying courses and experiential learning opportunities that will help the student to achieve personal and professional goals.
3. being available and accessible to advisees and working with faculty to monitor students’ academic status.
4. referring students to appropriate campus resources, including personal counseling when appropriate.
5. encouraging awareness of and involvement in cultural and social opportunities on campus for students.
6. learning the policies and requirements for graduation and clearly communicating them to advisees so that they will not be deficient in any university, college or departmental requirements.

Evening Division students are advised by a designated faculty advisor in the college of their major. After an initial interview and registration, students may register online for the following term.

Registration

Undergraduate Students

Course registrations for day students are processed by their academic advisor while course registrations for evening students can be processed online or in the Office of the Registrar with a registration form signed by their advisor.

Graduate Students

Registration begins several weeks prior to the beginning of each of the six terms. Schedules of class offerings are posted on the Web site www.lynn.edu/mylynn as soon as they are finalized.

Each student must first meet with her or his advisor for approval of course selections. The student may then proceed to the Office of the Registrar to register with a registration form signed by their advisor, or register online by going to www.lynn.edu/mylynn.
Add/Drop Period

Course additions or section changes must be made during the official add/drop period as noted on the academic calendar. A student who drops a course during this period will not receive a grade, and the course will not appear on the permanent university record.

Evening students will not receive a full refund if dropping a course after the first day of the term, but an additional course may be added in its place at no charge.

Audit

Students who wish to audit a class must receive permission from their faculty advisor and the instructor of the course and, if in excess of a 15 credit-hour load, permission from the appropriate college dean. A student who officially audits a course, although not required to take examinations, is expected to attend class regularly and to participate in a manner that is agreeable to the instructor. An AU will not be charged for auditing a course. Students be recorded on the permanent record of courses officially audited. A will participate in a manner that is agreeable to the instructor. An AU will take examinations, is expected to attend classes regularly and to

Closed Class Permission

To register for a course that is at its student capacity, a student must submit a Closed ClassPermission Form signed by the course instructor and advisor to the Office of the Registrar. Requests will not be approved if the classroom cannot physically accommodate additional students.

Directed Study and Independent Study

Directed Study (regular courses taken by special arrangement) involves a one-on-one relationship between the student and the instructor (i.e., frequent conferences regarding the study are needed in order to complete a regularly offered course). Appropriate request forms for Directed Study are available in the Office of the Registrar.

Independent Study involves scholastic or research endeavors apart from regular courses offered at Lynn University. Students should pursue Independent Study with direction from their supervising professor with the approval of the appropriate college dean and the academic dean.

Signatures denoting approval by the instructor, appropriate college dean and academic dean must be obtained before a student can register for either course of study.

Pre-requisite Overrides

To register for a course which has a prerequisite that has not yet been taken, a student must submit a registration form to the Office of the Registrar signed by the instructor and advisor with a note allowing the course to be taken without the required prerequisite.

Repeat Courses

When a student repeats a course both the original and the subsequent grades are recorded on the official university transcript; however, only the highest grade is included in the grade point average calculation. The student's GPA will be affected only if the course is repeated at Lynn University.

Computation of Grade Point Average

At the end of each semester, a scholarship index (GPA—Grade Point Average) is computed for each student.

\[ \text{GPA} = \frac{\text{Total quality points}}{\text{Total credits}} \]

The GPA is determined by dividing the total number of earned quality points by the number of attempted credits. Grades of AU, I and W are excluded from the calculations. Other symbols in use (not included in computation of average):

Grade Notification

At the midterm point each semester, all undergraduate day students will be issued a midterm grade viewable on the Web at www.lynn.edu/mylynn.

At the conclusion of each semester/term, all students will be issued a final grade viewable on the Web at www.lynn.edu/mylynn.

All first-year students will have both their midterm and final grade report mailed to their legal home and local addresses.

Incomplete Grade “I”

A. For a student to be eligible to receive an incomplete for a course:
   1. The student must provide to the dean of students documentation of the extenuating circumstance(s) that prevent him/her from satisfying the course requirements and learning outcomes of that particular course.
   2. The student, at the time of applying for an incomplete, must have completed two-thirds of the term and have a passing grade.

B. The application process:
   1. The student will have the option of applying for an incomplete in one or more courses.
   2. The student will obtain and complete the incomplete application form and bring it to the dean of students with appropriate documentation. The dean of students will verify that the student’s application satisfies the eligibility criteria. If the
application satisfies the eligibility criteria then the dean of students will return the approved form to the student who will then take the form to the professor of the course. The professor and student will draw out a contract, which includes but is not limited to: all course work to be completed and the deadline for this material to be submitted. After the student agrees to the terms of the contract and signs the form, the professor will take the contract to the dean of his/her college. The dean will then review the contract and sign the form upon approval. The "T" is now official and the contract is binding. The dean of the college will distribute copies of the contract to the professor, the student, the dean of students and the Registrar. Each recipient will place the copied contract in the appropriate file. The professor will keep one copy and the original will be placed in the student's file in the college of his/her major.

C. The form:
1. Will be available online.
2. Will contain current grade, what specific assignments are to be completed due date for all material (not to exceed one year beyond the original term final grade due date), and state that the final course grade will be a "W" if the student does not complete the requirements.

Note: As of fall 2006 students are limited to eight undergraduate and three graduate course withdrawals.

Appeal Process

A student has a right to appeal a decision of academic dismissal, and must do so by writing to the vice president for academic affairs.

The vice president for academic affairs will hear the appeal or refer to the committee. If the decision is to hear the appeal, the vice president for academic affairs and/or the committee will review the circumstances and facts of the appeal. The vice president for academic affairs notifies the student in writing of the result of the appeal by the end of the drop/add deadline of the following semester/term. Extraordinary circumstances beyond the control of the student or significant academic progress are the only reasons for considering an appeal.

Grade Review Process

A student's request for review of a final course grade may be submitted during the first three weeks of the following term only on the basis of computational error. The process is as follows:

1. The student is to submit a written statement within seven working days from the date of the student's notification of the grade.
2. If the student wishes to pursue an additional review, a written request with all supporting documents may be submitted to the college dean. If an agreement cannot be reached, the student and/or the instructor may appeal to the academic dean, who will render a final decision.

For a disputed grade, other than the final grade, the student is to first meet with his/her instructor. Then should the student want to continue in the appeal process, he/she is to meet with the college dean by submitting a written statement within seven working days from the date of the student's notification of the grade.

Note: If a student feels unfairly treated or with bias by an instructor, the student should report the matter to the college dean immediately.

GRADUATION

General Information

Students may choose to graduate under the catalog in effect at the time of their first enrollment or any subsequent catalog provided that the student graduates within eight years from the date of the first enrollment. If students do not graduate within this eight-year period, they may be subject to fulfilling any new program requirements in effect.

Students with more than three courses of course work to be completed towards their degree are not eligible to participate in the commencement ceremony.

Student Right-to-Know graduation rates are available in the Institutional Research Office and on the Lynn University Web site.

Overall Requirements for the Baccalaureate Degree

A candidate for a baccalaureate degree must:

- complete a minimum of 120 semester hours.
- attain a minimum cumulative grade point average of 2.0.
- earn at least a minimum of the last 30 credits at Lynn University.
- satisfy all Lynn University undergraduate curriculum requirements for the baccalaureate degree, including core curriculum requirements.
- complete a minimum of 45 credits that are upper division (300+ level).
- sign and return an advising worksheet and graduation application to the Office of the Registrar.

Applying for a Degree

- All students anticipating receiving a degree must apply for graduation at the Office of the Registrar and have an advising worksheet completed regardless of ceremony participation.
- Applications for graduation are mailed to students based on earned credit.
- Applications are available from the graduation coordinator in the Office of the Registrar should a student not receive one through mail. Deadlines for applications are posted on the appropriate academic calendar.
- There is one graduation ceremony a year which is held in May; however, degrees are conferred at the end of each term. Students with more than three classes not yet completed towards their degree are not eligible to participate in the ceremony.

Commencement Honors

At commencement, baccalaureate degree students attaining the standards designated below will graduate with honors.

<table>
<thead>
<tr>
<th>Degree</th>
<th>Minimum GPA</th>

<tr>
<td>Summa cum Laude</td>
<td>3.80 to 4.00</td>
</tr>
</tbody>
</table>

Commencement honors are awarded on the basis of at least 60 credit hours in academic residence at Lynn University. Students who have fewer than 60 credit hours may apply for commencement honors by requesting a petition for commencement honors form from the Office of the Registrar. If the student has fewer than 60 credit hours at Lynn University and does not apply for commencement honors, the student will not be considered eligible for honors. Provided that the overall GPA earned at previous institutions and at Lynn University meets designated standards, commencement honors will be awarded.
Five-Year Bachelor’s/Master’s Program

Qualified undergraduate students who wish to pursue a master’s degree will be allowed to take courses in the Master’s program while finishing their undergraduate degree, provided they have completed 90 undergraduate credits, maintain a minimum 3.25 GPA in the last 15 undergraduate credits at Lynn and maintain a 3.0 or higher GPA in their graduate courses.

Upon completion of bachelor’s degree requirements, students in the Five-Year Bachelor’s/Master’s Program who have completed a minimum of two graduate courses and maintained a 3.0 GPA or higher in their graduate courses at Lynn will automatically be admitted into the Master’s program upon receipt of a letter of intent from the student stating that he/she wants to continue in the Master’s program as well as recommendation of the graduate program director. No standardized test or further letters of recommendation will be needed for acceptance.

Overall Requirements for Master’s Degree

A candidate for a master's degree must:

- complete a minimum of 36 semester hours.
- attain a minimum cumulative grade point average of 3.0.
- satisfy all Lynn University graduate curriculum requirements for the master’s degree, including thesis requirements.
- satisfy the requirements for a major that includes at least 30 unique credits.
- sign and return an advising worksheet and graduation application to the Office of the Registrar.

Applying for a Degree

- All students anticipating receiving a degree must apply for graduation at the Office of the Registrar and have an advising worksheet completed regardless of ceremony participation.
- Applications for graduation are mailed to students based on earned credit.
- Applications are available from the graduation coordinator in the Office of the Registrar should a student not receive one through mail. Deadlines for applications are posted on the appropriate academic calendar.
- There is one graduation ceremony a year which is held in May; however, degrees are conferred at the end of each term. Students with more than 12 credits not yet completed towards their degree are not eligible to participate in the ceremony.

Commencement Honors

- Master’s students are not eligible for honors distinctions as they are expected to maintain high levels of academic excellence.

Overall Requirements for Ed.D. Degree

A candidate for an Ed.D. degree must:

- complete a minimum of 51 semester hours.
- attain a minimum cumulative grade point average of 3.25.
- satisfy all Lynn University graduate curriculum requirements for the Ed.D. degree, including thesis requirements.
- sign and return an advising worksheet and graduation application to the Office of the Registrar.

Applying for a Degree

- All students anticipating receiving a degree must apply for graduation at the Office of the Registrar and have an advising worksheet completed regardless of ceremony participation.
- There is one graduation ceremony a year which is held in May; however, degrees are conferred at the end of each term.

Commencement Awards

The Bradley Middlebrook II Student Service Award is presented to the student who has exhibited outstanding service to fellow students, Lynn University and the community at large.

The College of Education Outstanding Graduate Student Award is given to the person who displays outstanding potential for scholarship and leadership in the field of education.

The Count and Countess de Hoernle Humanitarian Award is given at graduation to the student who has exhibited outstanding loyalty to the university.

The Dean's Award for Excellence in Undergraduate Education is given to the person who displays outstanding potential for scholarship and leadership.

The Gordon and Mary Henke Excellence in Communication Award recognizes the student who has excelled in the communication program and has the potential for an outstanding career in the field of communication.

The James J. Oussani Award is presented to the student deemed most innovative and motivated in completing a degree program.

The M. Elizabeth Maddy Cumpton Endowed Memorial Award is presented to the outstanding conservatory student of strings.

The Medina McMenimen Bickel Fashion Award is presented to the graduating senior who exhibits outstanding leadership and the potential for a successful career in fashion marketing.

The President's Award is presented to the student exhibiting extraordinary service and commitment to the university.

The Professional and Continuing Education Award is presented to the candidate who has maintained the highest grade point average in the undergraduate continuing education program and has demonstrated community service and dedication to lifelong learning. Students having transfer hours from other institutions are eligible for the award as long as they have obtained at least 90 credits from Lynn University.

The Bachelor's Degree Award and Master's Degree Awards are presented to the undergraduate degree candidates and master’s degree candidates who have attained the highest cumulative grade point average for their entire degree course work. Students having transfer hours from other institutions are eligible for the Bachelor's Degree Award as long as they have obtained at least 90 credits from Lynn University. Students having transfer hours from other institutions are ineligible for the Master's Degree Awards. Students will also be evaluated on other factors that may include community involvement at Lynn University and within the local community.

The Trustees’ Medal is presented to the student who has exhibited outstanding scholarship, leadership, loyalty and service to the university.
POLICIES

Academic Honesty Policy

Integrity and honesty are essential to Lynn University’s mission and community standards. As an academic community, honor, integrity and truthfulness are essential to the pursuit of knowledge and to establishment of mutual respect and trust among faculty, staff and students. Personal and professional integrity are also essential to our mission to educate students to become responsible and ethical citizens within a global community. Violations of the academic honesty policy undermine the fundamental values and standards of our community, and therefore, faculty, staff and students must accept their responsibility to uphold and abide by the highest standards of integrity and honesty.

Definitions

Violations of the Academic Honesty Policy include, but are not limited to, the following:
1. Cheating: Intentionally using or attempting to use unauthorized materials, information or study aids in any academic exercise. Infringing on the academic rights of others, such as defacement or theft of library material.
2. Fabrication: The intentional and unauthorized invention or falsification of any information or citation in an academic exercise.
3. Plagiarism: Intentionally or unintentionally representing the words or ideas of another as one's own in any academic exercise.
4. Facilitation: Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty, including unauthorized collaboration on academic assignments.
5. Falsification of Injury
6. Misrepresentation of External Performances/Commitments

Procedures

Faculty members who have evidence of a possible violation of the academic honesty policy must formally report the incident to the academic dean in the Office of Academic Affairs. Under no circumstances is the faculty member permitted to resolve the alleged incident on a unilateral basis. The academic dean will review the faculty member’s report, and if sufficient evidence exists, notify the student(s) of the alleged infraction(s). The allegation can be adjudicated by either the informal or formal process. The formal process must be used if a finding of guilt might result in the suspension of the student, including all cases of second violations.

Informal Resolutions

The academic dean will send the student a formal written notification of the allegations and the possible sanctions. The student will then have ten (10) days to respond in one of the following ways:

- Sign the form and request a meeting with the academic dean to discuss the allegations and or proposed sanctions.
- Sign and return the form to the academic dean accepting responsibility for the violation and agreeing to the recommended sanction(s).

If the student fails to respond within thirty (30) days, a hold will be placed on the student’s account and the right to participate in the resolution of the allegation will be forfeited.

Formal Resolutions

If the alleged violation could result in the suspension or dismissal from the university, or if the student or faculty member requests a formal resolution, the academic dean will notify the faculty member and the student(s) that a formal hearing of Academic Dishonesty Committee will be convened. The committee will be comprised of seven (7) full time faculty members to be appointed by the vice-president for Academic Affairs on an annual basis. The academic dean will serve as chair and will not have voting privileges. The vice-president for student development will serve as an ex officio member of the committee.

The academic dean will schedule a hearing in a timely manner and all parties will be notified of time and location. If the accused student(s) requests, the academic dean will assist the student in securing a member of the university community to advise and assist the student in preparing for the hearing.

All parties will have the opportunity to present his/her evidence to the committee. The documents, testimony and record of the hearings will be confidential. Upon completion of the testimony, the committee will meet in closed chambers and vote on the disposition of the student’s status at the university.

Penalties

Depending on the intent and severity of the violation, a student found responsible for any act of academic dishonesty will be subject to one or more of the following penalties:

1. The student is placed on academic honor probation until graduation. For any student on academic honor probation, a second violation will result in a minimum sanction of one semester of suspension from the university.
2. In addition to academic honor probation, a student might also receive a grade of “F” on the assignment or test; an “F” in the course; or be suspended or dismissed from the university. No provision will be made for the student to receive a “W” regardless of whether the professor or student initiate said request.
3. If the student receives a grade of “F” for the course or is suspended or dismissed from the university, the transcript will indicate the grade with “HP” and/or the notation “Academic Honor Suspension (Dismissal)”.
4. All students found guilty of academic honor violations shall have a written letter detailing the violation and sanction placed in their permanent record. Copies of this letter will also be sent to the faculty member of the course, appropriate college dean, and to the vice-president for student development.

Appeals

A student may submit a written appeal of a guilty finding to the vice-president for Academic Affairs within ten days of receipt of the original decision. Appeals must be based on new evidence, additional information or procedural errors or misconduct. The vice-president's decision is final.

A student can petition to have the grade of “HF” removed during their last semester as long as there are no further incidents of dishonesty.

Change of Major/Specialization/Minor Forgiveness Policy

The change of major/specialization/minor forgiveness policy allows a student who has changed his or her major/specialization/minor to discount up to two courses in the abandoned major/specialization/minor. The transcript will reflect the student’s complete record with an added notation of “Academic Forgiveness Declared” by the selected course(s); however, the grade(s) will not be calculated in the cumulative GPA. Neither the grades nor the credits will be counted toward graduation requirements. Students who wish to declare change of major/specialization/minor forgiveness may pick up the required form in the registrar’s office and will need the signature of the dean of the school of the newly chosen major, as well as registrar approval. A student may declare change of major/specialization/minor forgiveness only once in his or her college career. An undergraduate student must have a minimum of 30 credits toward the new major, and a graduate student must have a minimum of nine credits toward the new degree or specialization in order to qualify for the policy. The academic dean and registrar have final approval.
Combined Bachelor’s/Master’s Program

Lynn University offers an option for undergraduate students to enroll in the bachelor's/master's program. This program will allow students to complete both undergraduate and graduate course work. In certain cases graduate credits may be applied toward the undergraduate degree. In order to apply for the program, a student must:

• have a minimum of 90 credits completed toward their degree.
• have a GPA of at least 3.25 in their last 15 undergraduate credits completed at Lynn University.
• complete the graduate application procedures as described in the current Academic Catalog.

The student must maintain a graduate course GPA of 3.0 or higher. Approval must be received by the dean of that college.

Course Withdrawals

After the add/drop period, students may withdraw from a course by completing the withdrawal form from the Office of the Registrar. The completed form should be submitted to the Office of the Registrar within the designated time frame. Students who withdraw from a course will receive a W on their permanent university records. Refer to the academic calendar for the deadline to withdraw from a course. A student can have no more than eight course withdrawals during his or her undergraduate enrollment in the university or three course withdrawals during each graduate enrollment in the university without the approval of the academic dean.

Second Bachelor’s Degree

Currently matriculated undergraduate students who wish to pursue a second bachelor's degree may do so. The primary requirement is that the second degree must include a minimum of 24 unique credits and meet all degree requirements. An Application for Readmission and submission of the Lynn University undergraduate transcript must be completed and sent to the undergraduate admission coordinator, who sends formal notification of the acceptance into the second bachelor's program.

Second Master’s Degree

Currently matriculated graduate students who wish to pursue a second master’s degree may do so. The primary requirement is that the second degree must include a minimum of 24 unique credits and meet all degree requirements. An Application for Readmission and submission of the Lynn University graduate transcript must be completed and sent to the graduate admission coordinator, who sends formal notification of the acceptance into the second master's program.

Special Student Status

Graduate students who wish to take courses for the purpose of continuing education, teacher certification or transfer of credits to another institution may register as Special Students. Special Students are classified as non-degree seeking students and must show evidence of graduation from an accredited college or university in order to be eligible for this classification and take graduate courses at Lynn University. Special Students must complete a Special Student form available in the Office of Admissions and may be limited to six credit hours, except under the following circumstances:

• Educators seeking ESOL certification or taking courses for certification or recertification purposes are limited to 15 credit hours (five three-credit courses).

Those interested in enrolling as non-degree seeking students should contact the Office of Admissions for a Special Student form and registration materials. Term schedules of classes are available in the Office of Admissions, the Office of the Registrar, the appropriate college and on the university’s Web site.

Financial aid is not available to Special Students. Because of immigration regulations, a foreign student with either an F-1 or J-1 Visa may not register as a Special Student and must be degree seeking. Students who would like to change their status to degree seeking must complete a graduate application, provide all necessary documentation, including entrance testing if appropriate, and meet all admission requirements. Enrollment as a Special Student in no way implies a right for future admission to the university or a graduate program.

Credit earned as a Special Student does not automatically count as fulfilling graduate degree requirements unless approved by the program coordinator or dean of the appropriate college. All such proposed courses must have a grade of B or better and meet specific course requirements for the degree. This determination is made after the applicant has been accepted to the university or by the end of his or her first term as a matriculating student.

Academic Grievance Policy

The following Academic Grievance Policy was designed by Lynn University to afford students an opportunity to formally grieve academic related complaints. A student who wishes to file a grievance of a non-academic nature should follow the Grievance Policy outlined in Volume VI, Section 6.8. Lynn University Policy Manual: Volume V – Page 58.

Grade Review Grievances

A student who has reason to believe that a grading error has occurred in any class shall promptly submit the grievance in accordance with the procedures outlined in the University's Grade Review Process Policy.

The procedures outlined in the Grade Review Process should also be followed if the student believes that a grade was determined by standards improperly different from those applied to other students in the course. Student should be aware, however, that evaluation of student performance is the prerogative and responsibility of the course instructor. In questions relating to the quality of that performance, the professional judgment of the faculty member is commonly accepted as authoritative. An appeal is most likely to result in a change of grade for a course or assignment only if it includes documented evidence that there was an error in computing the grade, a posting/clerical error, or that the grade was determined by standards improperly different from those applied to other students in the course.

Classroom Procedures and Other Academic Grievances

These procedures should be used to appeal or resolve disputes concerning other academic related decisions considered by a student to be arbitrary or contrary to University policy, including but not limited to, classroom issues (i.e., attendance, failure to adhere to the Course Syllabus, etc) or issues pertaining to academic freedom rights. Appeals pertaining to academic dishonesty and satisfactory academic progress follow separate procedures as outlined in the Lynn University’s Academic Honesty and Minimum Academic Requirements policies, respectively.

Students wishing to pursue an appeals or resolve disputes under this section should first arrange a conference to discuss the appeal or grievance with the faculty member(s) whose action is believed to have violated University policy. It is expected that all of the parties involved at each step of the appeals/grievance process will make a good faith effort to resolve the issues.
In the event that a student feels he/she has not received adequate satisfaction from his discussion with the faculty member involved, the student may submit a written request with all supporting documents to the College Dean.

If an agreement satisfactory to the student and/or instructor cannot be reached as a result of the appeal to the College Dean, the student and/or the instructor may appeal the matter in writing to the Academic Dean, who will render a final decision.

RECOGNITION

Dean’s List

In order to qualify for Dean’s List, a student must have completed a minimum of 12 credits in the term with a GPA of 3.5 or higher. The eligible student must have no grades below C.

For evening undergraduate students a term will include Fall I and II, Spring I and II or Summer I and II.

The Dean’s List acknowledgement will be posted on the student’s transcript.

Honor’s Convocation

Honor Society

Students whose names appear on the Dean’s List for four consecutive semesters and whose aggregate grade point average is at least 3.5 are eligible for membership in the Honor Society.

President’s Honor Society

Students whose names appear on the Dean’s List honors for six consecutive semesters and whose aggregate grade point average is at least 3.75 are eligible for membership in the President’s Honor Society.

During the spring semester of each year all members of the Honor Society and the President’s Honor Society will be invited to the Honor’s Convocation and receive a certificate in recognition of their accomplishments.

TRANSFER CREDITS

Transfer Credit Evaluations

Transfer credit is awarded for courses successfully completed at a regionally accredited institution or an institution whose accrediting organization is recognized by the Council for Higher Education Accreditation (CHEA).

Official transcripts from each institution attended must be submitted in order for the Office of the Registrar to complete a formal transfer evaluation. Courses completed outside of the United States require students to submit an official foreign credential evaluation and translation along with their official transcripts. Each transfer evaluation is reviewed by the Office for Academic Affairs and/or appropriate college faculty.

A course evaluated as equivalent to a Lynn course is accepted as that course. A course evaluated as not equivalent is accepted as an elective. If a preliminary evaluation is completed for a student based on an unofficial transcript, that evaluation will not be considered final until official documentation is received and reviewed for accuracy.

Although credits transfer in from other institutions, grades do not. Transfer courses are listed on the transcript with a grade of “T.” A student’s Lynn grade point average is based solely on courses completed at Lynn University.

Undergraduate Student Transfer Policy

Any course that was successfully completed at another institution may be accepted. All undergraduate students must complete a total of 30 credits at Lynn in order to receive their degree.

Graduate Student Transfer Policy

No more than six transfer credits are accepted.

Permission to Study at Other Institutions

Students who desire to attend another collegiate institution while enrolled at Lynn University and want to ensure that those credits will apply to their Lynn University degree program must complete the form and obtain the appropriate signatures. Only credit hours transfer, not grades. The last 30 credits must be taken at Lynn University.
Chapter VII.

Academic Support Services

Institute for Achievement and Learning

The mission of the Institute for Achievement and Learning is to provide an innovative strategic menu of services that creatively links all aspects of Lynn University student life and academic achievement. To ensure positive opportunities to embrace, engage and empower students, the Institute offers diagnostic information; personal profiles and assessments; and a menu of comprehensive, creative and diverse support services that are available for students. The Institute also provides professional development and training, with opportunities for educational research that extend from faculty workshops to seminars designed to include the greater community. The Institute has been created as the vehicle to promote the idea of label-free learning, encouraging academic excellence both in and out of the classroom and celebrating the uniqueness of every mind and potential of every student. The Institute is the coordinating body for existing and new campus academic support services and the primary source for student support outside of direct classroom instruction. All students have access to the Institute, which includes the following resources and programs:

- The Diagnostic Center: The Institute's diagnostic branch and the beginning of the Lynn University educational journey starts with the administration of Alpha Profiles to identify and support students’ strengths and affinities. The Center offers diagnostic testing and recommendations for students struggling academically. Services are free and open to all Lynn University students.
- Lynn University Wayser Tutoring Program: The program is designed to assist all Lynn University students with course work by offering individual and group content-area and process tutoring. Individual tutoring is fee-based, while group tutoring is free.
- The Institute programs are designed to offer coaching, priming labs, specialized classes, a large staff and professional tutors for students with learning challenges.
- ADA Office: Available to students who need special accommodations for learning and testing.

Alpha Profiles

The purpose of the Alpha Profile, which is administered within the Institute's diagnostic center, is to provide each student with his/her personalized profile by administering inventories and interpreting each student's potential for success. The Alpha Profile helps students develop an understanding and knowledge about themselves to empower them to become lifelong learners. The Alpha Profile is the first step toward this lifelong learning goal. The results of the Alpha Profile help students explore, discover and learn about themselves so that they may excel in the culture of the Lynn University campus.

To complete the Alpha Profile each student answers a series of questions designed to inventory learning styles, personality traits, multiple intelligence clusters and lifestyle choices. After this initial process, the Institute provides each student and his/her advisor with a profile that reflects individual interests and values and suggests learning environments and study methods that may be most effective.

The Institute's services offer students an extraordinary opportunity to excel at the college level. Programs provide motivated students with learning challenges the additional support they need to achieve and maintain academic success and earn a university degree.

Students enrolled in the Institute are provided with academic mentoring, a separate testing area, extended time for examinations (including other approved accommodations on exams), specialized Dialogue courses with a low pupil-to-teacher ratio taught by Faculty Institute Fellows and tutorials in most subject areas. The classes are taught by professors who have been trained in learning style differences, classroom management techniques and assessment strategies, in addition to having expertise in their academic field. These Institute-trained professors, Institute Fellows, use the same syllabi and teach the same content that is taught in similar courses offered to all students at Lynn University.

All students accepted into the Institute freshman year are required to take a Dialogue course titled Self as Learner, a three-credit college level course. This course is diagnostic in nature and focuses on the theories of behavioral psychologists and the relationship between intelligence and learning. The Self as Learner course is designed to help students understand and identify their own individual learning style, their cognitive strengths and weaknesses, and the sensory modalities that will help them succeed as students at Lynn and as lifelong learners.

First-year students in the Institute are required to attend three one-on-one tutoring sessions per week to enhance their academic success. However, students may schedule additional half-hour tutoring sessions as needed. All tutors hold advanced degrees, including many who have terminal degrees in their respective fields.

The Wayser Family Tutoring Center is located in the Count and Countess de Hoernle International Building. Tutoring sessions are scheduled through the Tutoring Center coordinator. Center hours are Monday through Thursday, 8 a.m. to 8 p.m., and Friday, 8 a.m. to 5 p.m.

The Testing Center is located on the third floor of the Count and Countess de Hoernle International Center. Testing Center hours are Monday through Friday, 8 a.m. to 6 p.m.

The Institute uses a diagnostic coaching model to address behavioral issues specific to college students with ADHD such as organization skills, prioritizing of assignments and daily activities, strategies for procrastination issues, time management skills, coping with impulsivity, strategies to aid with focus and attention in and out of the classroom, and study skills.

The optional experiential learning "component" immerses students in bodily-kinesthetic and naturalist activities based upon Howard Gardner’s Theory of Multiples Intelligences. The “lessons” learned through this intrapersonal reflective process (utilizing the “Go Green” campaign and student initiated butterfly garden) provide students with valuable insights about the way they learn best—and about themselves. Students gain an understanding of their cognitive strengths and how to utilize their potential.

The Diagnostic Center is located on the second floor of the de Hoernle International Building. The center offers intelligence and achievement assessments for enrolled students who may be struggling academically. Students receive psychoeducational testing,
face-to-face meetings to discuss academic strengths and weaknesses, recommendations for increasing academic skills, and follow up meetings to ensure an understanding of the assessments and recommendations. A full-time licensed psychologist is on staff to administer these assessments.

There is no fee for diagnostic testing services offered to full-time Lynn University students. Hours are Monday through Friday, 9 a.m. to 5 p.m.

Additionally, the Diagnostic Center, tutoring is offered to all Lynn University students. The center offers individual and group tutoring. Students can attend on a walk-in basis or make an appointment by signing up at the Wayser Tutoring Center. In the event that a student cannot attend a scheduled appointment, he or she must notify the Lynn tutoring staff within 24 hours or be charged the normal fee. The meetings between the center staff and students are face-to-face, and tutoring is provided for most Lynn University courses. The Institute supports writing across the curriculum, serving both day and evening students.

**American Disabilities Act (ADA) Accommodations**

The ADA coordinator reviews each student’s documentation to determine if he or she is eligible to receive ADA services and reasonable accommodations provided at the college level. Accommodations provided by the Testing Center may include, but are not limited to: extended time testing in a separate testing and distraction-reduced environment, reader, scribe, computer access for recording answers to test questions, and alternative test formats. It is important to note that no tests are altered in either format or content by the Testing Center staff and that readers are only permitted to read the questions exactly as they are written. Testing Center staff members proctor all exams.

Each professor provides individually written instructions to the Testing Center on how to administer each test. While taking the tests, students must follow established rules and procedures outlined by the Testing Center. They are as follows:

- Students must disclose to their professor evidence of their eligibility for testing accommodations by submitting to the professor an accommodation sheet signed by the ADA Coordinator.
- For each test, students must notify their professor prior to test day that they will take their test in the Testing Center.
- For each test, students must notify and set an appointment with the Testing Center prior to test day.
- The test must be taken during the student’s regularly scheduled class time for the test being administered, unless stated otherwise by the professor.
- Students must arrive on time for their test appointment.
- Students must sign in at the Testing Center before they may begin the test.
- No books or notes are allowed at the student’s desk unless stated otherwise in the professor's instructions to the Testing Center.
- If a student is caught comprising answers, his or her test will end immediately, and the Testing Center will notify the professor.
- Upon completion of a test, students are required to sign out of the Testing Center. Each test is then sealed in an envelope for security and returned to the appropriate professor as per his or her written instructions.

**Hannifan Center for Career Development & Internships**

The Hannifan Center for Career Development & Internships assists students with their career selection and job search in group sessions and/or by private appointment. Workshops on a variety of topics are provided: résumé development, interview skills, how to dress for success, and launching a job search. An annual Career Fair provides students with access to a large number of recruiters from a variety of employers. A variety of services are provided to students by appointment: career counseling, career and personality assessments, informational interview referrals, internship site resources, mentor relationships, résumé review, interviewing practice, and on-campus interview dates. It is recommended that students who are "undeclared" majors contact the center to begin examining career alternatives, thus enabling them to make appropriate course selections.

The Hannifan Center for Career Development & Internships also is a valuable career information and resource center. A library in the center provides information about a broad cross-section of employers, careers, internship opportunities, corporate training programs and local job opportunities. Through the Lynn Web site, the center provides information on career options for each major, jobs held by successful alumni, information about the annual Career Fair and opportunities for employers to connect with students. There is an online job/internship search system to help students research and connect with employers who are actively looking for candidates.

**Center for Instructional Innovation**

The Center for Instructional Innovation (CII) fosters the use of educational technology to enhance teaching and learning. The CII features a technology-rich model classroom and a faculty conference room on the second floor of Lynn’s Library where faculty can collaborate and connect via video conference equipment. The CII also partners with the academic deans and the Institute for Distance Learning on various projects. CII services include: assisting faculty, staff and students in gaining technology literacy skills; coaching faculty in the creative use of educational technology; and offering pedagogically-informed support in multiple formats, including workshops, showcases, online tutorials and printed materials. The CII explores emerging technologies and encourages discussion of new ideas and opportunities.

**Center for Global Education and Citizenship**

The Center for Global Education and Citizenship supports the university’s 20/20 Vision “to be recognized as one of the most innovative, international and individualized small universities in America” by continuing to further the internationalization of the Lynn University student experience. The Center is grounded in its commitment to fostering global engagement and learning by promoting international experience abroad, furthering the internationalization of the curriculum and encouraging experiential learning as well as service.

The Center for Global Education and Citizenship supports the university’s mission through its dedication to the creation of quality
international programs and services, working closely with faculty and administrators. The Center focuses on Study Abroad through short and long-term education programs abroad, in the Dialogues of Innovation January Term and international internships. Detailed information regarding all of the Center’s programs and services can be obtained by contacting the division directly or on the Web site www.lynn.edu/CGEC.

Study Abroad Programs

Study abroad programs offer Lynn University students opportunities to critically analyze the complexities of a country’s cultural, social and historical contexts. Students may select a semester, summer or full-year program abroad. Credit may be earned toward a Lynn University degree through study abroad programs approved by the student’s advisor and the Center for Global Education and Citizenship. Service learning is also within study abroad. All programs are open to Lynn University students. Information on study abroad and service learning is available in the Study Abroad Resource Library located on the second floor of the Count and Countess de Hoernle International Center.

Irish American University (IAU) in Dublin, Ireland

Irish American University was established in 1993 as American College Dublin (ACD) and is affiliated with Lynn University. Located in the heart of Dublin, on Merrion Square, part of the university campus consists of the Square’s distinguished Georgian houses including the childhood home of Oscar Wilde.

IAU offers degrees in several disciplines. The university is designated by the Higher Education Training and Awards Council (HETAC), the state body responsible for third level educational and training institutions in Ireland. The following degrees are fully accredited by HETAC:

- Bachelor of Arts in Accounting and Finance
- Bachelor of Arts in Behavioral Science
- Bachelor of Arts in Business and Information Technology
- Bachelor of Arts in International Business
- Bachelor of Arts in Psychology
- Masters of Business Studies in International Business

IAU maintains a tremendous array of course offerings within the fields of business, hospitality management and psychology. Students not majoring in one of the above noted fields are still able to take a wide range of liberal studies courses during their study abroad semester to help fulfill their Lynn requirements. Terms of study include a fall and spring semester, and summer programs. Semester programs are designed to carry 12 to 15 credit hours, while summer programs carry 6 to 12 credit hours. Optional IAU short-term programs in Ireland and Italy are offered during all terms of study.

Lynn University Shanghai Program

2009-2010 marked the inaugural academic year of the Lynn University Shanghai Program. The university jointly administers a Dialogues of Innovation January Term and spring semester program in Shanghai with CET Academic Programs (CET). Since its founding in 1979, CET has been providing various cultural and language immersion programs in China. The Dialogues of Innovation January Term will commence on the campus of Donghua University Jan. 5, 2011. The spring semester begins Feb. 15, 2011, and finishes June 6, 2011.

Lynn’s inaugural Shanghai program focuses on globalization in China, and while living in Shanghai, students will have the unique opportunity to learn firsthand about the challenges and successes China has faced. Shanghai symbolizes this transformation, not only in a visual sense with its modern cityscape, but also as the largest city in China in population and as a global trade center. By participating in the Shanghai Program, Lynn students will gain an appreciation of China’s role in globalization and further their global understanding.

Lynn students will be completely immersed in the Shanghai experience while abroad. While living on the campus of Donghua University, students will have a local roommate. This provides students with a unique perspective on local culture and university life. And, as Lynn students attending the program will take courses in Mandarin, these roommates can help them gain language proficiency as well. In addition to Mandarin, students will take courses centered on globalization and a course developed and taught by a Lynn University faculty member. Equally exciting, students will participate in an internship while studying in Shanghai. Students will work with CET to identify and select their internship site which could be a local business, consulate or non-governmental organization.

Faculty-Led Academic Programs Abroad

Lynn University faculty members provide international educational enrichment opportunities. Colleges of the university host short-term programs, during the Dialogues of Innovation January Term and other times in the academic year, that introduce students to the host country and provide opportunities for service learning.

During this Dialogues of Innovation January Term, Lynn students have the opportunity to participate in a rich variety of academic programs abroad. Students can venture with faculty members to locations such as Australia, the Canary Islands, China, Ecuador, Morocco and Portugal. The following are just a sample of the experiential learning opportunities available this year. These include newly proposed courses such as Chef’s Tour of Australia, Travel Channel You and The Galapagos Islands in Ecuador. And, several courses that were in high demand last year are being offered again such as the Journey of Hope for Jamaica experience, and the Winter X-Games.

Counseling Center

The Counseling Center, located in the south end of the Freiberger Residence Hall, offers a variety of mental health services, including individual and group counseling for students dealing with emotional, psychological, behavioral and social issues. These services are strictly confidential and free of charge to all registered Lynn University students. Psychiatric evaluations for medication may be arranged on campus or be directed to qualified, off-campus, private practitioners. The Center is open Monday through Thursday from 8 a.m. to 8 p.m. and on Fridays from 9 a.m. to 5 p.m.

Honors Programs

University Honors Program

The goal of the Honors Program is to create a dynamic academic environment that may serve to awaken intellectual curiosity, promote free and active inquiry, and stimulate creative discovery. The innovative curriculum encompasses the full breadth of liberal arts and sciences while promoting both an in-depth exploration and a wide intellectual synthesis of the ideas and concepts that have created the dilemmas and choices of the past, present and future.

This particular emphasis is seen as the groundwork for developing the intellectual skills necessary to confront the global transformation currently taking place. By design, the Honors Program provides a process through which selected student scholars engage in and experience the entire learning cycle of concrete experience, reflective observation, abstract conceptualization and active experimentation, which then can be applied to any area of interest.

Lynn University 2010-2011 Academic Catalog 57
The outcome of the process is the development of a broadened liberal arts and sciences perspective along with a greater appreciation and grasp of the complex variables, phenomena and issues that continuously dominate the dynamics of global change. It is intended that all qualified students, regardless of major or area of concentration, have the opportunity to participate in the Honors Program and thereby gain these enormous advantages.

Eligibility for the Honors Program

Eligible and/or promising students will be identified by the Admissions department, based on SAT/ACT scores, GPA and class standing. The admissions files of those students will be reviewed by the Honors Committee, and students selected by the committee will be invited by letter to join the Honors Program. These students will not need to apply, but simply accept the invitation if they choose to participate in the program.

Incoming Honors students will be asked to come to campus one day early during orientation, in order to participate in an Honors Orientation reception. During this meeting, new freshman Honors students will be matched with juniors in the Honors Program, who will act as their student mentors for their first year in the program. In addition, during the orientation week, upperclassmen in the Honors Program will lead the freshmen discussion sections for the summer reading program.

Transfer Students

Transfer students who wish to enter the Honors Program, who have not completed more than 30 credits, must have a minimum GPA of 3.5. They may apply to the Honors Program by mail and they will be notified of their application's status prior to fall registration. In addition, all transfer students are required to interview with the Honors Committee and will be considered for eligibility on a case-by-case basis.

Currently Enrolled Lynn Students

Students not invited to join the program, who perform particularly well during their first semester and have a minimum GPA of 3.5 on all college work completed, may apply to join the Honors Program at the end of their first semester at Lynn. Each student also must provide recommendations from two Lynn University faculty members in support of his or her candidacy. Applicants must also provide a written statement in which they describe their interest in the program.

Non-Honors Program Students

Undergraduate degree students may participate in the Honors Program. Non-Honors Program students may take honors courses, so long as they have a minimum GPA of 3.5 and there are openings in the course they wish to take. The student must receive permission from both the instructor in charge of the course and a designated Honors Committee member and may take up to nine credits (three courses).

Application Procedure

Students apply for admission to the Honors Program during the spring semester. An application consists of the following:

- a completed application form, available from the office of the secretary of the College of Liberal Education.
- two letters from faculty supporting the applicant's admission to the Honors Program.
- a written statement of the applicant's interest in the Honors Program and his or her self-assessed creativity and imagination.
- an interview with the Honors Committee.

Honors Curriculum

Honors students pursue a rigorous and exciting course of study. Honors classes focus upon specific themes that are investigated from different perspectives. Guided by distinguished faculty members, students are encouraged to design their own programs of study. Honors students receive an individualized education and are expected to demonstrate leadership abilities.

Honors students must take all of their 100 and 200 level Dialogues of Learning courses, including DSL and DQR, in Honors sections. In the junior year they are required to participate in an Honors community service project. And in the senior year they are required to take the year-long Honors Capstone course (in place of their major college's capstone), leading to an Honors Thesis.

Graduation for Honors Program Students

Graduates of the Lynn University Honors Program having earned a GPA of 3.5 for the required 36 honors credits in addition to having attained a GPA of at least 3.25 shall receive an Artium Baccalaureus Honoris, Scientiae Baccalaureus Honoris or HonorisGeneralis depending upon their major.

Lynn Degree 3.0

The Lynn 3.0 programs allows student to complete their degree in three rather than four years. If selected, Lynn 3.0 scholars will be required to participate in a one month special summer term from May to June and to enroll in 18 hours of credit for their final two years of enrollment. As a special benefit, Lynn 3.0 scholars are not charged any additional tuition or fees for these overload hours.

- Summer term “Dialogues Institute” focus is 200 level DOL: allows students to stay on track with Core while focusing major field and upper level course work in 2nd and 3rd years

Benefits

- Save an estimated $45,600 (tuition and fees, room and board, books, transportation, and personal expenses) over the cost of a 4-year degree.
- Priority course registration, ensuring you'll get the courses you need
- Ability to design your own course of study, with strict guidance from the dean
- No additional charges for required summer courses and accelerated course loads
- Accelerated entry into graduate school or the job market

Eligibility and Application Procedure

1. Students apply after the fall semester of the first year. Program limited to 20 students per year. Minimum GPA is a 3.00 based upon 15 credit hours. If openings are available within the
cohort, students may apply for admission in the spring semester with final approval pending receipt of spring semester grades.

2. Students accepted into the program must formally re-commit each semester and must maintain satisfactory progress towards their degree.

3. The Vice President for Academic Affairs, in consultation with the Deans of each college, and the Dean if Institute for Achievement and Learning will make all academic decisions regarding admission and participation in the three year program.

Information Technology

The Information Technology (IT) Department aims to fulfill the university’s mission “to create and constantly improve educational experiences in a living-learning environment with state-of-the-art information and communication technologies that provide access to worldwide networks.” IT coordinates faculty development sessions in order to facilitate the technological sophistication of the university community by ensuring that electronic education and information technology education are integrated into the teaching and learning experience at Lynn University. This team’s approach to technological excellence equips students and faculty for the emerging application of technology in the classroom and affords an opportunity to develop distance learning modalities parallel to traditional instruction. IT provides resources for satisfying the computing needs of students and faculty. In so doing, IT professionals assist with the use of hardware and software available to faculty, students and staff, while improving administrative effectiveness and efficiency through the innovative use of sophisticated approaches to institutional management.

The Information Technology Department is comprised of several divisions, which include: Network and Support Services, Telecommunications, Information Services, Institute of Distance Learning, Center for Instructional Innovation and Campus Card Office.

Computer Laboratories

Computer laboratories are available in the Rolland A. and Lullis M. Ritter Academic Center, the de Hoernle International Center, library, the Green Center Video Conference Lab and the Assaf Academic Center. The library also has a bibliographic research system designed for literature searches. Computer stations are available with Windows and the latest versions of Microsoft Office Suite. Internet is available throughout campus using a redundant Smart Ring DS-3 90 Mbps connection. The campus also has a significant wireless network, which is available in 90 percent of the buildings. If not scheduled for a class, computer laboratories are available in the Ritter Academic Center, the de Hoernle International Center and the Coleman Electronic Classroom (library). An additional 100-plus computers are available within the Lynn Library during regular library hours for access to research databases, the Internet and selected Windows applications. Four library carrels with network drops are provided in the library’s periodical area (main floor) for Internet access using the university’s high-speed Ethernet connection.

Institute for Distance Learning

The Institute for Distance Learning (IDL) facilitates the delivery of Distance and Distributed Learning at Lynn University. IDL provides training workshops in course design, course content and Blackboard software. Course delivery is primarily Internet-based, asynchronous, interactive and collaborative. In addition, IDL provides student tutorials and instruction for first-time participants in Internet-based learning. In conjunction with the respective colleges, IDL supports the deployment of targeted programs selected for delivery online. IDL works closely with faculty in their course development to ensure high-quality programs that meet the needs of learners seeking alternate course delivery.

Internship Program

Lynn University’s overall educational purpose is to produce graduates who possess the knowledge, confidence, competencies, and ethical consciousness to assume positions of responsibility and leadership as productive, global citizens prepared for lifelong learning. The internship programs offered through each college help students achieve these goals by enabling them to gain real world work experience whereby they take on temporary roles as workers in an organization and reflect on these experiences in an academic setting. Student reflections are made in written and online assignments. Written employer evaluations enable students to identify their professional competencies and personal characteristics, and measure their development in these areas throughout the internship experience.

Internship requirements vary by college or major within the university. In general, however, students who wish to register for an internship must:

- be a full-time day, evening or graduate student at Lynn University.
- have a minimum GPA of 2.5 in their major.
- receive approval from their college internship liaison.
- meet with the director of internships before the internship begins and receive an application form for registration.
- attend regular class meetings or work online and successfully complete the required academic course.
- attend an internship orientation session.
- if an F-1 international student, see the Designated School Official (DSO) at the Center for Global Education and Citizenship for authorization of Curricular Practical Training (CPT). The F-1 student may not begin the internship until the student sees the DSO and receives the DSO’s CPT approval.

Eugene M. and Christine E. Lynn Library

The Eugene M. and Christine E. Lynn Library supports the university’s academic programs by providing learning resources and services that meet the information needs of students and faculty. The library serves as the academic nexus of the campus, by providing a vibrant one-stop place for students and faculty to study, read, write, watch, listen, meet, research, learn, and socialize.

The library fulfills an essential role in the university by selecting and organizing a collection of materials that is continually evaluated and augmented to ensure its relevance to the curriculum.

The library promotes the use of these materials by:

- making them easily accessible.
- providing effective instruction and orientation.
- delivering efficient and courteous service.

The library’s learning resources include a collection of approximately 95,000 physical items, including books, journals, magazines, CD's and music scores. The library also has a large collection of popular DVDs, known as The Lynn Parents and Families Collection of Great Movies. The library’s electronic resources are vast. A carefully selected collection of research databases containing 76,000 e-journal titles, biographies, reference books, statistics, images, and more is accessible through the library Web site. The library also has more than 99,000 e-books that are accessible via the Web.

Lynn students use the library’s 100 computer workstations in addition to the availability of wireless access throughout the building. The Coleman Computer Center, located at the front of the library, is open 24 hours a day, seven days a week. The Perper Lounge, located adjacent to The Coleman Computer Center, is also available twenty-four hours, seven days per week.
In addition to the library’s services and learning resources, the building is home to the offices of the president emeritus, the vice president for academic affairs, the academic dean, Eugene and Christine E. Lynn College of International Communication and The Center for Innovation in Instruction.

Additional resources are available through Lynn Library’s membership in SEFLIN (Southeast Florida Library Information Network), providing students with direct access and borrowing privileges in regional academic libraries with holdings in excess of 20 million items.

Educational Programs

Definitions of Majors, Minors and Specializations

Definition of a Major

A major consists of a minimum of 30 credits within a well-defined discipline or group of disciplines. The major allows students to develop a significant degree of expertise in an area of study. The exact courses, credit requirements, prerequisites and electives for each major will vary. An outline of these requirements is included in the departmental program areas in the university catalog. In some majors, the opportunity for a concentration in the discipline is accommodated via a specialization (see below).

Definition of a Dual Major

In addition to satisfying all admission, progression and graduation requirements of the program offering a first major in a baccalaureate degree program, students may enroll in a second major. To do so, the student must:

- earn a minimum of 30 credit hours at Lynn University beyond those required for the first baccalaureate degree or a minimum of at least 150 credit hours.
- satisfy the admission, progression and graduation requirements of the program or college offering the second major.

Students may be enrolled in two major programs simultaneously. Each graduating undergraduate student receives only one academic transcript. For double majors, the academic transcript lists both majors; however, only one diploma will be issued.

Definition of a Minor

A minor consists of a minimum of 15 credit hours outside of the major. The minor enables a student to develop a secondary degree of expertise in an area of study in addition to his or her major academic program of study. While a minor program is intended to enable students to develop some degree of expertise in one area of study, it may be interdisciplinary. The completion of a minor is optional. The minor may be chosen to support the major, to offer greater job opportunities to the student on graduation or to provide recognition of study in a second academic area.

To receive a minor, a student must also complete the requirements of a major of a baccalaureate degree concurrently from the university. Course work must include a minimum of nine upper divisional level (300+) credits and students must complete courses as indicated in the catalog. The student’s transcript shall indicate the minor.

Definition of a Specialization

Some majors may include an area of specialization. A specialization consists of a sequence of a minimum of 15 credit hours of course work within the major. Course work must include a minimum of nine upper divisional level (300+) credits and students must complete courses as indicated in the catalog. Where appropriate, the transcript shall indicate the major and the specialization (i.e., Major: business administration and specialization in international business).

Degrees

The following degrees are offered by Lynn University upon completion of degree requirements:

Undergraduate Curriculum

GENERAL EDUCATION AND STUDY IN THE MAJOR

Perspectives and Academic Skills

The university believes that a liberal arts education is an essential foundation for, and complement to, its many career-oriented programs. General education and study in the major contribute to achieving the university’s overall educational purpose: To produce graduates who possess knowledge, confidence, competencies and ethical consciousness to assume positions of responsibility and leadership as productive, global citizens prepared for lifelong learning.

General education knowledge and academic skills are developed within a diverse learning community of students and faculty in order to foster diversity of thought and provide the opportunity to integrate varied perspectives, experiences and breadth of learning. The major provides in-depth learning within a discipline or group of disciplines and further develops perspectives and academic skills. General education and education in the major contribute to students attaining the following baccalaureate degree competencies:

Perspectives

- Acquisition of an outlook that shows reflective respect for individual differences, diversity of opinion and thought, multicultural and global awareness, and breadth and depth of learning.
- Ability to cultivate the development of values and ethical consciousness for responsible participation in a complex, changing society.
- Awareness of and appreciation for people, cultures and contemporary issues in preparation for participation in global transformations.
- Breadth of learning in a variety of disciplines that informs judgments and encourages inquiry.
- Depth and application of learning in a discipline or group of disciplines (mastery of specialized knowledge) to effectively serve and lead in a chosen profession.
- Preparation for positions of responsibility and leadership as productive global citizens who value lifelong learning.

Academic Skills

- Communication: Reading, writing, speaking and interpersonal/relationship skills.
- Mathematical Computation: Computing, interpreting and drawing conclusions from quantitative data.
- Computer Technology: Using computing hardware and software applications as tools in personal and professional environments.
- Information Literacy: Identifying, locating, evaluating and using relevant information.
- Intellectual Strategies: Problem-solving, critical and creative thinking, and inquiry.

THE DIALOGUES OF LEARNING

Core Curriculum for Full Time Undergraduate Program

As an institution that excels in interactive learning and innovative pedagogies, Lynn University’s core curriculum, the Dialogues of Learning, offers students the opportunity to develop the skills, knowledge and perspective essential to their intellectual, personal and professional education. The Dialogues offers an innovative approach to general education that integrates liberal and professional study, knowledge and skills acquisition, and multidisciplinary perspectives and methods within a four-year developmental and outcomes-based curriculum.

The origin of all learning is questioning, thinking, asking, wondering why. Whether talking to ourselves or to others, dialogue is the medium through which we all learn, create, acquire and understand. At a time when the sheer volume of information is ever increasing, the essential skills of reasoning, analysis, reflection and the art of discourse remain essential. In the aesthetic dimensions of human imagination and creation, curiosity, wonderment and inspiration arise from sensory interactions and dialogues of self-expression. In addition, for every known fact or accepted truth, there is always a need to question, to constantly ask why, or else we surrender not only our capacity to think, but also our ability to learn, change and grow.

In that spirit, Lynn University's core curriculum views dialogue, philosophically and pedagogically, as the basis for all learning. Using a thematic approach to the perennial questions and goals of liberal education, the core centers on three comprehensive domains of human thought, expression and action:

- Dialogues of Self and Society
- Dialogues of Belief and Reason
- Dialogues of Justice and Civic Life

Over four years, each student is required to take 12 seminars from these Dialogues, one in each of the thematic areas. In their content and pedagogy, the seminars within the Dialogues of Learning:

- Engage students in conversations exploring the richness of human thought historically, cross-culturally and across disciplinary boundaries.
- Create a culture of inquiry, reflection, commitment and action by requiring that every course be taught in a seminar format utilizing collaborative and interactive pedagogies.
- Foster an understanding of both the United States and global community from an historical and contemporary perspective.
- Integrate critical thinking and communication skills, information literacy, and technological literacy into every course.
- Structure the acquisition of both skills and knowledge in a four year progressively challenging and sequential schema that includes course work in the major and general education.

In concert with the Dialogue seminars, students are also required to take courses focused in both quantitative reasoning and scientific literacy. The ability to understand and analyze quantitative information and scientific knowledge are essential to engaged and informed citizenship in the 21st century.

Structure and Requirements

The seminars are structured in three distinct phases reflective of the developmental approach to student learning: Foundational, Transformational and Integrative/Capstone. Student learning outcomes in critical thinking, communications skills, information literacy and technological literacy are defined and measured in all Dialogues seminars based upon institutional-wide rubrics for each skill area that are developmental requiring increasing levels of competency and ability. Within the 12 courses in the three Dialogues of Learning areas, each student must complete four courses focused on the American experience and four courses designated as Global Studies, one for each area at each level.

A. The Foundational Stage

The first two years define the Foundational period. During this time, the Dialogues engage students in common and core principles, ideas, people, concepts, great works, etc. that we believe are essential to a liberal education. In the Foundational sequence, the seminars are structured for coherency and interdisciplinary perspectives through a combination of a common curricula and special topics; at least 50 percent of the course will contain common material and the remaining 50 percent will examine how these core principles and knowledge are applied in a diversity of disciplines.

- There will be Foundational seminars in each of the three main Dialogues offered at the 100 and 200 levels. Students must complete one seminar in each Dialogue at each level by the end of the sophomore year.
- Every student will be required to take at least two (one at each level) of their Foundational Dialogues with a member of the English faculty.
- Among these six foundational level Dialogues, student must select one at the 100 and one at the 200 level that have an American focus and one at each level that has a Global focus.

B. The Transformational and Integrative/Capstone Levels

In the third and fourth years, the Transformational and Integrative/Capstone levels the seminars become increasingly integrated with the major fields of study with higher levels of skills acquisition and application with more in-depth content and focus.

- Within the Dialogues, each student must complete two seminars at the 300 and 400 levels, including at least two in the major field or school.
- Within the six upper level Dialogue courses, each student must complete two courses focused on the American experience and two courses in Global Studies at the 300 and/or 400 levels.

C. Quantitative Reasoning and Scientific Literacy Requirements

1. Quantitative Reasoning

- Students must complete two courses in QR during the Foundational period; QR 100: Why Numbers Matter; Introduction to Quantitative Reasoning; and QR 200: Special Topics in Quantitative Reasoning for Explanation and Analysis.

There will be a common text for both courses. While all students will take the same QR 100 course, in QR 200 students can select different sections/courses based upon a specific theme or topic.

- Students must complete two additional QR courses at the 300 and 400 levels that can be taken from within the Dialogues or in any course that carries a QR designation, including courses within the major field.

2. Scientific Literacy

- Students must successfully complete four courses in Scientific Literacy, one at each level, including a Foundational course SL 100: The
Dialogues of Innovation: The January Term

To accentuate and foster the spirit of innovation that distinguishes the Lynn experience, the core curriculum includes one additional requirement: a specially-designed educational component, *Dialogues of Innovation*. In each of the four undergraduate years, students will successfully complete one course in January term that will focus on innovative ideas, topics, pedagogies, and/or experiential learning experiences. During the January term, the university will also offer a *Symposium on Innovation* which will include theorists and practitioners who are actively involved with creating new ideas, approaches and practices in their respective fields.

Collectively, therefore, the *Dialogues of Learning* represents what the Lynn University community believes is essential to undergraduate education and defines the knowledge, abilities, and habits of heart and mind that will define a graduate of Lynn University.

Listed below are examples of the types of courses offered within the *Dialogues of Learning*:

- Myth, Magic & Morality

MAJOR: ENGLISH

Designed to provide students with a strong background in analyzing literature and to facilitate competency in communication, literary studies engage students in examining structural elements in literary genres and literary movements in the English language. The program also provides an opportunity for focused study on particular authors, gender-related issues and cultural perspective of literature. Students develop sound critical thinking skills, analytical skills and research skills to enable them to best communicate their thoughts in the classroom and beyond. Exciting career paths can begin with English studies, and this program will prepare students for any career path or continuing education plans.

MAJOR: INTERNATIONAL RELATIONS

International Relations at Lynn University introduces students to the peoples, places and events that shape the political, historical, cultural, social and economic dynamics of the world. Students will be prepared for the multifaceted world in which they will become local, national and global citizens and leaders. This is accomplished through an integrated learning approach that relies on multi- and interdisciplinary courses grounded in political science, history, modern languages and economics/business. An emphasis on student-centered learning and flexibility of the curriculum—through a set of upper level major electives—provide an individualized orientation for studying International Relations.

Lynn University offers a B.A. degree in International Relations that is designed to maximize graduates’ opportunities for advanced study or employment. The department also offers a minor in International Relations that complements any one of several majors. A second minor in Regional Geopolitics is available to all students at Lynn University. It provides a broad yet detailed foundation in regional political, historical and cultural affairs. The various curricula may include courses completed as part of a study abroad program, either through Lynn University or other international higher education institutions.

MAJOR: LIBERAL ARTS

The Liberal Arts major is designed to provide students with a broad background in a variety of disciplines that include literature; the arts; history; philosophy; contemporary social issues and concerns; and historical, social and political epochs. The major in Liberal Arts facilitates competency in critical thinking skills and analytical skills, as well as communication skills of speaking, writing and aesthetic appreciation. Further, the Liberal Arts major fosters an appreciation for lifelong learning and prepares students to use criteria and rules from the specializations in communication arts, history and humanities to judge the quality and impact of information. The Liberal Arts major is appropriate for those students who intend to pursue a law degree, graduate studies or careers in a broad range of areas, including information-based agencies and human and cultural communication.

EXERCISE AND HEALTH MINOR/SPECIALIZATION

The Biology program offers the students with the opportunity to complete a minor or a specialization in Exercise and Health Science. The intent of the Exercise and Health Science minor/specialization is to allow exploration in topics related to human health and well-being, such as the physiological changes produced by exercise and the ways in which they contribute to health and the reduction of disease and stress.
The specialization is for Biology students interested in: corporate wellness, health promotion/professions and certifications such as for the American College of Sports Medicine. In addition, students from other disciplines (e.g., hospitality, business, sociology, visual and performing arts or psychology) may wish to complete a minor in Exercise and Health.

**MAJOR: CRIMINAL JUSTICE**

The Criminal Justice degree is an interdisciplinary degree that introduces students to the study of agencies, personnel, philosophies, procedures and methods that comprise the criminal justice system in the United States. The Criminal Justice program is designed to expose students to various aspects of existing law enforcement systems, judicial systems and correctional systems within an ethical and constitutional context.

The Criminal Justice program is designed to provide a curriculum that focuses on interpreting norms, mores, laws and rules that govern behavior in a civil society and that helps students develop a general understanding of a systems process within criminal justice. The program introduces students to diverse crime and causation theories, emphasizes the critical examination and evaluation of the ethical implications of various societal issues, and enhances effective written and oral communication skills as well as mathematical computations, quantitative reasoning, information literacy, intellectual strategies and computer use.

The Criminal Justice program is consistent with the vision and mission of Lynn University in that its academic programs reflect the importance of global transformation, multicultural awareness and international exchange and include the breadth and depth that are a basis for competencies in all programs.

Through the Criminal Justice program, students become able to describe the agencies and processes involved in criminal justice administration; explain the Bill of Rights and the impact on criminal justice system defendants; describe the nature, extent, etiology and control of law-breaking behavior; and compare and contrast the law enforcement systems of countries throughout the world.

Criminal Justice students learn to describe the structure and process of the American judicial system from a local, state and federal perspective; explain how gender affects women as offenders, victims and professionals in the criminal justice system; and analyze diverse ethical issues encountered in the criminal justice profession. These issues include discretion, affirmative action, use of deadly force, misconduct, civil disobedience, undercover operations and privacy. The program also helps students develop independent research study in the criminal justice field.

Graduates of the Criminal Justice program are able to apply ethical values in a diverse, complex and interconnected society and leave Lynn University with the knowledge, confidence, competencies and ethical consciousness to assume positions of responsibility and leadership.

the core and concentration requirements listed under the EDM Certificate Requirements above.

UNDERGRADUATE CERTIFICATE PROGRAM
CERTIFICATE IN EMERGENCY AND DISASTER MANAGEMENT

The Undergraduate Certificate in Emergency and Disaster Management consists of a series of upper division online courses in emergency and disaster management. Students complete three core courses, and then select course work in one of two concentrations, for a total of 15 credits. An internship course, providing a practical component with a suitable organization, is also offered as an option. Applicable to both the public and private sectors, the courses that comprise the undergraduate certificate program provide a foundation for the rapidly growing field of emergency management. Various emergency management theories, concepts and contemporary practices will be examined, thereby providing an understanding of crises within an intergovernmental framework.

PSYCHOLOGY MINOR

Designed to complement any degree program, the Psychology minor enhances the value of a degree while providing students with specialized knowledge in the field of psychological and behavioral studies. Specifically, students are provided the opportunity to focus studies on a broad range of psychology courses. Orientation to the study of Psychology and Developmental Psychology are foundational courses for the minor. Students may choose two courses from studies in the areas of Facilitator Training, Social Psychology, Industrial and Organizational Psychology, or Abnormal Psychology. Students enhance their knowledge of psychology by examining various in-depth topics in a capstone Seminar in Psychology course. To earn the Psychology minor, students must take 15 credits in the following manner:

The Bachelor of Science in Business Administration (B.S.) requires the completion of 120 credit hours. Sixty (60) of the 120 credit hours are to meet the general education requirements completed by all undergraduate students of the university. The 300 and 400 level Dialogues course requirements may be embedded within the major, which will constitute 30 of the 60 credits required. Fifty-one (51) of the 120 credit hours are the requirements for the major in Business Administration. With the remaining 39 credit hours, the student has six options: 1) complete a specialization in business and a minor in another academic discipline; 2) complete two specializations in business; 3) complete two minors in other academic disciplines; 4) complete a specialization in business and complete credits in course work that is customized to personal preference; 5) complete a minor in another academic discipline and complete credits in course work that is customized to personal preference; and 6) complete all of the 39 credit hours in course work that is customized to personal preference.

The College of Business and Management offers specializations for the undergraduate degree in the following areas:

- Fashion Management
- General Management
- International Business
- Marketing
- Aviation Management

The College of Business and Management offers a Master of Business Administration (M.B.A.) program with specializations in:

- Aviation Management
- Financial Valuation and Investment Management
- Hospitality Management
- International Business
- Marketing
- Mass Communication and Media Management
- Sports and Athletics Administration

FIVE-YEAR BACHELOR'S/MASTER'S PROGRAM

Since the M.B.A. program can be completed in six (6) eight (8) week terms by taking two (2) courses per term, all business students have the opportunity to complete their B.S. and M.B.A. in five years, provided they meet the entrance requirements for the M.B.A. and complete all programmatic requirements. If a student maintains a GPA of 3.3 or better for the first three years in the undergraduate program, then upon completion of the third year at Lynn, he or she may apply for entrance into the M.B.A. program. If admitted, the student may take up to six (6) credits at the graduate level that will count toward completion of undergraduate degree requirements.

BACHELOR OF SCIENCE

MAJOR: BUSINESS ADMINISTRATION

The Business Administration major incorporates all degree requirements including core curriculum requirements, requirements for the Business Administration major and requirements for a specialization in business and/or a minor in another academic discipline and/or course work customized to personal preference. Business Administration major requirements aim to provide breadth of knowledge in the discipline of business and its context, as well as learning activities that promote the integration of business knowledge. The specializations provide in-depth study in an area of business. A minor in another academic discipline and the course work customized to personal preference provide students with the opportunity to explore areas of learning outside of the business discipline for the purpose of complementing the knowledge acquired in the Business Administration major requirements. All candidates for the B.S. should work closely with their academic advisors to ensure that their programs of study have met the established guidelines for the degrees.

*** Simulator courses are taught in the same semester as the familiarization ground school as a lab and culminate with a check-ride to ensure basic handling objectives are met. These courses have a corresponding lab fee. Students may obtain a total of 6.0 hours of academic credit from one aircraft type training (i.e., 727 ground and simulator familiarization or 737 ground and simulator familiarization only). If the student takes AVM 477, he or she may not receive credit for any familiarization or simulator course. AVM 471, Airline Emergency Cabin Training, is separate from this, and may result in an additional three semester hours of credit.

#### UNDERGRADUATE AVIATION CERTIFICATE PROGRAMS

The undergraduate aviation certificate programs offered by the Burton D. Morgan School of Aeronautics prepare students for ground and flight examinations for various FAA flight licenses and ratings. The flight certificate programs are delivered in accordance with CFR Part 141 under Lynn University’s CFR Part 141 certificate. The simulator certificate programs are offered in accordance with CFR Part 142 under Lynn University’s CFR Part 142 certificate. All flight courses and the ATP certificate program culminate with a ground oral examination and a check ride with a FAA Designated Pilot Examiner. Successfully completing the ground examination and the check ride will result in the FAA issuing the appropriate license or rating. Mission Statement

The Donald E. and Helen L. Ross College of Education's programs are delivered via experiential learning, and therefore bring research to practice. These programs challenge students to develop intellectually and personally to their fullest potential, ensuring that they are equipped with the knowledge, skills and competencies required of successful educators to meet the needs of all learners in today's diverse society.

UNDERGRADUATE PROGRAM

Admission and Graduation Requirements

Admission to Lynn University does not admit the student to the Ross College of Education. For students interested in teacher education, the Ross College of Education has State of Florida-approved teacher preparation programs leading to teacher certification. All education students are required to take the General Knowledge portion of the Florida Teacher Certification Examination by the beginning of the second semester of their freshman year. In accordance with Florida Statute 1004.04 Public accountability and state approval for teacher preparation programs, students are required to meet the following prerequisites for admission to the teacher preparation program:

1. Have a grade point average of 2.5 on a 4.0 scale for the general component of undergraduate studies.
2. Demonstrate mastery of general knowledge, including the ability to read, write and compute by passing all four (4) of the General Knowledge portion of the Florida Teacher Certification Examination.
3. In addition, the student must demonstrate that they have:
   a. Completed at least 45 undergraduate credit hours.
   b. A grade point average of 2.5 on a 4.0 scale in all teacher preparation courses, with no grade lower than a C.
   c. Submit a completed application for teacher preparation programs prior to the deadline date. Using a portfolio assessment that demonstrates effective teaching principles, the faculty of the Ross College of Education will review the candidate's file to determine the status of admission to the state-approved teacher education programs.
   d. Demonstrate mastery of subject area and professional education knowledge by passing the Professional Skills and a Subject Area portion of the Florida Teacher Certification Examination.

The State of Florida may require additional courses in the field for certification prior to issuing the five-year certificate. Program requirements may change in order to comply with any changes made by the State of Florida Department of Education. Grandfather provisions do not apply when such program changes are made.

Note: Credits and degrees earned from colleges within the State of Florida that are licensed by the State Board of Independent Colleges and Universities do not automatically qualify an individual for a Florida Teaching Certificate. The established procedure requires the Florida Department of Education to review and recognize the credentials of the individual and the accreditation of the college granting the degrees prior to approving teacher certification. Any student interested in obtaining a Florida Teaching Certificate should contact the Florida Department of Education, Bureau of Educator Certification, Suite 201, Turlington Building, 325 West Gaines St., Tallahassee, FL 32399-0400.

ESOL REQUIREMENTS

ESOL Infusion Model is implemented as of September 2008 for all majors.

BACHELOR OF SCIENCE IN EDUCATION

MAJOR: ELEMENTARY EDUCATION GRADES K–6

The Elementary Education major is designed to prepare students to teach in grades kindergarten through six. Elementary Education students have experiences that combine learning theory with practical applications, promote the integration of technology and ESOL performance standards and encompass a variety of field activities. Students enrolled in the Elementary Education program will be encouraged to recognize and appreciate the diversity of today's children and to be able to meet their varied educational needs in a multicultural society. The courses in this state-approved program are designed to meet the requirements for certification in Florida. This program is offered in both the day and evening programs.

Students majoring in Elementary Education Grades K–6, must fulfill the following core and certification requirements:

BACHELOR OF PROFESSIONAL STUDIES

The Lynn University Switzerland Program is an exclusive arrangement through which students may remain in Switzerland after completing the DCT Advanced Diploma in Hotel and Tourism Management and pursue an American Bachelor's Degree offered through Lynn University's College of Hospitality Management. Courses in the Lynn University Switzerland Program are delivered to students on the DCT University Center campus using three delivery approaches: video conferencing, online and on-site. The classes taught using video conferencing enable a live exchange, which means that students have real-time interaction with the professor during the class periods using a direct connection between the Lynn and DCT campuses.

The Switzerland Program makes available a Bachelor of Professional Studies (BPS) degree in Hospitality Management.

**TOTAL CREDITS 121**

An important distinction with the BPS degree is that, in addition to the general education core that follows the same as that required of evening undergraduate students, it also recognizes the academic value of professional work experience that may be obtained through field training, apprenticeship, structured practicum, internship, work/study cooperative arrangement or other competency based development program, where defined learning outcomes can be assessed and verified. A maximum of 12 credits may be earned for these types of learning experiences and is allocated through the Professional Studies Portfolio. The business core and the major requirements are the same as those required of the undergraduate day students.
MISSION STATEMENT

The Lynn University College of International Communication (CIC) provides students an opportunity to acquire the knowledge, skills and experience necessary to build successful communication careers in the global media marketplace.

The college is committed to blending a strong liberal arts concentration with hands-on experience in radio, television, film, theater, print, graphic design, illustration, and computer animation, multimedia journalism, advertising and public relations, political communication, photography, and emergent media in order to best prepare students for leadership roles. Theory courses, both domestic and international in scope, enable students to develop and enhance critical thinking skills and gain a comprehensive command of written, oral and visual expression.

The unique combination of theory, practice and internships gives students a solid foundation for success in the competitive fields of international communication. The college’s innovative approach to collaborative education enables students to participate in integrated learning projects that simulate media industries and assist in the transition to positions in communication and media.

FACILITIES

A state-of-the-art digital facility houses broadcast and cinema production and postproduction centers that enable students to develop pre-professional skills and an advanced understanding of studio, field and news production as well as non-linear editing. The facility provides educational experiences in producing, directing, writing, camera work, lighting, set design, editing, media performance, journalism, public relations, advertising, photography, computer animation and graphic design. Instructional facilities for new media promote the early adoption of developing technologies into the mass media mix, including Web design and maintenance, audio/video streaming on the Internet, interactive business presentations and interactive mass media.

UNDERGRADUATE PROGRAM

The Lynn College of International Communication offers courses leading to a Bachelor of Arts in six areas:

- Advertising and Public Relations
- Communication, Media and Politics
- Drama
- Film
- Multimedia Journalism
- Radio, Television and Internet Media

A Bachelor of Science is available in:

- Graphic Design
- Illustration/Computer Animation
- Photography

All major programs in the Lynn College of International Communication are designed for students who seek career-building opportunities or graduate school preparation. They offer a foundation in the process of communication and the flow of information through the mass media and/or interpersonal media. Students have an opportunity to achieve a level of professional competency in their specific major. Several majors, such as Film; Multimedia Journalism; Radio, Television and Internet Media; Graphic Design; Computer Animation; and Photography have a strong production emphasis. Others, including Advertising and Public Relations; Drama; and Communication, Media and Politics place greater emphasis on theory. All majors include components in history and development of the field, as well as legal issues and interpretive skills. Additionally, the college facilitates the placement of students in both domestic and international internship positions.

With a faculty composed of teacher-scholars and academically trained media practitioners, the college prepares students for successful careers in a rapidly changing global community. Students majoring in a program complete the following requirements:

- A university core curriculum of 60 credits (30 of the total 60 credits required may be embedded within the major).
- A CIC core curriculum of 18 credits.
- A major curriculum of 15 credits.
- 12 elective credits within the major.
- Up to an additional 45 elective credits that may include courses toward a minor, general electives from other university programs, or additional courses in the Lynn College of International Communication.
- A total of 120 credits required for graduation.

FIVE-YEAR BACHELOR’S/MASTER’S PROGRAM

Students who earn a B.A./B.S. degree from Lynn University with a major program of study in the College of International Communication may submit a petition to waive COM 515 and either COM 540 or COM 545; however, petitioners will have to submit a portfolio of their undergraduate work and receive approval from their M.S. committee.

POLICY REGARDING INTERNSHIP

Up to six credits of internship are available to students who have completed 90 credit hours and have a minimum cumulative GPA of 2.5. Students who do not meet the GPA requirement may take additional upper-level courses in the major. A maximum of six credits of internship may apply toward graduation.

POLICY REGARDING TRANSFER OF CREDITS

Credits earned toward an associate degree or at a two-year college transfer as freshman and sophomore (100 and 200) level courses. Students transferring an associate degree in communication, journalism, graphic design or a related field must complete 45 credit hours of upper-level (300 and 400) course work.

Students must earn a minimum of 21 credits in the College of International Communication.

BACHELOR OF ARTS (B.A.)

MAJOR: ADVERTISING AND PUBLIC RELATIONS

MISSION STATEMENT

Advertising and public relations (APR) are multi-billion dollar industries that affect our lives on a daily basis. For example, the average American views more than 3,000 commercial messages per day. Moreover, these fields are continuing to grow domestically as well as globally. Advertising and public relations clearly impact business, political and social arenas.

The APR major seeks to prepare students for competitive success within a dynamic advertising/public relations environment. The major offers students an opportunity to develop skills to assess...
different international perspectives, develop innovative approaches and implement creative designs.

The APR major is intended for students who are interested in positions such as copywriters, art directors, media planners, account executives, public relations specialists and strategic planners. The Advertising/Public Relations major may also lead to careers in business, marketing and non-profit fields.

MAJOR: COMMUNICATION, MEDIA AND POLITICS

MISSION STATEMENT

Excellence in communication contributes to success in all aspects of personal, professional and civic life. Citizens of the 21st century must understand the communication opportunities, obligations and risks that emerge in an era of cultural diversity and conflict. Politicians, leaders, consultants, activists and indeed all citizens use communication to affect public opinion, mobilize interest groups, negotiate policy and maintain relations with people from other cultures.

The major in Communication, Media and Politics (CMP) promotes the knowledge, criticism and practical application of communication by offering students both the theoretical foundation necessary for understanding the role of communication in a diverse society and intensive practice in creating and presenting messages on various delivery platforms to a variety of audiences.

The Communication, Media and Politics major is intended for students who are interested in positions of leadership in civic life, whether in government, public service, educational or cultural institutions, non-governmental organizations or social advocacy groups. CMP is also an excellent major for students preparing for law school or for graduate school in communication or public affairs.

MAJOR: DRAMA

MISSION STATEMENT

The dramatic arts affect the lives of nearly every human being on a daily basis. From one-on-one storytelling to live theatrical production, film screenings and television broadcasts, the expressive
arts surround and infuse themselves in our lives. They teach citizens about the world and society in which they live. They entertain and bring joy and emotional connection. They motivate individuals to seek further understanding of the self and look critically at how the global community communicates. The dramatic arts are the platforms of truth and expression, and the dramatic industry is the medium that brings these works to the world.

The major in Drama is unique in that it promotes the understanding and practice of the entirety of the dramatic arts. It provides students the opportunity to learn all the facets of dramatic production such as acting, directing, writing, producing, designing, filmmaking and technical production as well as how to develop as confident and creative artists capable of performing in the stage, film, television and Internet markets. Through interdisciplinary educational approaches, the Drama major provides students with the skills necessary to meet the demands of an ever-evolving technological and international marketplace.

The Drama major is intended for students who are interested in positions within the dramatic arts, whether in performance, creation, or production. A student who majors in Drama is one who seeks to become a complete artist with all the skills necessary to perform across a wide range of media within the dramatic industry.

MAJOR: FILM

MISSION STATEMENT

The Film major seeks to provide students with the knowledge, skills and experience necessary to build successful careers in film and video media. Citizens of the 21st century will be more empowered and employable as they develop fluency in visual storytelling and understanding textual and sub-textual meanings.

The Film major promotes the blending of a strong liberal arts concentration with the creative, technical and theoretical study of the medium. Skill sets learned in the major consist of those from pre-production, production and post-production, including: screenwriting, shot selection, cinematography, casting and collaborating with actors, script supervising, sound recording, and non-linear editing with a multi-layered sound track. Students work collaboratively, develop social and multicultural awareness and master their technical competency with state-of-the-art technology.

The Film major is intended for students who are interested in positions in the wide ranging industries of film, television, video and the Web; whether they are located in Hollywood, New York or locally. Corporations and companies have become attuned to the power and necessity of utilizing emergent media to stay current and competitive. The skills students acquire through the Film major will translate to these marketplace needs.

MAJOR: MULTIMEDIA JOURNALISM

MISSION STATEMENT

The Multimedia Journalism major provides instruction in journalism theory and practice with a curriculum that recognizes the field’s expansion beyond its traditional boundaries to encompass new techniques and concepts. Though contemporary multimedia journalism is very much a work in progress still seeking its voice, it has embraced interactivity, user-provided content and new forms of media that have altered accepted notions of news cycle and coverage, from Google News to YouTube and Twitter.

The Multimedia Journalism curriculum offers students an opportunity for training and practical experience in news and feature reporting in a variety of forms and seeks to equip students with the skills necessary to provide content in written and visual forms for use in broadcast, print and Internet media, as well as performance technique.

Students interested in using the communication media to find and tell stories of importance and engage the audience in the development of history will find the Multimedia Journalism major an opportunity to enter a vital profession with a global reach and a worthy goal: an informed citizenry.

UNIVERSITY CORE CURRICULUM REQUIREMENTS 60 CREDITS*

* The 300 and 400 level Dialogues course requirements may be embedded within the major, which may constitute 30 of the total 60 credits required. Courses with an asterisk meet both major requirements and the university core requirements.

MAJOR: RADIO, TELEVISION AND INTERNET MEDIA

MISSION STATEMENT

The Radio, Television and Internet Media (RTIM) program is designed to provide a foundation for practice in the use of 21st century tools and techniques in the fields of radio, television and Internet media. This includes study and practice in production and delivery of content through traditional and emerging communication technology and the Internet. Courses promote the development of professional skills which provide students with the knowledge and expertise necessary for both traditional as well as evolving positions in the radio, television and Internet media.

The major in Radio, Television and Internet Media provides training for students in industry-current theory and skills. The program includes digital video production, digital radio/audio production, digital post-production, remote production, program performance, acting techniques, graphics, producing, directing, Internet streaming, distribution systems and media management.

The RTIM major is intended for students who are interested in industries that use radio, television and Internet platforms, including careers in media programming, publicity and promotions, engineering, sales, management and production. The RTIM major is an excellent choice for students interested in radio, television and Internet content, performing as media talent or working behind the scenes in media fields.

### MAJOR: GRAPHIC DESIGN

**MISSION STATEMENT**

The Graphic Design major offers students the knowledge, practice and experiential learning necessary to build successful careers in the field of graphic design and related disciplines. As the conceptual demands and production technology of the field rapidly change and electronic tools replace traditional manual skills, graphic designers need to develop not only new methods of visual communication, but also an aptitude for innovation and an attitude of adaptability.

The curriculum of the Graphic Design major blends science, art, technology and insight in a manner that encourages individual creativity while instilling a healthy respect for the realistic limitations of the marketplace and the broadening horizons of the media landscape. It culminates in the creation of a portfolio of work that assists students in seeking careers in the field on a multiplicity of platforms.

The Graphic Design major is intended for students who have an affinity for visual expression and a desire to find a place for themselves in the fast-paced world of graphic design, whether their interests are in creating publications, advertising, packaging, public affinity for visual expression and a desire to find a place for themselves in the fast-paced world of graphic design, whether their interests are in creating publications, advertising, packaging, public relations, corporate communications or entertainment vehicles.

### BACHELOR OF SCIENCE (B.S.)

### MAJOR: ILLUSTRATION/COMPUTER ANIMATION

**MISSION STATEMENT**

The sphere of illustration and computer animation has expanded exponentially, and the Illustration/Computer Animation major seeks to prepare students to engage in the media in ways that were barely imagined only a decade ago. The art and techniques of contemporary animation did not exist for the previous generation of students, and the increased sophistication of computer tools has allowed the modern illustrator to explore entirely new forms of visual expression with dazzling rapidity.

The Illustration/Computer Animation curriculum offers students an opportunity to develop the practical skills and conceptual underpinnings to explore and manifest the visual expression of ideas and the parameters of aesthetic choice. It couples art and technology in a way that is practical and offers students a strong working knowledge of both 2-D and 3-D digital imaging as well as providing the ability to integrate computer-generated images with live action footage. The Illustration/Computer Animation curriculum is production-based, enabling students to build a portfolio of high quality work.

Students interested in pursuing the Illustration/Computer Animation major may enter an array of professional fields including film, television, theater, broadcasting, video game production, graphic design, Internet, mobile and print publishing, advertising and photography.

**BACHELOR OF SCIENCE (B.S.)**

**MAJOR: PHOTOGRAPHY**

**MISSION STATEMENT**

In recent years, photography has undergone a revolution, moving from analog film to the digital capture and recording of images. This is in keeping with the changing nature of the form. The ease of user-friendly technology has made photographers and videographers of everyone, much the same as the first Kodak cameras democratized the possibility of documenting family, friends, events, and memories.

The Photography major offers students the opportunity to develop the technical skills in equipment and software, as well as enabling them to hone their conceptual and aesthetic views in lecture, seminar and experiential learning modes. Students will be able to build a portfolio of diverse multimedia photography to assist them in seeking a career in the field.

Students interested in pursuing a career in photography in its various forms will find the Photography major prepares them for the commercial marketplace as well as the artistic realm.

CONSERVATORY OF MUSIC

MISSION STATEMENT

The mission of the Conservatory of Music at Lynn University is to provide high-quality professional education for gifted young musicians and set a superior standard for music education worldwide. Primary among the goals of the Conservatory is the nurture and education of the student body with a thorough attention to musicianship, artistry and skills needed to be competitive in the field of music performance. The aim is to train instrumental music students of high achievement through intensive programs of study in order to prepare them for performance careers. In addition, the Conservatory of Music offers a major in music composition. The Conservatory faculty forms a community of exceptionally accomplished and dedicated individuals striving toward similar goals. The artist-faculty maintain active performance careers and bring their experience and expertise to the aspiring student body.

The Conservatory offers baccalaureate and post-baccalaureate level programs of study to music students who have previous extensive preparation in musical performance and/or composition. The program focuses on rigorous, professional instruction and offers a full and progressive curriculum leading to the Bachelor of Music degree, Professional Performance Certificate or Master of Music degree. Students are selected for enrollment from across the United States and globally through a stringent audition process. Artistic talent and ability, along with potential for growth, are the primary criteria for admission. Following are the requirements for obtaining degrees from the Conservatory:

UNDERGRADUATE PROGRAM

BACHELOR OF MUSIC (B.M.)

MAJOR: MUSIC PERFORMANCE

This is a four-year program of study for students of piano, violin, viola, cello, double bass, flute, oboe, clarinet, bassoon, trumpet, French horn, trombone, bass trombone, tuba, harp or percussion. The curriculum for this major combines courses in advanced music performance, music academics, music skills and general academics and prepares students both for employment in the professional world and to continue their education at the graduate level. The B.M. in Music Performance with a specialization in Piano is also offered as a three-year program of study.

UNIVERSITY CORE CURRICULUM REQUIREMENTS 30 CREDITS

Students in the B.M. program only participate in the Foundational Stage—the first two years—of the Dialogues of Learning curriculum.

THE JANUARY TERM 8 CREDITS

During their course of study, students in the B.M. program are required to take, once each, the following January Term seminars: Music Entrepreneurship, Music Technology and World Music.

Music Minor

Designed to complement any degree program, the Music minor allows a student with an interest in music and/or a previous background in music performance to enhance their appreciation and understanding by taking courses in the fundamentals of music history and music theory. While applied music instruction is not required as part of the Music minor, private instrumental lessons are available to the student as a general elective with the course MUS 100 Elective in Instrumental Lessons. A minor in Music consists of a minimum of 15 credit hours in music. Course work includes a minimum of nine (9) upper divisional level (300+) credits and is specified by the Conservatory of Music as:

MUT 200 FUNDAMENTALS OF MUSIC I: COUNTERPOINT/ELEMENTARY HARMONY 3
MUT 201 FUNDAMENTALS OF MUSIC II: ADVANCED HARMONY 3

Evening Undergraduate Division

Recognizing the unique learning needs and previous educational and professional experiences of adult and non-traditional learners the Evening Division offers students the opportunity to complete their undergraduate educations in a curriculum and delivery model designed to meet their specific needs. Through the evening division students may pursue a Bachelor of Science degree.

Undergraduate Curriculum

GENERAL EDUCATION AND STUDY IN THE MAJOR

Perspectives and Academic Skills

The university believes that a liberal arts education is an essential foundation for, and complement to, its many career-oriented programs. General education and study in the major contribute to achieving the university's overall educational purpose: To produce graduates who possess knowledge, confidence, competencies and ethical consciousness to assume positions of responsibility and leadership as productive, global citizens prepared for lifelong learning.

General education knowledge and academic skills are developed within a diverse learning community of students and faculty in order to foster diversity of thought and provide the opportunity to integrate varied perspectives, experiences and breadth of learning. The major provides in-depth learning within a discipline or group of disciplines and further develops perspectives and academic skills. General education and education in the major contribute to students attaining the following baccalaureate degree competencies:

Perspectives

- Acquisition of an outlook that shows reflective respect for individual differences, diversity of opinion and thought, multicultural and global awareness, and breadth and depth of learning.
- Ability to cultivate the development of values and ethical consciousness for responsible participation in a complex, changing society.
- Awareness of and appreciation for people, cultures and contemporary issues in preparation for participation in global transformations.
- Breadth of learning in a variety of disciplines that informs judgments and encourages inquiry.
- Depth and application of learning in a discipline or group of disciplines (mastery of specialized knowledge) to effectively serve and lead in a chosen profession.
- Preparation for positions of responsibility and leadership as productive global citizens who value lifelong learning.

Academic Skills

- Communication: Reading, writing, speaking and interpersonal/relationship skills.
- Mathematical Computation: Computing, interpreting and drawing conclusions from quantitative data.
- Computer Technology: Using computing hardware and software applications as tools in personal and professional environments.
- Information Literacy: Identifying, locating, evaluating and using relevant information.
- Intellectual Strategies: Problem-solving, critical and creative thinking, and inquiry.

BACHELOR OF SCIENCE

MAJOR: BUSINESS ADMINISTRATION

SPECIALIZATION: GENERAL MANAGEMENT

Each Business Administration major incorporates all degree requirements including core curriculum requirements, requirements for the Business Administration major and requirements for a specialization in business and/or a minor in another academic discipline and/or course work customized to personal preference. Business Administration major requirements aim to provide breadth of knowledge in the discipline of business and its context, as well as learning activities that promote the integration of business knowledge. The specializations provide in-depth study in an area of business. A minor in another academic discipline and the course work customized to personal preference provide students with the opportunity to explore areas of learning outside of the business discipline for the purpose of complementing the knowledge acquired in the Business Administration major requirements. All candidates for the B.S. should work closely with their academic advisors to ensure that their programs of study have met the established guidelines for the degrees.

MAJOR: ELEMENTARY EDUCATION GRADES K–6

The Elementary Education major is designed to prepare students to teach in grades kindergarten through six. Elementary Education students have experiences that combine learning theory with practical applications, promote the integration of technology and ESOL performance standards and encompass a variety of field activities. Students enrolled in the Elementary Education program will be encouraged to recognize and appreciate the diversity of today's children and to be able to meet their varied educational needs in a multicultural society. The courses in this state-approved program are designed to meet the requirements for certification in Florida. This program is offered in both the day and evening programs.

Students majoring in Elementary Education Grades K–6, must fulfill the following core and certification requirements:

Graduate Division

GRADUATE PROGRAM
ACADEMIC AND RECORDS INFORMATION

The Mission of the Graduate Programs of Lynn University

Lynn University provides an intellectually stimulating environment where students gain knowledge and competencies necessary to become global leaders and lifelong learners. Lynn attracts students from a variety of backgrounds who aim to become leaders in their fields. Lynn University seeks to enhance the career advancement of working professionals.

The overall mission of Lynn University is to provide its graduates with the knowledge, competencies and skills needed for leadership in the 21st century. In order to achieve these purposes, the curricula of the university’s graduate degree and certificate programs are reviewed on a regular basis to assure the academic quality and relevance of course offerings. The university is committed to individualized student attention and mentoring. Faculty members foster and help learners realize the development of their innate leadership talents and intellectual abilities.

Degrees, Programs and Certificates

Degrees

The Graduate Programs at Lynn University offer six types of degrees: the Master of Business Administration (M.B.A.), Master of Education (M.Ed.), Master of Science (M.S.) and Master of Music (M.M.), Ed.D.), Doctorate of Education, as well as three Certificate degrees: the Master of Business Administration (M.B.A.), Master of Science (M.S.) and Master of Music (M.M.).

The 36-credit M.B.A. is available with specializations in Aviation Management, Mass Communication and Media Management, Hospitality Management, International Business, Marketing and Sports, Financial Valuation and Investment Management and Sports and Athletics Administration. Students may also choose to participate in optional internships.

The two M.Ed. programs include a minimum 36-credit practitioner-oriented degree in Exceptional Student Education with a Teaching Endorsement in ESOL and a 36-credit Educational Leadership degree with three specializations: School Administration, Higher Education Administration and School Administration with an ESOL endorsement. This degree focuses on leadership-related theory, knowledge and clinical experiences in the field, as well as practical application of theory and knowledge.

The 36-credit M.S. in Administration is available with specializations in Criminal Justice Administration, and Emergency Planning and Administration.

The 36-credit M.S. in Communication and Media is offered with either the creative project or thesis option.

The 36-credit M.M. is available with specializations in performance, collaborative piano and composition. The M.M. in performance is offered with two variations designed for “pianists” or “strings, winds, brass and percussion.”

In addition to the degree programs, an 18-credit hour certificate is offered in Emergency Planning and Administration. A certificate in Digital Animation is offered through the Eugene M. and Christine E. Lynn College of International Communication. A post-baccalaureate diploma course of study, known as the Professional Performance Certificate, is available through the Conservatory of Music at Lynn University. This two-year program’s primary focus is advanced music performance education.

Graduate Policies Relating to Academic Integrity

Student Responsibility

Lynn University encourages its students to take the primary responsibility for their own academic activities and to accept the resulting consequences. No student should behave in a manner that can harm the educational environment or diminish the learning experience of any other member of the academic community. Each student is responsible for a knowledge of and adherence to regulations regarding registration, withdrawal, degree plan, deadlines, graduation requirements and payments of tuition and fees.

Academic Integrity

All members of the university community—faculty, administrators, staff and students—are obliged to adhere strictly to the highest standards of academic integrity in study, research, instruction and evaluation. To protect the integrity of the grading system and to affirm the importance of honesty and accountability in the academic community, the university imposes strict penalties for academic dishonesty.

Academic Probation

1. Master’s degree students are expected to maintain a cumulative GPA of 3.0 each term and throughout their graduate academic careers. Students whose cumulative GPA falls below the required minimum standard at the end of a given term are automatically placed on academic probation, effective with the next term of course enrollment.

2. A student whose cumulative GPA falls below the minimum standard at the end of a term may continue in the program only with the approval of his or her assigned advisor or the program coordinator for a maximum of two probationary terms. It is the student’s responsibility:
   a. to be knowledgeable about his or her academic performance during a course in progress and at the end of a course;
   b. to be knowledgeable about his or her cumulative GPA at the end of each term;
3. In the event that a student preregistered for course(s) prior to completion of a given term and is subsequently placed on academic probation at the end of the term, the student is still responsible to contact his or her advisor or program coordinator to establish a plan for remediation in order to continue further course work.
   a. A student who is at risk for academic probation (borderline cumulative GPA) and is unsure of his or her final course grade prior to enrollment in the next term, must contact the course instructor, advisor or program coordinator for academic status (such as course grades for the term, or cumulative GPA).
   b. A student who does not contact his or her advisor for approval for further continuation in course work, yet maintains enrollment in subsequent courses, may be withdrawn from courses and/or dismissed from the program.
   c. Students who are withdrawn from courses or dismissed after a term begins will be refunded their money for the course(s).
   d. A student on financial aid who is academically removed from a graduate program may have a financial obligation for the previous term.

4. Upon advisor or program coordinator approval to continue in further course work, at the end of the first probationary term of enrollment while on academic probation:
   a. The student must demonstrate graduate level work, 3.0 for master's student. If the student's cumulative GPA is at least 3.0 for master's student, he or she will be removed from academic probation. The student may enroll in the next term with approval from the advisor or program coordinator. Advisor approval to preregister thereafter is not required if the student maintains good academic standing.
   b. If the student's cumulative GPA is not at least 3.0 for master's students, he or she will remain on academic probation and must obtain advisor or program coordinator approval to register for a second probationary term. During the second probationary term, the student may not preregister for the next term.

5. At the end of the second probationary term, the student's cumulative GPA must be at least 3.0 for master's students.
   a. If the student's cumulative GPA is at least 3.0 for master's students, he or she will be removed from academic probation and may enroll in the next term with approval from the advisor or program coordinator. Advisor approval to preregister thereafter is not required if the student maintains good academic standing.
   b. If the student's cumulative GPA is not at least 3.0 for master's students, the student will be dismissed from the university.

Dismissal from the University

A graduate student may be subject to academic dismissal due to a lack of academic progress, specifically when the graduate student has a second consecutive term on academic probation. The student’s advisor or program coordinator and the dean of the appropriate college review the academic records of such students and based on their recommendations, the academic dean will make a final decision.

Dismissed students, with the exception of anyone dismissed for academic dishonesty, may apply to the University for readmission after one year from the term of dismissal. Veteran students will have their benefits terminated if they fail to attain a 3.0 GPA (master’s) or 3.25 GPA (Ph.D.) after two consecutive terms on probation. A student applying for readmission may be held to any new requirements in effect and/or may be required to validate prior learning.

The Institutional Review Board

All human subject research and research-related activities involving human subjects conducted within or under the auspices of Lynn University by any faculty, employees or students, is subject to the Institutional Review Board for the Protection of Human Subjects in Research (IRB) review, recommendations if warranted, and final approval.

The purpose of the IRB is to safeguard the safety, privacy, health and welfare of the human subjects involved in research and research-related activities. IRB reviews three categories of research: new projects, periodic review on a continuing project, and procedural revision to a previously approved project. IRB members are selected for their experience, expertise, diversity and breadth in backgrounds and represent individuals with primary concerns in both scientific and non-scientific areas. Under no conditions can proposed research begin prior to IRB review and written approval.

Investigators have many obligations, including designing the study so that the incidence of risk and stress are minimized to the greatest degree possible and that these risks are accurately described in the protocol. Moreover, the investigator bears responsibility for terminating the study when hazards or risks to the subjects become apparent or may be incompatible with the study’s benefits; further, investigators must report any adverse reactions associated with the study to the IRB.

Information regarding the IRB Policies is available in the appropriate college and the IRB Web site (contact the IRB for the URL to this site). These procedures are briefly summarized as follows:

- Prior to submission to the IRB, a research proposal must be approved by an advisor in the case of student research or by the supervisory vice president in the case of a university employee.
- Completed IRB application including the research protocol, certifications and signatures, and curriculum vitae of principal investigator is submitted to the IRB. Reviews may be by convened full board review (11 copies), expedited review (five copies), or request for exempt status (three copies).
- The deadline for submission of the application for IRB review is the 15th day of each month in order to be considered at the next monthly IRB meeting. If the IRB has any special concerns or questions, the researcher may be asked to attend the meeting.
- The IRB notifies the investigator and the institution in writing of its decision to approve or disapprove the proposed research activity, or of modifications required to secure IRB approval of the research activity. If the IRB decides to disapprove a research activity, it shall include in its written notification a statement of the reasons for its decision, and provide the investigator an opportunity to respond in person or in writing. Institutional notification for employees is to the investigator’s supervisory vice president and to the research advisor in the case of students. For students, once approved, a copy of the approval letter is sent to the Office of the Registrar for the student's permanent file.
- Currently approved protocols must be reviewed annually.
Lynn University Code of Computing Practice

All Lynn University students and staff are expected to practice responsible and ethical behavior in their computing activities. While most computer users act responsibly, those who do not, either through ignorance or intent, can potentially disrupt others or even steal or damage their work.

To a reasonable and economically feasible degree, the university is responsible for securing its computing systems against unauthorized access and/or abuse while making them accessible for authorized and legitimate uses. This responsibility includes informing users of the expected standards of conduct and the punitive measures for not adhering to them. For specific information on information technology policies, see www.lynn.edu/student.

Campus Housing

A limited number of campus accommodations are available to graduate students on a space-available basis. For applications and information about costs for room and board, contact the Office of the Registrar.

Classification of Graduate Students

A master’s student is classified as full-time if registered for six or more credits a term for five of the six terms during an academic year. A minimum of three credits each term is the requirement for two terms sequentially to qualify for federal financial aid. A student registered for less than six credits per term is considered part-time.

Course Schedule Changes

Graduate students may change their course schedule only within the one-week add/drop period following registration at the beginning of each term. The deadline is posted on the appropriate academic calendar (www.lynn.edu).

Policy and Procedures for Failing Grades

Students who receive a grade of F are in serious academic jeopardy. When this happens, their advisor(s) conducts a thorough review of the student’s academic progress, in order to determine whether or not and under what circumstances the student(s) will be allowed to remain in the program. In turn, the advisor shares the review results with the dean of the appropriate college, where a final determination is made. The student is informed of the decision in writing either to: (a) remain in the program with a plan for remediation; or (b) be dismissed from their program and the university. For those who remain in the program, the failed course must be repeated the next term the course is offered.

Graduation

Graduate students in master’s degree programs who complete their course work by Summer II are eligible to participate in the May commencement. All students anticipating graduation must apply for graduation at the Office of the Registrar and have an academic program audit completed. Students should comply with the application deadline indicated on the academic calendar.

Applications for graduation are available in the Office of the Registrar. Deadlines for applications are posted on the appropriate academic calendar.

Registration

Registration begins several weeks prior to the beginning of each of the six terms. Schedules of class offerings are posted on the Web site www.lynn.edu/mylynn as soon as they are finalized.

Each student must first meet with her or his advisor for a approval of course selections. The student may then proceed to the Office of the Registrar to pay the tuition and registration fee and then to complete the registration process.

Add/Drop Period

The add/drop period takes place during the first week of the term. At this time a student may change or drop a course; however, when the add/drop period concludes, a student cannot change his or her schedule. There is a 75 percent tuition refund during the first week of classes. There are no refunds after the first week of classes.

Residency Requirement

The residency requirement in graduate programs is intended to ensure that students become integrally involved in the academic life of their program and of the university. In residence, students are more likely to become fully immersed in graduate study for a substantial period of time and develop a relationship of scholarly and professional collegiality with faculty and fellow students. During the residency period, students are expected to take courses and participate in other aspects of the intellectual life of their discipline and of the university community. Students should review the established requirements for their respective programs.

Special Student Status

Graduate students who wish to take courses for the purposes of continuing education, teacher certification or transfer of credits to another institution may register as Special Students. Special Students are classified as non-degree seeking students and must show evidence of graduation from an accredited college or university in order to be eligible for this classification and take graduate courses at Lynn University. Special Students must complete a Special Student form available in the Office of Admissions and may be limited to six credit hours, except under the following circumstances:

- Educators seeking ESOL certification or taking courses for certification or recertification purposes are limited to 15 credit hours (five three-credit courses).

Those interested in enrolling as non-degree seeking students should contact the Office of Admissions for a Special Student form and registration materials. Term schedules of classes are available in the Office of Admissions, the Office of the Registrar, the appropriate college and on the university’s Web site.

Financial aid is not available to Special Students. Because of immigration regulations, a foreign student with either an F-1 or J-1 Visa may not register as a Special Student and must be degree seeking. Students who would like to change their status to degree seeking must complete a graduate application, provide all necessary documentation, including entrance testing if appropriate, and meet all admission requirements. Enrollment as a Special Student in no way implies a right for future admission to the university or a graduate program.

Credit earned as a Special Student does not automatically count as fulfilling graduate degree requirements unless approved by the program coordinator or dean of the appropriate college. All such proposed courses must have a grade of B or better and meet specific course requirements for the degree. This determination is made after the applicant has been accepted to the university or by the end of his or her first term as a matriculating student.

Second Master's Degree

Currently matriculated graduate students who wish to pursue a second master's degree may do so. The primary requirement is that the second degree must include a minimum of 24 unique credits. An Application for Readmission and submission of the Lynn University
graduate transcript must be completed and sent to the graduate admission coordinator, who sends formal notification of the acceptance into the second master's program.

Security Telephone

The Security Office is open 24 hours a day. A security station is located at the southeast corner of the Freiburger parking lot and adjacent to the baseball complex. Security can be reached at 561-237-7226.

Student Participation in Sports

Many of our graduate students are interested in participating in athletics. With the changes outlined in the 1998-1999 NCAA manual, graduate students may now compete using the one-time transfer rule of eligibility, which follows.

Graduate Student or Post-Baccalaureate Participation: A student-athlete who is enrolled in a graduate or professional school of the institution he or she previously attended as an undergraduate (regardless of whether the individual has received a United States baccalaureate degree or its equivalent), a student-athlete who is enrolled and seeking a second baccalaureate or equivalent degree at the same institution, or a student-athlete who has graduated and is continuing as a full-time student at the same institution while taking course work that would lead to the equivalent of another major or degree as defined and documented by the institution, may participate in intercollegiate athletics, provided the student has eligibility remaining and such participation occurs within the applicable five-year or 10-semester period set forth in 14.2.

One-Time Transfer Exception: A graduate student who is enrolled in a graduate program or professional school of an institution other than the institution he or she previously attended as an undergraduate may participate in intercollegiate athletics if the student fulfills the conditions of the one-time transfer exception set forth in 14.5.5.3.11 and has eligibility remaining per 14.2 (Adopted: 1/9/96 and effective 8/1/96 for those student-athletes who transfer to the certifying institution on or after 8/1/96).

Transfers to Another Specialization Within a Degree Program

Should a graduate student wish to transfer to another specialization within the M.B.A. or M.S. degree program, a Request for Change of Specialization form must be completed and approved by both the current academic advisor and the dean of the college which sponsors the academic specialization.

A copy of the approved form is filed with the Office of the Registrar. The new advisor and the student also receive copies of the approved form.

Transfer of Graduate Credits from Other Colleges and Universities

Master's Degree Criteria for Transfer Credits

Up to six hours of graduate credits from a fully accredited graduate school may be transferred into the M.B.A., M.Ed. and M.S. programs if they meet the following criteria:

- The course(s) must be at the graduate level from either a master's degree program initiated at another school but not completed, or a completed master's degree;
- The course(s) must have a grade of B or better and be taken no more than four years prior to admission to Lynn University.

Transfer credit will be awarded only for those courses that are comparable in title and content to those in the Lynn University Academic Catalog and are part of the proposed course of study. For course titles not specifically listed in the catalog and curriculum, the program coordinator or the dean of the appropriate college determine whether any transfer credit will be awarded.

Credits taken at schools not accredited by one of the regional associations will be evaluated only after a student has submitted a school catalog and a course syllabus for each. In certain instances, competency testing may be required.

Transfer of Credit Procedure

Requests for transfer of credits should be directed in writing to the faculty advisor or degree program coordinator during the first term of master's or doctoral study. Appropriate documentation should accompany the request and include an official transcript and one or more of the following: a course description, a catalog, a syllabus for the course or completed written assignments for the course.

Prospective and enrolled graduate students are reminded that the general academic, financial and student behavioral policies and rules of the institution as stated in the catalog remain in force and effect unless specifically modified by graduate rules and policies included in the graduate information.

Foundation requirements for the M.S. in Administration are designed to assure that students have the requisite theoretical and applied knowledge to pursue their individual interests in their specializations. Building on the breadth and depth of the foundation, specialization courses enable students to continue to expand and deepen their mastery through practical applications, simulations, case studies, applied research in areas of individual interest through the graduate projects and in some specializations, internships.

The M.S. in Administration foundation and specialization courses complement each other and address increasingly complex contemporary and future societal challenges and opportunities faced by 21st century managers/administrators. Through the development of critical thinking skills and a commitment to lifelong learning, graduates are able to understand changing trends and focus on institutional and human needs.

Graduate Project/Publishable Paper

A graduate project provides graduate students with an opportunity and the means to demonstrate the acquisition, mastery and integration of the knowledge and skills required by their specialization. The project focuses on an area of student interest that meets the acceptable standards for graduate level research.

Project Proposal Development

During MS 505 Applied Research Methods, the student identifies a specific research question or professional problem to be pursued for the graduate project, if this option is selected. This topic requires approval at both the course instructor and the student’s advisor.

The student develops a plan (the methodology) for the way in which the question or problem is to be addressed, the type(s) of data needed and the form in which the final project is to be presented. At the conclusion of MS 505, the student will have a draft of the project proposal. The graduate project proposal is submitted to the student’s advisor for review, recommendations and final approval. After approval and if warranted by the nature of the research and its use of human subjects, the student submits the proposal to the Institutional Review Board to review the proposal for final approval before the research can commence.

Once approved, the student must follow the project plan. The advisor must approve any changes or deviations from the plan. A copy of the proposal is placed in the student’s permanent record in the Office of Student Administrative Services.

The Graduate Project Components

A completed project must have the following sections:

- an Abstract, summarizing the research and its results.
- an Introduction, consisting of the problem or question to be addressed in the project, its professional importance and relevance.
- a Literature Review, including the latest theories, research and contemporary thinking about the problem or question in terms of its cause(s), effect(s) and methods of investigation.
- the Methodology section, involving a description of the research design including Subjects, Instruments and Procedures sections. The Subjects section includes how the subjects were selected and a detailed description of the subject sample with means and standard deviations of numerical parameters. The Instruments section identifies each variable in the study, how it is to be measured and a detailed description of the instruments to be used and/or references. The validity and reliability of the instruments also must
be addressed. The Procedures section includes a detailed description of how the research was conducted and how the data was collected. Protection of human subjects must also be addressed if the Institutional Review Board has approved the proposal.  

- the Results section, reporting the analysis of the data from the study. This may include descriptive statistics, such as means and standard deviations, as well as the statistical analysis used to test the hypotheses and its statistical significance. Tables and graphs are used to present the findings.

- a list of References, concluding the graduate project and preceding the Appendices, which should include the approval letter of the Institutional Review Board (see the Project Proposal Development section). The final project also may include such additional products as a videotape or computer program. However, complementing this type of project will be a written Abstract summarizing the six elements listed above.

**Oral Defense of the Graduate Project**

As a completion requirement for the M.S. in Administration, students make an oral presentation of their graduate project findings to a panel of graduate faculty. The purpose of the presentation is to demonstrate the student’s ability to draw from the major requirements and specialization courses and integrate research findings with professional practice. The expected outcome is that students will be able to synthesize theory with practice and contribute to the knowledge base of the specialized field in administration.

Graduate projects require a second reader. Students are responsible for finding a professor or expert in the field outside the university to read their projects.

**Completion of the Graduate Project**

The advisor approves the final rendition of the graduate project. The student is responsible for providing the university with two approved bound copies of the graduate project, one for the university library and the other for the M.S. in Administration specialization. Projects must be completed within one year of the date of the accepted proposal.

**Grading of the Graduate Project**

The project is graded on the basis of a pass or fail. A pass is equivalent to a B or better, a fail to less than a B. In the event that a completed graduate project does not meet university standards and receives a grade of fail, the student will meet with the advisor to review the problems that must be addressed and will resubmit the revised project within 90 days of the meeting.

**Specialization Options**

Within this context, students cultivate their particular areas of professional interest while developing the talents, abilities and competencies essential for skilled, effective practitioner-leaders. Specializations are available in the following:

a. Criminal Justice Administration (CJA)

b. Emergency Planning and Administration (EPA)

The M.S. degree in Administration requires the completion of 36 credits.

**M.S. IN ADMINISTRATION SPECIALIZATIONS**

**a. M.S. IN ADMINISTRATION WITH A SPECIALIZATION IN CRIMINAL JUSTICE ADMINISTRATION**

The Master of Science in Administration with a specialization in Criminal Justice Administration prepares individuals for leadership roles in a variety of fields within the profession of criminal justice. Despite the broad spectrum of careers within the profession, success and leadership is predicated on an individual’s verbal and written mastery of the concepts, principles and functions involved in the management of criminal justice organizations. This specialization focuses on preparing the student to effectively integrate proven business methods with a genuine respect for dynamic and innovative approaches to issues facing the criminal justice executive in the 21st century.

Lynn University’s South Florida location typifies the experiences of modern criminal justice agencies in diverse, densely populated urban centers. Using this laboratory for learning, expert faculty challenge graduate students to examine a broad spectrum of issues confronting the modern criminal justice administrator. By applying sound business and administration principles and practices, students debate and evaluate alternate solutions.

The required culminating graduate project enables our graduate students to demonstrate mastery of these complexities in a specific area of scholarly interest.

Undergraduate prerequisites for CJA Students are CMS 200 Introduction to Computers and DQR 200 Special Topics in Quantitative Reasoning for Exploration and Analysis.

**b. THE M.S. IN ADMINISTRATION WITH A SPECIALIZATION IN EMERGENCY PLANNING AND ADMINISTRATION (EPA)**

The field of emergency management has undergone a tremendous transformation since the tragic events of Sept. 11, 2001. Complex changes in technology, demographics and public policy have significantly influenced the management of emergencies and disasters. Moreover, the number and severity of recent disaster events clearly demonstrate the need for enhancing overall emergency preparedness and response capabilities in both the public and private sectors.

These complex challenges and demands suggest the need for insightful examination of relevant issues in Emergency Planning and
Students may select to complete the following optional courses:

TOTAL CREDITS 33-42

NOTE: With respect to EPA specialization courses, students must complete EPA 630, EPA 640, EPA 651, EPA 652, EPA 654 and EPA 655. If students select not to complete the optional Graduate Project (EPA 665), then they must complete the EPA 540 course instead. EPA 610 (Internship) is an additional optional course that provides students with the opportunity to integrate theory with practice as they work alongside competent professionals in the field.

IV. GRADUATE CERTIFICATE PROGRAMS

Students who complete the six EPA specialization courses listed under Section II above are also eligible to receive a Graduate Certificate in Emergency Planning and Administration. Please refer to the following for additional information.

CERTIFICATE IN EMERGENCY PLANNING AND ADMINISTRATION

The Graduate Certificate in Emergency Planning and Administration consists of 18 credits of coursework in Emergency and Disaster Management. The six specialization courses that comprise the graduate certificate program provide a comprehensive examination of Emergency Management theories, concepts and contemporary practices.

MASTER OF SCIENCE (M.S.) IN APPLIED PSYCHOLOGY

Lynn University offers students an environment focused on the enhancement of educational goals and practical application of knowledge in preparation for lifelong learning. In keeping with the university’s mission, the master’s degree in Applied Psychology provides students with the training and necessary course work to pursue professional and educational goals in the fields of psychology and counseling. The primary objective of this program is to inform students’ of the principles and techniques of psychological research and counseling in the hopes of preparing them for careers within the field of psychology.

This program offers a general track and a counseling track toward completion of the master’s degree. Students interested in the general graduate program can enroll in the M.S. in Applied Psychology and through intensive research, thesis and fieldwork experience become specialists in their desired non-clinical field.

Students interested in the counseling graduate program can enroll in the M.S. in Applied Psychology and satisfy all the academic requirements for licensure as a mental health counselor in the state of Florida during a graduate program. The required course work in intensive research, thesis and fieldwork experience will allow these students to become skilled as mental health counselors as well as become specialists in their particular area of research.

M.S. Degree in Applied Psychology Completion Requirements

1. Students must complete the required course curriculum based upon their chosen track. Satisfactory completion of these courses must be in compliance with University Academic Standards for Graduate Work as well as Departmental Competency Standards. (See Statement of Competence.)

2. Students must satisfactorily complete the experiential components of their curriculum based upon their selected track.

3. Students must complete a scholarly research thesis commensurate with all departmental expectations and policies. No graduate degree will be conferred without the satisfactory completion of this project.

STATEMENT OF COMPETENCE: In graduate work, the grade earned in a course not only represents a grade but is also a symbol of mastery of the work and competence in the field. It is for this reason that the Department of Psychology has instituted a competence requirement for satisfactory completion of a course. This requirement is stated as achieving a grade consistent with knowledge at the 80 percent threshold (on a 100 percent scale) or higher in a course. Students who do not achieve this level of mastery are considered to be lacking
in the necessary competency for this course and are required to retake the course until they can document appropriate competence (defined as at least a grade of 80 percent). In compliance with the Lynn University Graduate Student Catalog, students must earn a 3.0 grade point average to be eligible for graduation.

Outcomes

Through the implementation of a master’s program in Applied Psychology, Lynn University will provide students with opportunities for enhanced learning experiences and additional prospects for career advancement. Students will become knowledgeable in the dynamics of the field of applied psychology and become experts in their area of concentration. Higher education possibilities as well as superior status in occupational endeavors are expected for graduates of this program. Students completing the clinical track will be academically eligible to sit for the Florida Licensure exam as a mental health counselor upon satisfaction of other licensing requirements.

Master’s Thesis

Students enrolled in the master’s program in Applied Psychology are expected to demonstrate knowledge of theory, research and practice through an integrated assessment. This assessment will act as an evaluative tool on the student’s competency in the domains of theory, research and skills application. Students must attain the expected level of competence in their thesis project in order to graduate from the degree program.

Students will enroll in PSY 540 Research and Program Evaluation in Applied Psychology their first semester in the program. Students will write a proposal for their thesis project due by the completion of this course. This proposal will be the foundation for the research project they will participate in during the spring semester of their first year. Each student will join one of the labs associated with the department and act as a research team member during their first two semesters in the program. The minimum required hours will be 24 hours the first semester and 32 hours the second semester. Students are expected to work in an ethical and professional manner in their lab positions, which includes working more than the minimum hours when the project requires this behavior.

Students will enroll in PSY 600 Thesis Project: Statistical Analysis and Applications during their second semester in the program. Upon completion of this course, students will complete the thesis research project and defend their work to their course professor, cohort peers and department lab faculty.

NO GRADUATE DEGREE WILL BE CONFERRED UPON A STUDENT WITHOUT SATISFACTORY COMPLETION OF THIS GRADUATION REQUIREMENT.
COLLEGE OF BUSINESS AND MANAGEMENT

MISSION STATEMENT

The College of Business and Management’s mission is to provide an environment of collaborative learning among students, faculty, staff and the greater community for the purpose of creating personal and professional success for all stakeholders. The College of Business and Management and its associated Burton D. Morgan School of Aeronautics focus on offering quality career specializations at the undergraduate and graduate levels.

The Burton D. Morgan School of Aeronautics is a world-class aviation academy with a state-of-the-art training facility designed to help fulfill the educational needs of the vast dynamic global air transportation industry. The school offers a variety of programs designed to provide students with the education and training needed to successfully enter the aviation industry. These programs provide a wide range of educational opportunities for entry-level, four-year students to advance into a career in the industry. Programs for aircrew training, ground personnel and air industry management are offered.

The college supports the mission of the university through its long-range goal to be recognized for career preparation excellence by the diverse stakeholders, communities and clients we serve in terms of:

- providing quality instruction.
- maintaining continuous improvements in programs and curricula.
- providing timely career-based skills and knowledge for undergraduate and graduate students so that they will be viewed as desirable prospects for career growth opportunities by their current and/or future employers.
- supporting continuing education outreach programs (credit and non-credit) for the business community within the university’s service area.
- providing students from around the world with a global awareness of domestic and international business.

The college’s programs are not standardized, prescriptive formulas; they are customized career plans. The college offers a range of experiences that is both wide and substantive. Students in the College of Business and Management have the flexibility to design a course of study that matches their interests and career objectives.

GRADUATE PROGRAM

MASTER OF BUSINESS ADMINISTRATION (M.B.A.)

The modern business enterprise is constantly transforming as it responds to technological innovations linking local communities with the global marketplace. The Lynn University M.B.A., delivered on ground and online, is an advanced degree designed to prepare and equip managers with the knowledge and competencies needed to administer controllable forces within their organizations in order to successfully adapt to variables and changes in an uncontrollable environment. Practitioners develop skills for deciphering and forecasting external forces and in the process become effective leader managers in the increasingly multicultural, multinational environment of the 21st century.

Located at the crossroads of world trade, Lynn University offers an unparalleled laboratory for learning. The university’s expert faculty challenge graduate students, many with international backgrounds, to examine a broad spectrum of issues confronting modern business managers.

The 36-credit M.B.A. program comprises 12 three-credit courses, of which seven to nine are foundation courses (21 to 27 credits) for the Business Administration major, and three to five are specialization courses (nine to 15 credits). Specializations are available in Aviation Management, Mass Communication and Media Management, Hospitality Management, Financial Valuation and Investment Management, International Business, Marketing, and Sports and Athletics Administration. Students also may choose to participate in an optional internship.

The Lynn University M.B.A. Program is designed to prepare qualified students for middle and upper-level management leadership responsibilities in business, not-for-profit and governmental organizations. Using a general management focus and strategic approach, students demonstrate: (1) broad and integrated knowledge of business functions; (2) knowledge of ethical and legal considerations and the social responsiveness to resolve corporate and public issues; (3) analytical, problem-solving and critical thinking skills and use of technology related to business decision-making; (4) communication and interpersonal skills to lead groups and business organizations; (5) foundations and tools to make and implement strategies; and (6) the depth and critical importance of the dynamic and global environment as they influence organizations, decisions and operations.

Graduate Admission Standards for M.B.A. Program

Students are required to meet the following prerequisites for admission to the program:

1. A bachelor’s degree from an accredited institution.
2. Undergraduate GPA 2.5 or higher.
3. Completion of a course in Statistics at the college level with a grade of B or better.
4. Completion of a course in Quantitative Methods, Calculus or Pre-calculus with a grade of B or better.
5. Official undergraduate transcripts.
6. A résumé and personal statement.
7. Two letters of recommendation from academic or professional sources. At least one of these must be academic.
8. A writing sample demonstrating capacity to perform at the graduate level.
9. For international students who have not graduated from an accredited undergraduate institution in the United States, a satisfactory TOEFL score (550 paper-based, 213 computer-based or 80 internet-based) along with an International Transcript Evaluation and a course equivalency report must be provided.

If an applicant meets all requirements for admission except #3 and/or #4, then that applicant may be granted a probationary admission subject to the conditions stipulated below:

10. If an applicant has not taken a Statistics course or if the grade earned was below B, then that applicant may be admitted on probation subject to completion of RES 602 Statistics with a grade of B or better.
11. If an applicant has not taken a Quantitative Methods, Calculus or Pre-calculus course or if the grade earned was below B, then that applicant may be admitted on probation subject to completion of MBA 500 Quantitative Methods in Business.

While not required for admission, students who have not taken a course in accounting, macroeconomics, microeconomics and/or who lack proficiency in the MS Office Suite (Word, PowerPoint, Excel) may be required to take prerequisite courses in each: MBA 504 Survey of Accounting and Finance; MBA 502 Managerial Economics; and a
computer information systems course, respectively, before taking the foundation courses in the M.B.A. program.

**Prerequisites for Those Without an Undergraduate Business Degree**

Undergraduate transcripts from M.B.A. applicants are reviewed to determine whether the applicant has completed prerequisite course work in financial accounting, macroeconomics and statistics.

Proficiency in the use of computer applications such as Word, Access, Excel and PowerPoint is essential.

**M.B.A. Degree Completion Requirements**

1. Complete any necessary prerequisites.
2. Complete the degree in four calendar years from the date on a student’s initial registration or be held to any new degree requirements.
3. Maintain a cumulative 3.0 GPA and achieve a C (2.0) grade or higher in each course.
4. Complete 12 three-credit courses, including seven to nine foundation courses (21 to 27 credits) and three to five specialization courses (nine to 15 credits). If a specialization is not chosen, complete 9 to 15 credits from any specialization.
5. Develop and successfully demonstrate a range of critical thinking skills to complete an oral and written presentation reflecting the integration and application of theory to practice in MBA 690 Strategic Management Seminar.

Mission Statement

The Donald E. and Helen L. Ross College of Education’s programs are delivered via experiential learning, and therefore bring research to practice. These programs challenge students to develop intellectually and personally to their fullest potential, ensuring that they are equipped with the knowledge, skills and competencies required of successful educators to meet the needs of all learners in today’s diverse society.

GRADUATE PROGRAMS

MASTER OF EDUCATION

In the Donald E. and Helen L. Ross College of Education, Lynn University, the primary aim in all programs, is to provide students the knowledge, dispositions, skills and understanding necessary to exercise visionary leadership in diverse and dynamic environments. The professional preparation provided by the department stresses strategic planning, collaborative problem solving, interpersonal and inter-group functioning, technological proficiency and effective communication. In our view, the ultimate mission of the department is to prepare students who will create organizational cultures that lead with the head, hand and heart.

I. MASTER OF EDUCATION IN EXCEPTIONAL STUDENT EDUCATION (ESE)

The ESE program consists of completing several courses which will provide students with the skills needed to work with a diverse group of children with disabilities in a K-12 setting. The courses focus on learning pedagogical content theory, knowledge and clinical experiences in the field as well as practical application. The intent is to produce graduates who, as teachers, are able to address the needs of the increasingly diverse student population and can provide leadership for innovative programs to coordinate professional activities to better serve these students.

Graduate Admission Standards for M.Ed. Program in ESE

Students are required to meet the following prerequisites for admission to the program:

1. A bachelor’s degree from an accredited institution.
2. Undergraduate GPA of 3.0 or higher.
3. Official undergraduate and graduate transcripts of all academic coursework attempted.
5. Statement of professional goals and a writing sample demonstrating the capacity to perform at the graduate level.
6. Two recent letters of recommendation; these can be from professional or academic sources but must be interactions that occurred with the last six months.
7. Official appropriate entrance examination score report (General Knowledge [GK] Test, or Millers Analogies Test [MAT] or GRE.

M.Ed. in ESE Degree Completion Requirements

1. Complete the degree in a maximum of four calendar years from the date on a student’s initial registration or be held to any new degree requirements.

2. Maintain a cumulative 3.0 GPA and achieve a B (3.0) grade or higher in each course.
3. Complete a minimum of 30-36 credits.
4. Pass FTCE Exceptional Student Education (ESE) certification subject area examination.

Program goals

The goals of the program are to provide a curriculum that:

- Introduces students to a body of diverse theory regarding exceptional student education.
- Focuses on the interpretation of laws and rules that govern the educational institution.
- Enhances effective skills in written and oral communication, mathematical computation, information literacy, intellectual strategies and use of technology.
- Emphasizes the critical examination and evaluation of ethical issues and implications in today’s educational establishment.

Expected outcomes

Upon completion of the ESE master’s degree program, students will be able to:

- Display knowledge of curriculum and instructional theories, concepts and best practices and apply them to K-12 exceptional student settings.
- Demonstrate effective communication and interpersonal relationship skills.
- Compare and contrast the strategies used to plan, develop, implement and evaluate instructional programs for children with disabilities.
- Use abilities to assist the educational community in helping children with disabilities in inclusion classes.
- Understand, analyze, and interpret the federal, state constitutional, statutory and regulatory provisions governing special education.
- Develop knowledge of policies and procedures for the appropriate use of technology in the field.
- Devise and implement strategies to assist children with disabilities within their environment.

PROGRAM OPTIONS

The Ross College of Education offers a Master of Education program in ESE with two different tracks and three different specializations.

TRACK ONE is for individuals new to education and affords the opportunity to gain initial ESE teaching certification.

This Masters degree requires a minimum of 36 credit hours and requires practicum and student teaching. Students in this track will pick one specialization from the three offered. Students are also required to earn a passing score on the ESE subject area exam. The State of Florida may require additional courses in the field for certification, prior to issuing the five-year certificate.

II. MASTER OF EDUCATION IN EDUCATIONAL LEADERSHIP

SCHOOL ADMINISTRATION K-12
Florida State-Approved for Certification

The School Administration K-12 program is a 36 credit hour program leading to the Master of Education degree in Educational Leadership and eligibility for the Florida Educational Leadership Certification (K-12), Level 1.

The program prepares aspiring instructional leaders and administrators to meet the challenges of today’s schools. The program of study includes leadership and organizational theory, applied research, professional knowledge, field experiences and school-based internship.

Program OPTION 1 contains the learning of the Florida leadership standards, competencies and skills which are measured through the FELE. Students who complete this program option are prepared to sit for the FELE examination.

PROGRAM OPTIONS

The program in Educational Leadership offers three (3) options to accommodate students’ needs:

1. Master’s with Certification Option

Students who are planning to obtain Florida State Certification in Educational Leadership can study for the Master’s degree in the Certification Master’s option of the Educational Leadership Program.

2. Non-certification Option

Students seeking a Master’s degree but do not desire Florida State Certification may enter the Non-certification Master’s Option. With approval of their advisor, students are allowed flexibility in course electives and, depending on their experience and career goals, may substitute some of the core courses in the program for other courses.
designed to meet their professional needs. In lieu of EDL 699 (Internship in Educational Leadership) a practicum course of three credits is required.

3. International Student Option (non-certification)

International students seeking to earn a Master of Educational Leadership degree in a year may choose this option. The plan of study includes generic educational leadership courses as well as specific courses designed to meet students’ identified needs.

Instructional Delivery

The courses are delivered either online or in the traditional classroom. Web conferencing is also utilized. Course content, irrespective of method of instructional delivery, is identical.

Specialization Courses

The School Administration K-12 program offers two additional specializations:

1. School Administration K-12 with a specialization in Exceptional Student Education (ESE).
2. School Administration K-12 with a specialization in Specific Learning Difficulties (SLD).

Program goals

The goals of the Educational Leadership program are to provide a curriculum that:

• Introduces a body of diverse theory regarding educational leadership.
• Focuses on the interpretation of laws and rules that govern the educational institution.
• Enhances effective skills in written and oral communication, mathematical computation, information literacy, intellectual strategies and use of computers.
• Emphasizes the critical examination and evaluation of ethical issues and implications in today’s educational establishment.
• Develops data analytical skills to drive decision making and school improvement.

Expected outcomes

Upon completing of the master’s degree program in Educational Leadership, students should be able to:

• Master state educational leadership standards and competencies.
• Demonstrate content areas competencies and skills.
• Display knowledge of basic leadership theories and concepts and apply them to leadership behaviors.
• Understand the relationship between communication and interpersonal relationships.
• Compare and contrast the strategies for evaluating curricular and instructional innovations.
• Develop the ability to plan, develop, implement and evaluate the financial status of an educational institution.
• Analyze the federal, state constitutional, statutory and regulatory provisions governing educational systems.
• Analyze management policies and procedures for appropriate use of technology.
• Analyze federal, state and school data to ensure effective school improvement planning.

Completion of the Florida-approved program in Educational Leadership (Option1) requires the passing of all sections of the Florida Educational Leadership Examination (FELE). Out of state candidates seeking certification or licensure must also pass their state’s department of education requirement. Candidates residing in Georgia are required to take and pass GACE (Georgia Assessment for the Certification of Educators). If there is no state test requirement, candidates must complete the PRAXIS II exit exam.

**DOCTORATE OF EDUCATION: EDUCATIONAL LEADERSHIP**

The Doctor of Education (Ed.D.) is a three-year degree program that equips scholar-practitioners with the skills needed to connect research with practice, lead high-performing organizations and contribute to students learning. The program is geared toward working professionals who want to be leaders in "metropolitan" education systems.

**PROGRAM OPTIONS**

Two concentrations are offered that tailor to the following professional fields:

- Educational Leadership K-12 (15 credits) OR
- Teacher Education/Higher Education (15 credits)

**Instructional Delivery**

In the fall and spring, classes are delivered face-to-face in the classroom on Saturday. Students also attend summer school.

**Program Goals/Learning Outcomes**

Graduates of the Ed.D. program with a concentration in educational leadership K-12 or Teacher Education/Higher Education will be:

- Scholar practitioners able to use self-analysis, inquiry and purposeful reflection to continually improve their own practice.
- Scholar practitioners, who ask engaging and important questions, formulate appropriate strategies for investigating these questions, conduct investigations with a high degree of competence, analyze and evaluate the results of the investigations, and communicate the results to others.
• Scholar practitioners who understand the dynamics of educational systems and are able to leverage those systems in coherent, aligned strategies for educational change by creating democratic learning communities that move school systems toward meeting student achievement goals.

• Scholar practitioners who possess the knowledge and ability to ensure that all students are producing high quality work and achieving at optimum levels by fostering effective curricular programs, student-centered learning environments and accountable school cultures that reflect high expectations for student outcomes.

• Scholar practitioners who are culturally competent and advocate purposefully for equity in a diverse metropolitan society.

• Scholar practitioners who inspired shared vision and commitment to high student achievement informed by best practices by developing structures and processes fostering collaboration and inquiry for continuous instructional improvement.

• Scholar practitioners who are practitioner-researchers who purposefully engage in inquiry and construct knowledge that promotes equity in diverse metropolitan areas advancing the public good.

• Scholar practitioners who value the application of theory in practice and conduct systemic institutional inquiry, identifying critical issues using data to drive decision-making.

Program of Study

The Ed.D. at Lynn University in the Ross College of Education is a 51 credit program:

- One Foundational Course
- Four Methods of Inquiry Courses
- Two Problem Based Inquiry Research Seminars
- Three Problem Based Inquiry Field Based Courses
- Three Capstone Experience
- Four Specialization Courses

**TOTAL CREDITS 51**

Four program themes

- Leadership
- Accountability
- Equity and Diversity (E & D)
- Learning and Instruction (L & D)

In the second year, students build upon the broad base of knowledge gained in the program while taking specialization courses that align most closely with the student's career objectives. Each specialization exposes students to cutting-edge research and context-specific best practices with an emphasis on the application of theory to practice, utilizing a problem based learning pedagogical approach.

Ed.D. PROGRAM

All students enrolled in the Ed.D. program must complete the following curricular requirements (39 credits) and choose one area of concentration and corresponding number of electives (12 credits). Total credits required for degree completion equals 51. Course requirements for each of the specialization areas are listed after the general program requirements.

The Lynn University College of International Communication (CIC) provides students an opportunity to acquire the knowledge, skills and experience necessary to build successful communication careers in the global media marketplace.

The college is committed to blending a strong liberal arts concentration with hands-on experience in radio, television, film, theater, print, graphic design, illustration and computer animation, multimedia journalism, advertising and public relations, political communication, photography, and emerging media in order to best prepare students for leadership roles. Theory courses, both domestic and international in scope, enable students to develop and enhance critical thinking skills and gain a comprehensive command of written, oral and visual expression.

The unique combination of theory, practice and internships gives students a solid foundation for success in the competitive fields of international communication. The college's innovative approach to collaborative education enables students to participate in integrated learning projects that simulate media industries and assist in the transition to positions in communication and media.

FACILITIES

A state-of-the-art digital facility houses broadcast and cinema production and postproduction centers that enable students to develop pre-professional skills and an advanced understanding of studio, field and news production as well as non-linear editing. The faculty provides educational experiences in producing, directing, writing, camera work, lighting, set design, editing, media performance, journalism, public relations, advertising, photography, computer animation and graphic design. Instructional facilities for new media promote the early adoption of developing technologies into the mass media mix, including Web design and maintenance, audio/video streaming on the Internet, interactive business presentations and interactive mass media.

GRADUATE PROGRAM

MASTER OF SCIENCE (M.S.) IN COMMUNICATION AND MEDIA

The Master of Science in Communication and Media is an advanced degree designed for media professionals and recent baccalaureate graduates who plan careers as media scholars and/or practitioners. The program emphasizes the application of technology and new media delivery systems in the evolving mass media environment.

Graduate Admission Standards for M.S. in Communication and Media

Students are required to meet the following prerequisites for admission to the program:

1. A bachelor's degree from an accredited institution.
2. Undergraduate GPA 3.0 or higher.
4. Two letters of recommendation from academic or professional sources.
5. A writing sample demonstrating the capacity to perform at the graduate level.
6. For international students who have not graduated from an accredited undergraduate institution in the United States, a satisfactory TOEFL score (550 paper-based, 213 computer-based or 80 Internet-based) along with an International Transcript Evaluation and a course equivalency report must be provided.

Completion Requirements

1. Complete the degree in four calendar years from the date of a student's initial registration or be held to any new degree requirements.
2. Maintain a cumulative 3.0 GPA and achieve a C (2.0) grade or higher in each course.
3. Complete 36 graduate credits of foundation and specialization coursework, including a creative project or thesis.*

* In the Media Studies and Practice specialization, COM 540 and COM 545 may be substituted for the creative project or thesis.

Curriculum

The curriculum seeks a balance of theory and practice by incorporating a substantive foundation of communication and media theory, research, law and history with multiple layers of practical application in content production and delivery.

The interdisciplinary nature of the degree permits students who have undergraduate degrees in a variety of majors to enter the program without penalty. Students without an undergraduate degree in a media-related discipline may be required to complete a limited number of lower-level courses.

The M.S. in Communication and Media is made up of 36 credit hours of academic courses and creative project or thesis. Eighteen (18) of the 36 credits are foundation courses and 18 credits are specialization courses. The creative project/thesis is determined and evaluated by the candidate's graduate committee. M.S. graduate committees are composed of the candidate's major professor and two members of the graduate faculty.

**Creative Project/Thesis**

The creative project offers candidates the opportunity and the means to demonstrate the acquisition, mastery and integration of knowledge and skills in communication and media. Students are expected to select a creative project that fits professional and career objectives.

The thesis is an original work conducted with scholarly rigor. The work must demonstrate the mastery of research skills and be theoretically significant. Students who wish to pursue doctoral studies are encouraged to choose the thesis option.

**Grading of the Creative Project/Thesis**

All projects/theses must be completed within one year of the date of the accepted proposal. The creative project culminates in a public presentation and the thesis project in an oral defense. The creative project/thesis is graded on a pass/fail basis. In the event of a failing grade, students may resubmit their work within 90 days of the decision.

Students who fail to complete COM/GVC 595 – CREATIVE PROJECT/THESIS SEMINAR II in the term following completion of COM/GVC 590 – CREATIVE PROJECT/THESIS SEMINAR I must reenroll in COM/GVC 595 for one credit in subsequent terms.

**Completion of the Creative Project/Thesis**

Upon successful completion of the creative project/thesis, the student must submit two copies, one for the university library and one for the College of International Communication.
CONSERVATORY OF MUSIC

MISSION STATEMENT

The mission of the Conservatory of Music at Lynn University is to provide high-quality professional education for gifted young musicians and set a superior standard for music education worldwide. Primary among the goals of the Conservatory is the nurture and education of the student body with a thorough attention to musicianship, artistry and skills needed to be competitive in the field of music performance. The aim is to train instrumental music students of high achievement through intensive programs of study in order to prepare them for performance careers. In addition, the Conservatory of Music offers a major in music composition. The Conservatory faculty forms a community of exceptionally accomplished and dedicated individuals striving toward similar goals. The artist-faculty maintain active performance careers and bring their experience and expertise to the aspiring student body.

The Conservatory offers baccalaureate and post-baccalaureate level programs of study to music students who have previous extensive preparation in musical performance and/or composition. The program focuses on rigorous, professional instruction and offers a full and progressive curriculum leading to the Bachelor of Music degree, Professional Performance Certificate or Master of Music degree. Students are selected for enrollment from across the United States and globally through a stringent audition process. Artistic talent and ability, along with potential for growth, are the primary criteria for admission. Following are the requirements for obtaining degrees from the Conservatory:

GRADUATE PROGRAM

MASTER OF MUSIC (M.M.)

Graduate Admission Standards for M.M. in Music
Students are required to meet the following prerequisites for admission to the program:
1. A bachelor’s degree from an accredited institution.
2. Official undergraduate transcripts.
3. Two Conservatory recommendation forms.
4. An audition for performance and collaborative piano majors; a portfolio of three original compositions and, if available, recordings for composition majors.
5. For international students who have not graduated from an accredited undergraduate institution in the United States, a satisfactory TOEFL score (550 paper-based, 213 computer-based or 80 internet-based) along with an International Transcript Evaluation and a course equivalency report must be provided.

MAJOR: PERFORMANCE

This is a two-year program of study at the post-baccalaureate level for students of piano, violin, viola, cello, double bass, flute, oboe, clarinet, bassoon, trumpet, French horn, trombone, bass trombone, tuba, harp or percussion. Students will hone their technical skills, expand their repertoire, acquire performance experience and develop the ability to communicate an artistic vision. Each student will have the opportunity to bring his/her talent to fruition through extensive performance experiences and through expanded theoretical and historical knowledge. Academic and practical training will provide comprehension, application and synthesis of knowledge.

The Master of Music degree in Performance is designed to prepare each candidate for a variety of music and music-related professions. Its purpose is to train the graduate student and to provide this student with the tools needed to attain professional competence and specialization in the area of performance.

M.M. Degree in Performance Completion Requirements
1. Complete the degree in four calendar years from the date on a student’s initial registration or be held to any new degree requirements.
2. Maintain a cumulative 3.0 GPA.
3. Complete 36 credits of music courses, including four semesters of applied music study (16 credits, 20 credits for pianists), four academic music courses (12 credits), four semesters of Performance Forum (0 credit), various performance requirements (a full recital, a concerto performance, a chamber work performance – each 0 credit), participate in two January Terms (0 credit) and pass a comprehensive exam (0 credit) given near the conclusion of degree study. String, wind, brass and percussion students are required to complete four semesters of large ensemble (4 credits), four semesters of small ensemble (4 credits) and perform a mock audition (0 credit). Piano students are required to complete four semesters of small ensemble (4 credits) and perform a sight reading jury for pianists (0 credit).
4. Pass proficiency exams in music history and music theory.

MAJOR: COLLABORATIVE PIANO

This is a two-year program of study at the post-baccalaureate level for students of collaborative piano. Students will pursue advanced studies in instrumental collaboration through extensive practical experience in both the studio and on stage through a practicum divided evenly between strings (one year) and woodwinds, brass and percussion (one year). Weekly applied lessons, chamber coachings, seminar participation and a bi-monthly studio class compliment coursework in piano literature, pedagogy and other music academics providing the student with the tools needed to attain professional competence and specialization in the area of instrumental collaboration.

M.M. Degree in Collaborative Piano Completion Requirements
1. Complete the degree in four calendar years from the date on a student’s initial registration or be held to any new degree requirements.
2. Maintain a cumulative 3.0 GPA.
3. Complete 39 credits of music courses, including four semesters of applied music study (12 credits), four semesters of small ensemble (4 credits), two academic music courses (6 credits), collaborative piano courses (14 credits), a sight reading jury for pianists (0 credit), four semesters of Performance Forum (0 credit), two full student collaborative recitals (0 credit), participate in two January Terms (0 credit) and pass a comprehensive exam (0 credit) given near the conclusion of degree study.
4. Pass proficiency exams in music history and music theory.
MAJOR: COMPOSITION

This is a two-year program of study at the post-baccalaureate level for students of music composition. Students will pursue advanced studies in composition through private study and will complement this study with graduate-level course work in music theory, music history and other music electives. The Master of Music degree in Composition is designed to train and provide the graduate student with the tools needed to attain professional competence and specialization in the area of composition and to continue graduate studies at the doctoral level.

M.M. Degree in Composition Completion Requirements
1. Complete the degree in four calendar years from the date on a student’s initial registration or be held to any new degree requirements.
2. Maintain a cumulative 3.0 GPA.
3. Complete 36 credits of music courses, including four semesters of applied music-composition study (16 credits), four academic music courses (12 credits), four semesters of Performance Forum (0 credit), music electives (8 credits), a full recital of original compositions, participate in two January Terms (0 credit) and pass a comprehensive exam (0 credit) given near the conclusion of degree study.

Juries are held in the spring semester and collaborative piano students are required to participate in one jury during their degree program.

* M.M. students: Five documented hours per week. Candidates will complete two semesters of string practice and one each of woodwinds and brass/percussion in no predetermined order. Assignments will include participation in lessons, master classes and studio class as assigned by teacher.

** Students will be required to perform two complete student collaborative recitals.

*** Music Academic Electives may be selected from the following courses: MUG 580 Music Entrepreneurship, MUH 530 Bibliography and Research Skills, MUH 562, 563, 566, 568 Seminars in Music History (various topics), MUP 529 Piano Pedagogy and MUP 570 Analytical Techniques of Music.

GRADUATE CERTIFICATE PROGRAM

PROFESSIONAL PERFORMANCE CERTIFICATE (PPC)

This is a two-year program of study at the post-baccalaureate level for students of piano, collaborative piano, violin, viola, cello, double bass, flute, oboe, clarinet, bassoon, trumpet, French horn, trombone, bass trombone, tuba, harp or percussion, with primary focus on advanced performance and the preparation of students for the professional world. The requirements for completion of this program include intensive applied study with specific performance requirements encompassing recitals, concerti, orchestral excerpts and chamber music, four semesters of Performance Forum (0 credits) and four semesters of the January Term (0 credit). In addition, students enrolled in the Professional Performance Certificate program fulfill their remaining performance requirements in a preferred area of specialization (i.e., solo, chamber music, orchestral or a combination of these). Entrance to the Professional Performance Certificate program is limited to those who have completed a Bachelor of Music in Performance degree or an approved equivalent course of study and who pass an entrance audition on their major instrument.

Course Number Guide

The first (left-hand) digit of the course number has the following significance:

- Freshman Courses 100 Level (lower division courses)
- Sophomore Courses 200 Level (lower division courses)
- Junior Courses 300 Level (upper division courses)
- Senior Courses 400 Level (upper division courses)
- Master Level Courses 500 – 700 Level

Note: Course numbers 297, 397 and 497 (one to three credit hours) denote independent research projects or other approved phases of research or independent study. They are available in all disciplines, and the prerequisite is the permission of the appropriate college dean.
COURSE DESCRIPTIONS

ACC 201  ACCOUNTING FOR FINANCIAL REPORTING  3 CREDITS
A study of the fundamental principles and procedures of accounting as applied to sole proprietorships, partnerships and corporations. Emphasis is on the accounting cycle, asset valuation, income determination and preparation of financial statements. Advisory note: Students receiving a grade less than C may experience academic difficulty in ACC 202.

ACC 202  ACCOUNTING FOR DECISION MAKING  3 CREDITS
The study of managerial or cost accounting concepts and techniques with applications to planning and control. Emphasis is on cost-profit-volume analysis, branch accounting, variable and absorption costing, cash flows, budgets and statement analysis. Prerequisite: ACC 201.

AFS 100  FOUNDATIONS OF THE U.S. AIR FORCE  1 CREDIT
This course is designed to show the potential Air Force officer what role today's Air Force plays in the defense of our nation, what role they can fill in today's Air Force, and finally what the Air Force offers them both today in AFROTC and later, should they choose the Air Force as a profession after AFROTC.

AFS 101  FOUNDATIONS OF THE U.S. AIR FORCE  1 CREDIT
A continuation of AFS 100. Prerequisite: AFS 100. Offered: Spring.

AFS 200  EVOLUTION OF USAF AIRSPACE POWER  1 CREDIT
This course is designed to examine general aspects of air and space power through a historical perspective. It will cover the time period from the first balloons and dirigibles to the space-age global positioning systems to the Persian Gulf War. Historical examples will be provided to extrapolate the development of Air Force capabilities and missions to demonstrate the evolution of what has become today's U.S. Air Force air and space power.

AFS 201  EVOLUTION OF USAF AIRSPACE POWER  1 CREDIT
A continuation of AFS 200. Prerequisite: AFS 200. Offered: Spring.

AFS 300  LEADERSHIP AND MANAGEMENT  3 CREDITS
This is a survey course designed to give cadets an overview of the subject; it is not a content course. Covered are listening, speaking and writing skills in the peculiar Air Force format. Additionally, students will be expected to comprehend various aspects of Air Force leadership, individual leadership, Air Force officers' duties and responsibilities, as well as how to apply concepts of ethical behavior.

AFS 301  LEADERSHIP AND MANAGEMENT  3 CREDITS
A continuation of AFS 300. Prerequisite AFS 300. Offered: Spring.

AFS 400  NATIONAL SECURITY POLICY  3 CREDITS
Focus is on the examination of the national security process, regional studies, advanced military justice, civilian control of the military, preparation for active duty and current issues affecting military professionalism.

AFS 401  NATIONAL SECURITY POLICY  3 CREDITS
A continuation of AFS 400. Prerequisite AFS 400. Offered: Spring.

AVM 102  AVIATION HISTORY  3 CREDITS
A survey of the entire spectrum of aviation—its evolution from balloons to supersonic transports and space travel, its contemporary situation and problems, as well as its potential.

AVM 120  PRIMARY FLIGHT THEORY AND TRAINING, SOLO  3 CREDITS
Provides the student with the theoretical knowledge and practical skills to meet all FAA requirements for solo flight under FAR Part 141 in a single-engine, land class airplane. Lab fee: $100.

AVM 121  PRIMARY FLIGHT THEORY AND TRAINING, PPL  3 CREDITS
Provides the student with the theoretical knowledge and practical skill to complete all FAA written, oral and flight training requirements for the award of the Private Pilot License for single-engine, land class aircraft as required under FAR Part 141. Lab fee: $100. Prerequisite: AVM 120.

AVM 220  INSTRUMENT FLIGHT THEORY AND TRAINING, BASIC  3 CREDITS
Instrument flight theory and training accomplished in compliance with FAR Part 141 that prepares the student to accomplish a ground and flight progress check covering basic attitude instrument flying and basic instrument navigation. Lab fee: $100. Prerequisite: AVM 121.

AVM 221  INSTRUMENT FLIGHT THEORY AND TRAINING, ADVANCED  3 CREDITS
Advanced instrument flight theory and training accomplished in compliance with FAR Part 141 that prepares the student for the FAA written, oral and flight training leading to the instrument rating. Lab fee: $100. Prerequisite: AVM 220.

AVM 226  AVIATION WEATHER  3 CREDITS
A study of atmospheric phenomena, weather principles, forecasting techniques and weather information dissemination as they relate to and impact flight operations.

AVM 230  COMMERCIAL FLIGHT THEORY  3 CREDITS
Provides the required flight theory and prepares the student for the FAA written and oral tests for the commercial pilot certificate. Prerequisite: AVM 221, or instrument rating. Lab fee: $100.

AVM 231  COMMERCIAL FLIGHT TRAINING  1 CREDIT
Completes the required flight knowledge and skills and prepares the student for the FAA flight test leading to the commercial pilot certificate. Prerequisite: AVM 230 or instrument rating.

AVM 250  AVIATION SAFETY AND HUMAN FACTORS  3 CREDITS
A study of the physiological, psychological and physical factors that directly affect air operations and flight safety. Included are reviews and discussions of safety parameters and aircraft accidents and incidents that reflect human factor involvement.

AVM 310  FLIGHT INSTRUCTION METHODS AND PROCEDURES  4 CREDITS
Methodology and requirements of flight instruction that prepare the student for the FAA flight instructor's examination. Flight training and successful completion of all training requirements for the commercial flight instructor's ratings are involved. Lab fee: $30.

AVM 330  AIR TRANSPORTATION INDUSTRY  3 CREDITS
An overview of the contemporary air transportation industry, both domestic and foreign, including the industry's evolution, structure, regulation, administration, aircraft and its future.

AVM 331  AVIATION REGULATION AND LAW  3 CREDITS
A study of the evolution of aviation regulation and law that together govern air transportation and the aviation industry. Included are certain sections of current Federal Aviation Regulations (FARs), landmark court cases that have significantly affected air travel and various conventions and agreements by which domestic and international air transportation are governed.

AVM 346  FIXED-BASE OPERATIONS MANAGEMENT  3 CREDITS
An analysis of all aspects of fixed-base operations, including flight training, charters and rentals, contract services, transient flight operations, and community relations. Study also will include an overview of the contemporary air transportation industry, both domestic and foreign, including the industry's evolution, structure, regulation, administration and its aircraft.

AVM 441  AIRLINE AND AIRPORT OPERATIONS MANAGEMENT  3 CREDITS
An analysis of the application of contemporary management techniques of the airline and airport industries. Included are management functions, current issues, domestic and foreign operations, domestic and foreign regulations, aircraft selection, labor
relations, airport master plans and strategic planning. The course will include a major student project.

**AVM 471 AIRLINE EMERGENCY CABIN TRAINING** 3 CREDITS

A survey of substantive American criminal law and an analysis of the accused’s procedural rights.

CRJ 302 ISSUES IN CORRECTIONS 3 CREDITS
This course examines contemporary issues surrounding the legal and social construction of confinement against a background of controversy, idealism and unfulfilled social promise. The nature of punishment and its purpose is examined. Alternative correctional models are reviewed and future trends are considered.

CRJ 320 CRIMINOLOGY 3 CREDITS
This course presents an examination of the systematic study of the nature, extent, etiology and control of law-breaking behavior. It seeks to establish empirical knowledge about crime and its control, based upon qualitative and quantitative research that forms a basis for understanding, explanation, prediction, prevention and criminal justice policy.

CRJ 321 COMPARATIVE POLICE SYSTEMS 3 CREDITS
This course compares and contrasts the law enforcement systems of different countries throughout the world, highlighting important features and differences of each. Students learn how law enforcement systems may vary across cultures and why. Each student will be responsible for an in-depth examination of a particular system against a comparative systems background.
CRJ 322 PROBATION AND PAROLE 3 CREDITS
This course examines imposition of conditions and the supervision of offenders in the community as an alternative to imprisonment. Both probation and parole are examined in a historical and contemporary context. Consideration is given to the effects that probation and parole have upon the rest of the criminal justice system.

CRJ 323 COMMUNITY CORRECTIONS 3 CREDITS
This course considers the community treatment of offenders. While examining the concept of community corrections, it notes the historical development and problems that offenders face when they enter community programs. Community resource provision and prerelease preparation are emphasized.

CRJ 330 THE AMERICAN JUDICIARY 3 CREDITS
This course examines the structure and process of the American judicial system from a local, state and federal perspective, with emphasis upon civil, criminal, administrative and regulatory issues. Consideration is given to legal and political influences upon the judicial system and the court's role in influencing public policy in the criminal justice system.

CRJ 400 GENDER, CRIME AND CRIMINAL JUSTICE 3 CREDITS
An overview of how gender affects women's involvement in the criminal justice system as offenders, victims and professionals. Considerable attention is given to women as victims of crime, the social system and the criminal justice process.

CRJ 401 TRIAL ADVOCACY 3 CREDITS
This course examines the structure and process of the American judicial system from a trial advocacy perspective, with emphasis upon the criminal court process and procedures inside an American courtroom. Students will participate in a mock jury trial based on a fictitious fact pattern studied in class.

CRJ 402 ETHICS, EVIDENCE AND LAW 3 CREDITS
This course is a detailed examination of the Rules of Criminal Procedure and the Rules of Evidence in the context of a fundamentally constitutional right to a fair trial. The trial of People v. O.J. Simpson will be thoroughly discussed with special emphasis on applying Florida Criminal Procedure and Evidence. Students will have the opportunity to compare and contrast the legal roles and ethical dilemmas encountered by attorneys, judges and law enforcement agents. Course success will require significant preparation of the materials and good writing skills. Interactive group discussions will be utilized to evaluate trial strategy and to understand the methods and ethical obligations of law enforcement assigned to collect evidence. The role of the media in the courtroom will also be explored.

CRJ 405 TERRORISM 3 CREDITS
This course will examine terrorist culture and will analyze its origins, motives, operations and psychology of terrorism. Case studies will be presented to illustrate the variety of both international and domestic terrorist events. Techniques of counter-terrorism will be analyzed, and their impact on civil rights and civil liberties will be evaluated.

CRJ 410 VIOLENCE AND SOCIAL CHANGE 3 CREDITS
This course examines the theory, nature and content of violence as an act of human behavior, an entity, a social structure, a system or a process. Attention is given to ethno-violence. Relationships to victimization theory are explored, as well as cultural models of violence.

CRJ 412 CRIME AND PUNISHMENT 3 CREDITS
This course is an interdisciplinary study of the concepts of crime and punishment as social values and how these values are reflected upon by different academic disciplines in the context of events important to people in society.

CRJ 420 ETHICS IN CRIMINAL JUSTICE 3 CREDITS
An identification and in-depth analysis of the diverse ethical issues encountered in the criminal justice profession. Using a case study approach, traditional ethical theories will be examined and applied to such topics as discretion, affirmative action, use of deadly force, misconduct, civil disobedience, undercover operations and privacy.

CRJ 450 RESEARCH IN CRIMINAL JUSTICE 3 CREDITS
This course consists of a study of research design and qualitative and quantitative methods of data collection and analysis. A properly formatted, well-developed, research-based paper is a requirement for the course. Students develop an independent project and oral presentation of their findings.

CRJ 480 SENIOR SEMINAR IN CRIMINAL JUSTICE 3 CREDITS
An intensive study of a selected topic relative to the concept of criminal justice. Emphasis is placed on meaningful research in the area selected.

CRJ 490 CRIMINAL JUSTICE INTERNSHIP 3–12 CREDITS
Practical work experience in a criminal justice agency in one of the major sectors of the field: law enforcement, courts or corrections; or in a private firm serving these interests. Instructor and sponsor oversee and evaluate student work. Prerequisites: Permission of college internship liaison, 2.5 cumulative GPA in major and/or departmental approval.

DBR 200 CIVILIZATION AND CIVILITY 3 CREDITS
In this course we will examine the concepts of belief and reason through the writings of philosophers from the Ancient World to the 20th century. We will examine the underlying meanings and assumptions found in the writings and how they developed into the essential concepts of our understanding of the world and the cultural and religious implications to society. We will apply this knowledge of belief and reasoning systems to examine our own lives, study social and historical issues, and the questions of faith and spirituality. Also important to our study will be to compare and contrast our beliefs with others in order to examine our own beliefs and question their relevance in society's future.

DBR 100 MYTH, MAGIC & MORALITY 3 CREDITS
In this course, students will explore the concepts of belief and reason through various historical, anthropological and philosophical perspectives. The course will examine the underlying meanings and assumptions behind the focus on belief and reason, specifically their cultural and religious implications and their differences, with a focus on practice and action. The course will focus on the ways belief and reason are manifested in myths; magic, witchcraft and other practical aspects of religion; and morality, especially the justification of violence. Students will explore the nature of religion and the diversity that exists among and within different religious traditions from an academic perspective.

DBR 200 EAST AND WEST 3 CREDITS
In this class, students will examine the similarities and differences between Asian and European systems of belief and reason. The lines between East and West are not as strong as many often assume, and East and West have interacted for centuries. The course will explore the concepts of belief and reason through various historical, anthropological and philosophical perspectives.

DBR 300 FAITH AND FANATICISM 3 CREDITS
This 300-level Dialogue of Belief and Reason will examine the causes and effects of British imperialism and Irish-Americans on the
emergence of Irish nation states following the Famine of the 19th Century and the Irish Renaissance at the turn of the century. Using selected social, literary and film texts, students will deconstruct the reasons and the beliefs that led to the Easter Rising of 1916, the civil war in 1923-23 that followed the partition of Ireland, the decline of faith in the Catholic Church during the 20th century, their Church’s many abuses that have recently been revealed, and the social reconstruction of identity in the north and south of Ireland. Finally, students will examine the economic and cultural collision in Northern Ireland that led to the outbreak of hostilities in the late 60s and “The Troubles” that continued until The Good Friday Agreement of 1998, while the Celtic Tiger’s economic boom was in full flower in the south before it died two years ago.

**DBRG 300 WHY TRAGEDY?** 3 CREDITS
This course will examine dramatic expressions of the tragic experience in plays and films, as well as through analyses of tragic events, such as the attack on the World Trade Center on Sept. 11, 2001, to seek an understanding of the nature and effects of tragedy. Through readings from literary, historical, cultural and philosophical perspectives, the course will attempt to answer such essential questions as the role and purpose of tragedy in our lives, how it is perceived and understood, how it relates to society as a whole and how one can play a part in coping with tragedy.

**DBRG 100 QUEST FOR IDENTITY** 3 CREDITS
This course will survey selected readings from many of the primary global spiritual, mythological, folkloric and philosophical belief systems, and the rationale(s) that seek to affirm or deny those beliefs. Specifically, this course will address the Judeo-Christian, Islam, Buddhist, Hindu, Native American, and African belief systems, and will survey philosophers from Socrates and Confucius to Immanuel Kant and Jean Paul Sartre.

**DBRO 100 BELIEF AND REASON ARE FUNNY** 3 CREDITS
This course takes the most serious of themes and questions surrounding concepts that have puzzled thinkers for ages, tips them upside down and makes us see their lighter, as well as meaningful sides. Through comparative study of classical and contemporary readings, introspective essays, and comedic films students will explore how when belief and faith intervene with reason and reality, as they do in the worlds of these films, the results can be both hilarious, yet very revealing about who we are as people.

**DJC 100 DIALOGUE OF JUSTICE AND CIVIC LIFE** 3 CREDITS
Pursuant to our educational goals of preparing students to be responsible, informed and ethical citizens–locally and globally, these seminars focus on the ideas, values, institutions and practices that have defined civic life within human societies. Civic engagement is impossible unless students acquire the skills, knowledge and perspective that will allow them to understand the political life. These seminars will also examine the nature of society and “the State” and the concepts of freedom, equality, justice and power from both a historical and cross-cultural perspective.

**DJCA 100 ETHICAL DECISION MAKING THROUGH THE CINEMATIC PROCESS** 3 CREDITS
This course will use films to provide students with a foundation for ethical decision making in the contexts of altruistic considerations, idealistic considerations, individual considerations and pragmatic considerations. The students will explore how others have made decisions in various environmental situations. Ensuing discussion and reflection will provide a basis for forming an opinion as to why the decision was appropriate or not. It is expected that by the end of the course students will have a template for ethical decision making.

**DJCA 100 FOUNDATIONS OF AMERICAN LIBERTY AND JUSTICE** 3 CREDITS
This course will explore the form and function of the founding documents of the United States of America, including the Declaration of Independence and the Constitution, with its Amendments, as they relate to questions of freedom, equality, justice, fundamental fairness, and civic life. In addition to a thorough consideration of those primary documents, students will consider the literary, historical and philosophical underpinnings that have led to their development, and begin the process of comparing the aspirations and results of the American system with other systems, past and present, in the world.
DQR 100  WHY NUMBERS MATTER: INTRODUCTION TO QUANTITATIVE REASONING  3 CREDITS
This course emphasizes a practical approach to problem solving using quantitative reasoning. Students will explore mathematical principles needed to make sound decisions throughout life. Relevant applications engage students while underscoring the essential uses of mathematics in everyday life. Topics include, but are not limited to, approaches in problem solving, numbers in the real world, managing finances, functions and linear modeling.

DSL 100  THE SCIENTIFIC IMAGINATION  3 CREDITS
This course introduces the student to the history of modern scientific discovery, and through that history, the inner workings of science, the interrelation between science and society, and the state of current scientific knowledge about a wide array of phenomena in the natural universe. Using Bill Bryson's book A Short History of Nearly Everything as a starting point, students cover the history and politics of science in the 19th and 20th centuries, the major discoveries made by science, the effects of those discoveries on human societies, and how social forces have shaped scientific discovery. Using a short reading entitled: What is Science? And Why Should I Care?, students are introduced to the scientific method and the nature of scientific inquiry.

DSL 200  SCIENTIFIC PERSPECTIVES IN GLOBAL CHANGE  3 CREDITS
This course is an exploration of the topic of global climate change. The first half of the course focuses on the basics of the various sciences involved in the phenomenon of global warming: physics, chemistry, biology, atmospheric and oceanographic science, geology, etc. Rather than a survey of each of these sciences, particular aspects of each science are covered in some depth in the context of the role they play in creating and controlling the global and local climates. The second half of the course focuses on the various ways in which technology might be able to play a role in preventing or controlling climate change, as well as the complicating factors that limit each of these technologies. Students research ways in which this issue and these technologies apply to their own major field of study and subsequent professional career fields of interest.

DSS 100  DIALOGUE OF SELF AND SOCIETY  3 CREDITS
For every individual and society, the most fundamental of all questions is both the simplest and the most profound, who am I, what is my purpose? The desire and need to "know thyself," as Socrates recognized, is the root of all knowledge, wisdom and virtue. To seek self-awareness and acquire self-knowledge requires all of the skills, knowledge and multiple perspectives expressed in our learning outcomes for the 21st century. Individual identity is a social as well as personal phenomenon. Seminars that will fulfill this requirement will focus on the development of identity and the "situated self" historically and in the contemporary environment from an interdisciplinary perspective.

DSSA 100  EVERYTHING I KNOW ABOUT MYSELF, I LEARNED FROM DR. SEUSS  3 CREDITS
This course will explore the student's understanding of themselves through a personal journey beginning with their first memory of their favorite story and culminating in the development of their personal narrative. Readings and related materials will help the student to identify the impact of their family relationships and family roles on the development of their identity. This identity will be manifested through the expression of their personal narrative and their ability to construct and deconstruct these stories.

DSSAE 100  THE EMERGING SELF IN THE 1960's  3 CREDITS
The overall objective of this course is for students to gain a greater understanding of how the "self" or personal identity is constituted. The course uses a specific historical context in order to do this: America of the 1960's - an era in which the concept of "self" was at its apotheosis. In the course, students will examine the artistic representations of the search for self in literature, fiction and non-fiction, music, theater, film, fashion and the visual arts and consider them as reflections of the social and cultural changes of the 60's.

DSSAE 200  THE SILVER SCREEN AND THE AMERICAN DREAM  3 CREDITS
This interdisciplinary course will introduce students to a formal understanding of the American Dream and its many interpretations as expressed by an American original – Hollywood. Beginning with D.W. Griffith’s silent classic "The Birth of a Nation" and extending into the present as far as Oliver Stone’s "W," this course will examine the underpinnings of core beliefs and myths interpreted by a series of 14 American films. Related texts and selected readings will further examine the sociological and historical context of these films, presented in a chronological order based upon the era in which they were produced as well as the era they portrayed.

DSSG 100  NAKED MASKS: THE SELF BEHIND THE IMAGE  3 CREDITS
Students will examine the history and evolution of mask in societies around the world and analyze the effect the mask has had on modern social interaction. They will analyze and compare the ancient uses of mask and how the masks one wears today influence interpersonal communication in today's society. A mask will be constructed and used in class to discover new and innovative ways of communicating in socially improvised situations. Students will create a new persona, an alter ego, which will allow them to investigate and analyze behavioral tendencies.

DSSG 200  GLOBAL CRISIS: INDIVIDUAL RESPONSE AND RESPONSIBILITY  3 CREDITS
Food, fuel and water are essential goods and necessary for daily life yet dwindling access is placing each and every global citizen in grave jeopardy. Discover the geographic importance of accessibility and the differences in resource access and use, trace the trade routes and uncover the roots of the food, water and fuel crises. Close examination of the ongoing global impact on the environment will be included as this has played a significant role in the perpetuation of the food, fuel and water crises. Gaining an appreciation of one's previous role in furthering these crises will lead to individual action and response. Students will devise an action plan to make a personal impact on these crises.

DSSG 300  AGING POPULATION: WHY SHOULD I CARE?  3 CREDITS
This course will provide an approach to the study of aging by studying the developmental process of aging conceptually from biological, psychological, sociological and cultural perspectives. The major theories, social problems and models of understanding aging will be examined in relationship to their importance to changes in personal health, behavior, cognitive functioning, family dynamics and social relationships. Existential themes such as "the meaning of life" will also be addressed. Ultimately the student will be challenged to evaluate assumptions associated with aging and gain a deeper understanding of themselves and their families in the context of contemporary society.

DSSGE 300  SELF, SIBLINGS & SOCIETY ON STAGE  3 CREDITS
This course will use the transformative power of theater on an individual's life and future pursuits to build on the core texts examined in Self and Society, Levels I and II. The class will read and analyze diverse short and full-length stage plays to examine how societal customs, technology and family traditions coalesce to shape one's individual identity. This will be accomplished by carefully considering relationships within various dramatic works, utilizing supplementary materials related to the works, and through critical textual analysis and group discussions.

ECE 105  INTRODUCTION TO EARLY CHILDHOOD EDUCATION  3 CREDITS
Investigation of the historical, philosophical and sociological perspectives in early childhood education as they relate to the programs currently available for young children including the principles and practices utilized for the development of scientific, creative, social and cultural concepts.

Current issues and problems in academic educational systems.
EDM 300 THEORY AND PRINCIPLES OF HAZARDS, DISASTERS, AND U.S. EMERGENCY MANAGEMENT 3 CREDITS
An examination of various mitigation, preparedness, response and recovery measures; the system put into place to implement said recovery measures; and the key players involved in these activities at the local, state and federal levels. The course will explore various hazards and disasters, human response to hazards and reaction to disasters, vulnerability and risk, as well as the political and inter-jurisdictional context of emergency management.

EDM 310 PRINCIPLES AND PRACTICE OF HAZARD IDENTIFICATION AND MITIGATION 3 CREDITS
This course provides an understanding of the principles and practice of hazard mitigation in the United States at the local, state and federal levels. The emphasis will be on strategies designed to avoid or prevent future and recurring losses of life and damage to public and private property. The course will review the various tools, techniques, resources, programs, intergovernmental relationships and broader social context involved in planning for and implementing hazard mitigation.

EDM 320 A SOCIAL VULNERABILITY APPROACH TO EMERGENCY 3 CREDITS
This course examines how broad political, social and economic patterns produce social relationships and social structures that put some social groups more at risk than others in disasters. Students will explore global, national and local patterns of vulnerability as they impact people throughout the disaster cycle and affect emergency management practices. The capacities, resources and needs of highly vulnerable groups will be explored, and models for community-based disaster mitigation projects engaging the resources of vulnerable social groups will be examined.

EDM 410 TERRORISM AND HOMELAND SECURITY 3 CREDITS
A survey of political terrorism, ranging from low-level threats to acts of violence that may represent risk to human life and property, to large-scale acts of violence using “weapons of mass destruction” that may have devastating long-term effects. The course will explore the nature of terrorism and its many forms, policies and programs to reduce the risk that terrorism represents to society, policies and programs to manage terrorist events, and policies as well as programs to manage the consequences of terrorist violence.

EDM 420 DISASTER RESPONSE OPERATIONS AND MANAGEMENT 3 CREDITS
This course will examine the principles that promote effective disaster response operations and management by examining the nature of disasters, the context of response operations in the United States and the roles as well as responsibilities of various emergency management organizations. The course will review the popular myths and realities of human behavior in catastrophic events as well as various approaches to disaster response operations. Problems associated with response operations will be identified, and various means to improve emergency management operations after a disaster occurs will be emphasized.

EDM 450 CRISIS MANAGEMENT AND BUSINESS CONTINUITY PLANNING (BUSINESS AND INDUSTRY CRISIS MANAGEMENT CONCENTRATION) 3 CREDITS
This course considers the similarities and differences between government (public sector) and business and industry (private sector) crisis management. The fundamental corporate objective of ensuring corporate survivability and economic viability is assessed. Students will discover how crisis management decisions must reflect business reality if a private sector organization is to survive. Attention is given to how competition in the private sector can inhibit cooperation and the sharing of ideas between organizations. This course also illustrates how corporate culture, leadership, stakeholder desires and public pressure can affect emergency and disaster management in the private sector.

ZEDU 001 GENERAL KNOWLEDGE PREPARATION CLASS NON-CREDIT 3 HOURS
This course reviews skills, competencies and strategies necessary for successfully completing the CLAST. Math review includes arithmetic, algebra, geometry/measurement, probability/statistics and logical reasoning. Verbal preparation includes reading comprehension, English language skills and essay writing. Offered: Day Fall, Spring.

EDU 100 LANGUAGE AND LEARNING DEVELOPMENT 3 CREDITS
This course has been designed to help students understand the notion of multiple intelligences and the relationship of intelligence to learning. Linguistic intelligence as it relates to learning differences will be discussed at length. Additionally, the course will enable students, through lectures and working with the support of learning disabilities personnel, to identify their learning styles, cognitive strengths and weaknesses, and the sensory modalities that will assist students in their pursuit of college education. Offered: Day Fall, Day Spring.

EDU 101 INTRODUCTION TO EDUCATION 3 CREDITS
An introduction to the historical, philosophical and sociological foundation of education as well as the legal, social, financial and political environment of schools. The course is designed to introduce the prospective teacher to some of the issues (and the backgrounds of these issues) currently found in education. The course will also help the student develop a basis for making decisions about whether teaching is going to be his/her profession of choice. Ten hours of field observations required.

EDU 160 CHILD DEVELOPMENT 3 CREDITS
This course analyzes the concept of child development from birth to 12-years of age in American society both in a historical and contemporary contest, as well as examines leadership impact on concepts of socialization and education while providing the student with practical applications of teaching. Five hours of field observations required.

EDU 210 DIFFERENTIATED INSTRUCTION AND EFFECTIVE TEACHING STRATEGIES 3 CREDITS
An overview of the developments in curriculum design, innovative program models, current and effective instructional methods and strategies for planning and delivering instruction to all students in a variety of classroom settings and for a variety of purposes. It is designed to prepare elementary teachers to select, plan, adapt, implement and evaluate instructional materials, content and other resources appropriate to and reflective of both instructional goals and the needs of diverse student populations. Eight hours of field observations required. Pre-requisite: EDU 101, Introduction to Education.

EDU 214 ART, MUSIC AND MOVEMENT 3 CREDITS
The development of instructional skills, techniques and strategies for teaching art and music in the elementary school. Eight hours of field observations required.

EDU 215 CHILDREN'S LITERATURE 3 CREDITS
The information presented in this course introduces pre- and in-service teachers to several children’s books and allows them to make knowledgeable decisions in the selection and use of these children’s books as a result of studying, discussing and using the six genres of children's literature in and outside the classroom setting. It prepares teachers to integrate literature throughout the curriculum and helps them to collect an extensive selection of children's literature for use in their future classrooms. Eight hours of field observations required.

EDU 257 HEALTH AND SAFETY IN SCHOOLS 1 CREDIT
An introductory course to help students develop an understanding of the important aspects of health and safety as it relates to elementary age students and the elementary school teacher. This course will cover school safety and overall wellness of all students. Eight hours of field observations required.

EDU 315 LITERACY IN THE PRIMARY GRADES 3 CREDITS
Approaches, methods and materials appropriate to teaching young students to read are covered. Emphasis will be on emergent literacy, sequential development of skills, perceptual development, word attack skills, vocabulary, comprehension and oral language development as all are a part of a balanced literacy approach to reading. Ten hours of field observations required.

EDU 316 LITERACY IN THE INTERMEDIATE GRADES 3 CREDITS
The information presented in this course is needed by all teachers who wish to use researched-based strategies to teach reading to intermediate elementary students. Pre-service teachers will learn how to include the essential components of reading into a typical
literacy block; develop an in-depth knowledge of several reading approaches; and have a full understanding of, and employ the six traits of writing. Ten hours of field observations required.

**EDU 317  SCIENCE IN THE ELEMENTARY SCHOOL**  3 CREDITS

The purpose of this course is to provide meaningful and practical learning experiences that will prepare students to create effective science learning environments for elementary school students. Students will participate in the same kind of inquiry-based experiences that they will use in their own teaching with emphasis on applying the scientific process and proper laboratory procedures. Topics include light and color, matter, forces, motion, energy, geology, weather and astronomy. This class requires 10 hours of field experience.

**EDU 318  MATH IN THE ELEMENTARY SCHOOL I**  3 CREDITS

This course focuses developing conceptual understanding of the properties of the natural numbers, integers, rational and real number systems with an emphasis on problem solving and critical thinking. The mathematical content will be integrated with current research on mathematical instructional strategies, the use of manipulatives, lesson planning, evaluation of mathematical learning and diagnostic techniques. The goal is to increase the conceptual understanding of the pre-service teacher and to increase their ability to analyze the mathematical ideas, structure and research of the K-6 mathematical curriculum. This class requires 10 hours of field experience.

**EDU 319  TEACHING SOCIAL STUDIES**  3 CREDITS

This course is designed to introduce students to the world of social studies teaching and learning in the elementary school. Instructional skills, techniques and strategies will be taught; these will aid in developing social studies understanding and the ability to think and act as democratic citizens in a multicultural society through the discussion of geography, history and government. Ten hours of field observations required.

**EDU 330  DIVERSE POPULATIONS**  3 CREDITS

This course is designed to provide students with a general understanding of the characteristics of individuals from diverse populations.

**EDU 415  MANAGING THE CLASSROOM**  3 CREDITS

This course is designed to provide students with skills and competencies to improve instruction and learning through good classroom management by establishing a learning environment and instructional program that is well organized and efficient. Twelve hours of field observation required.

**EDU 418  MATH IN THE ELEMENTARY SCHOOL II**  3 CREDITS

This course focuses developing conceptual understanding of algebra, number theory, geometry and measurement with an emphasis on problem solving and critical thinking. The mathematical content will be integrated with current research on mathematical instructional strategies, the use of manipulatives, lesson planning, evaluation of mathematical learning and diagnostic techniques. Students learn new instructional and assessment strategies and increase technology abilities developed in EDU 318. This class requires 10 hours of field experience.

**EDU 419  SCIENCE IN THE ELEMENTARY SCHOOL II**  3 CREDITS

The purpose of this course is to provide meaningful and practical learning experiences that will prepare methods students to create effective science learning environments for elementary school students. This course develops a strong conceptual understanding of life science. Students will participate in the same kind of inquiry-based experiences that they will use in their own teaching. Topics will include characteristics of life, plants and animals as well as ecology. Students learn new instructional and assessment strategies and increase technology abilities developed in EDU 317. This class requires 10 hours of Field Experience.

**EDU 420  ASSESSMENT FOR INSTRUCTION**  4 CREDITS

Development of instructional objectives and curriculum strategies for diverse student populations as well as interpretation of standardized assessments using measurement results for evaluating student progress will be examined. This course examines the interrelationships among content standards, instructional objectives, planning and assessment. In addition, this course will include literacy assessments, specifically running records and informal reading inventories. This course includes a lab that meets for 1 ½ separate from the course hours, this will be part in class and part field experience based. Fifteen hours of field observations required.

**EDU 480  PRACTICUM**  3 CREDITS

The guided practice of teaching under supervision of an ESOL endorsed classroom teacher in two diverse classrooms at different grade levels. Requires the utilization of knowledge, attitudes and skills in elementary/secondary school instructional situations. Teacher candidates are required to complete 75 hours of contact time in a primary grade classroom and 75 hours in an intermediate grade classroom. Pre-requisite: Pass all four General Knowledge tests.

**EDU 481  STUDENT TEACHING**  12 CREDITS

This course provides the opportunity for practice in teaching a diverse classroom under the supervision of an ESOL endorsed classroom teacher in order to utilize the knowledge, attitudes and skills necessary to demonstrate pre-professional competency in the Florida Educator Accomplished Practices (FEAPs).

**EDU 640  STRATEGIC PLANNING AND ASSESSMENT FOR EDUCATIONAL SYSTEMS**  3 CREDITS

Elements of strategic planning for innovation in educational systems: Environmental scanning, SWOT analysis, renewing the organizational mission, goals and objectives to address new needs. The course will address the defining roles and levels of strategy for each institutional unit/subunit in implementing and assuring the strategic control is both informed and responsive.

**EDU 701  INTRODUCTION: LEADERSHIP, POLICY AND CONTEXT**  3 CREDITS

The course examines a systematic consideration of the structure and function of educational policies and problems of research in a political context.

**EDU 702  METHODS OF INQUIRY: POLICY AND PROGRAM EVALUATION**  3 CREDITS

Overview of various methods used in conduct of educational inquiry, policy and program evaluation, and examples of ways these methods are typically implemented. Provides a discussion of strengths and weaknesses of methods of inquiry. Discussion throughout the semester in terms of the nature and purpose of inquiry. Taken with EDU 701.

**EDU 703  PROBLEM-BASED INQUIRY SEMINAR I**  3 CREDITS

Provides candidates with the knowledge and schemes that are important for problem-based Inquiry and allows for the incorporation of new knowledge. Candidates will complete two PBI seminars and three PBI field based courses. Each of these seminars provides opportunities to apply knowledge and assimilate proficiency in the context as to how it will eventually be used.

**EDU 704  METHODS OF INQUIRY II: QUANTITATIVE/QUALITATIVE ANALYSIS**  3 CREDITS

Helps candidates, in the context of action research, develop data collection tools, produce high-quality quantitative and qualitative data, and construct evidence for claims the researcher wishes to make. Taken with EDU 703.

**EDU 705  PROBLEM-BASED INQUIRY: FIELD-BASED CLASS I**  3 CREDITS

This problem-based inquiry (PBI) course fosters application of knowledge and recognizes that a laboratory of practice is critical to applying prior and new knowledge gained from these experiences. PBI also develops problem-solving skills, the implementation of

Lynn University 2010-2011 Academic Catalog 133
solutions, and collaboration and self-directed learning which support methods of inquiry and practical application throughout the program.

EDU 706 METHODS OF INQUIRY III: ANALYZING THE DATA 3 CREDITS
This is the third class of a four-course sequence designed to provide an overview of qualitative and quantitative research design and analysis in social and behavioral research. Emphasis is placed on understanding the process of social and educational research in field settings, developing data collection tools, producing high-quality quantitative and qualitative data, and constructing evidence for claims the researcher wishes to make. The class projects will build upon readings and themes addressed in EDU 702 (Policy and Program Evaluation) and EDU 704 (Quantitative and Qualitative Analysis). Builds from Methods of Inquiry I/II and field-based seminars.

EDU 707 PROBLEM-BASED INQUIRY: FIELD-BASED CLASS I 3 CREDITS
This second problem-based inquiry (PBI) field course further strengthens the application of knowledge gained in PBI field-based class I. The course supports candidate development of problem-solving skills, the implementation of solutions and collaboration as well as self-directed learning which support methods of inquiry and practical application throughout the program.

EDU 708 METHODS OF INQUIRY IV: RESEARCH CRITIQUE 3 CREDITS
This course is concerned with providing a sound foundation to literature analysis as the basis for research through the analysis of style, content and structure. Candidates will be required to review research-based literature related to problem-based inquiry methods presented throughout the semester.

EDU 709 PROBLEM-BASED INQUIRY: FIELD-BASED CLASS II 3 CREDITS
The third problem-based inquiry (PBI) course again furthers the study of and application of knowledge gained in PBI field-based class I/II. The course supports candidates' development of problem-solving skills, the implementation of solutions and collaboration as well as self-directed learning which support methods of inquiry and practical application throughout the program.

EDU 710 PROBLEM-BASED INQUIRY SEMINAR II 3 CREDITS
The second seminar continues to develop candidate's knowledge and schemes that are important for problem-based inquiry and allows for the incorporation of new knowledge. Each of these seminars provides opportunities to apply and assimilate knowledge in the context in which it will eventually be used. Seminar II builds upon research and knowledge gained from previous seminars and field-based courses.

EDU 720 INSTRUCTIONAL AND CURRICULUM LEADERSHIP 3 CREDITS
This course presents curriculum and instruction from a leadership perspective within the contexts of K-12 schools, national and state colleges. Students examine contemporary issues in school curriculum, including policy initiatives and reform efforts affecting curricular decision-making. The course prepares students to analyze and design appropriate strategies for implementing and evaluating curricula and to investigate the implications of curricula for educational programming. Students also learn specific foundations and procedures for professional development that have well-documented effects on student achievement.

EDU 721 PUBLIC SCHOOL LAW 3 CREDITS
The course examines key legal issues that govern daily and long-range decisions of educational leaders focusing specifically on understanding Florida and federal codes, case law, policies and significant precedents and will emphasize analysis of key legal concepts and application of law to major areas including finance, personnel, risk management, curriculum, student services, teacher rights, torts, student's rights, and access. Students will examine trends in law and the initiation and influence of educational law to positively influence educational institutions.

EDU 722 STUDENT MOTIVATION AND COGNITION 3 CREDITS
The course focuses on research of student cognition and motivation. Students will examine different learning and motivation theories and research. Particular emphasis will be placed on how findings from different studies apply to practical educational problems.

EDU 723 PLANNING AND MANAGEMENT IN SCHOOL FUNDING AND FACILITIES 3 CREDITS
A study of the historical development, design and management, of school facilities, and systems of financing education. Topics include forecasting need, potential sources of revenue, state and local systems of finance, financial management, budget development and construction management. Selected state models for funding education will be examined for managing. Specialization courses will be determined by the student at the end of the first year of study.

EDU 724 RESEARCH ON TEACHING AND TEACHER EDUCATION 3 CREDITS
Students engage in the study of current trends and issues in research on teaching and teacher education. The following topics will be studied in-depth: (a) research paradigms for studying teacher education, (b) seminal and recent research on teacher education, (c) research needed on teaching and teacher education, (d) models of teacher development, (e) structures and pedagogies used in teacher education and (e) current issues in teaching and teacher education. Each of these topics will be approached from experiential, theoretical and research perspectives.

EDU 725 HIGHER EDUCATION LAW 3 CREDITS
The course provides an overview of law and its implications in higher education with a focus on constitutional law, statutes and case law as it relates to higher education. Among the topics to be discussed will be the bases from which higher education law comes, current (case, state and regulatory) law, as well as risk management and liability issues for higher education. The remainder of the course will focus upon the ethical issues that must be faced when shaping and implementing institutional policy, curriculum and procedures. Some emphasis will be placed on the areas in which legal and ethical issues come into conflict.

EDU 726 ADULT LEARNING AND INSTRUCTION 3 CREDITS
The course focuses on research and material about learning theories in adult education, models and principles and their application to the instructional process with adults. Students examine the social and individual psychological aspects of adult learning, patterns of participation and motivation, and the contextual influences and theoretical perspectives specific to adult learning and instruction.

EDU 727 HIGHER EDUCATION ECONOMICS AND FINANCE POLICY 3 CREDITS
The course is designed to provide students with an overview of the economics and financing of American higher education.

EDU 801 CAPSTONE PART I: THE PROBLEM/PROFILE 3 CREDITS
The capstone is student-centered, student-directed and requires the command, analysis and synthesis of knowledge and skills. The first capstone course enables a candidate to verify his or her ability to develop a problem of inquiry and examine the profile of local issues to form opinions about, and develop research that addresses a problem.

EDU 802 CAPSTONE PART II: THE GATHERING OF EVIDENCE 3 CREDITS
The second capstone course is concerned with a candidate's ability to research and gather significant documentation, data and evidence that forms a review of the literature on an identified problem that is a comprehensive analysis of the research.

EDU 803 CAPSTONE PART III: FINDING/REPORT/OUTCOMES 3 CREDITS
The third capstone course provides a method of summative evaluation in which the candidate is given an opportunity to
demonstrate integrated knowledge and growth in the program. The course assesses a candidate's problem solving, use of inquiry methods, communication skills and overall collegiate learning experience as part of the consultancy model and solution presented. The VIVA is the student’s opportunity to demonstrate that they have achieved the goals for learning established by the program.

ENG 101 ENGLISH COMPOSITION I 3 CREDITS
A course in clear, effective expression designed to develop ability in composition. Students study the essay and are trained in the use of library materials for preparing research papers. Includes writing lab requirement. This course fulfills the Gordon Rule. Students will write a minimum of 6,000 words. Students must earn a C- or higher to move on to ENG 102. Offered every semester. Prerequisite: Pass grade in ENG 099 or appropriate score on the placement test.

ENG 102 ENGLISH COMPOSITION II/ WORLD LITERATURE 3 CREDITS
A course in effective writing, emphasizing analysis of works of literature. Students study the various literary genres, reading and writing critically on a global canon. This course fulfills the Gordon Rule. Students will write a minimum of 6,000 words. Prerequisite: C- or higher in ENG 101. Offered: Every semester.

ENG 201 STUDIES IN POETRY 3 CREDITS
A survey of the genre, using a global canon to study the formal elements and various forms of poetry. Prerequisite: C- or higher in ENG 102. Offered: Fall of odd-numbered years.

ENG 202 STUDIES IN SHORT FICTION 3 CREDITS
A survey of the genre, using a global canon to study the formal elements of the short story. Prerequisite: C- or higher in ENG 102. Offered: Spring of odd-numbered years.

ENG 203 STUDIES IN DRAMA 3 CREDITS
A survey of the genre, using a global canon to study the formal elements of dramatic literature. Prerequisite: C- or higher in ENG 102. Offered: Spring of even-numbered years.

ENG 204 STUDIES IN THE NOVEL 3 CREDITS
A survey of the genre, using a global canon to study the formal elements of the novel. Prerequisite: C- or higher in ENG 102. Offered: Fall of even-numbered years.

ENG 311 CREATIVE WRITING 3 CREDITS
A practical course in writing poetry in fall of even-numbered years, fiction in the fall of odd-numbered years and drama in the spring of odd-numbered years. Prerequisite: C- or higher in ENG 102.

ENG 315 MEDIEVAL & RENAISSANCE LITERATURE 3 CREDITS
The course gives students a broad, multidisciplinary training in the literature, history and culture of Europe from the Middle Ages to the early modern period. Prerequisite: C- or higher in ENG 102. Offered: Fall of odd-numbered years.

ENG 325 SHAKESPEARE 3 CREDITS
An intensive study of the plays and sonnets of William Shakespeare. Prerequisite: C- or higher in ENG 102. Offered: Spring.

ENG 330 AMERICAN LITERATURE I 3 CREDITS
A survey of American authors from the Colonial Period, the Age of Reason and the Romantic Era. Prerequisite: C- or higher in ENG 102. Offered: Fall of odd-numbered years.

ENG 331 AMERICAN LITERATURE II 3 CREDITS
A survey of American authors from the Age of Realism through the 20th century. Prerequisite: C- or higher in ENG 102. Offered: Spring of even-numbered years.

ENG 340 BRITISH LITERATURE I 3 CREDITS
A survey of major British authors up to and including the Renaissance. Prerequisite: C- or higher in ENG 102. Offered: Fall of even-numbered years.

ENG 341 BRITISH LITERATURE II 3 CREDITS
A survey of major British authors after the Renaissance and through the 20th Century. Prerequisite: C- or higher in ENG 102. Offered: Spring of odd-numbered years.

ENG 350 INTRODUCTION TO GENDER AND MULTICULTURALISM IN LITERATURE 3 CREDITS
This course is an analysis and appreciation of writings from a variety of diverse global groups with an emphasis on the uniqueness and nuances of culture and identity, the individual, and an acknowledgement and recognition of differences among these various groups. It will also examine the development of gender formation and sexual identity as a social, political and historical construct and its representation in multicultural literature. Prerequisite: C-in ENG 102. Offered: Spring of odd-numbered years.

ENG 405 SEMINAR IN GENDER AND LITERATURE 3 CREDITS
This course will enable students to comprehend the genesis of stereotypical gender roles and how this perception is formed by social, political and historical influences. This course also will present how this constraining perception of behavior has evolved into a more humanistic attitude toward equality in society and how these conceptions are represented in literature and various other cultural expressions. Prerequisite: C- or higher in ENG 102. Offered: Spring of even-numbered years.

ENG 420 TOPICS IN LITERATURE 3 CREDITS
An advanced study of selected themes, genres and authors. Prerequisite: C- or higher in ENG 102. Offered: Fall of even-numbered years and Spring of odd-numbered years.

ENG 470 WRITING THE MAJOR THESIS 3 CREDITS
This is an upper-division writing workshop in which students receive instruction and feedback in writing as well as reinforcement of writing skills. Taught by an English professor, the course allows students to develop writing projects for assignments in their major program and to receive guidance on these projects from the planning stages through completion. Input from faculty members in the student's major program is encouraged. Prerequisite: C- or higher in ENG 102. Offered: Every semester.

ENG 480 LITERARY THEORY 3 CREDITS
This capstone class provides tools for critical thinking that cut across existing disciplines and demand reflection on categories which structure academic discourse. The course will introduce a diversity of literary theories through readings in drama, fiction and poetry. Prerequisite: Permission of instructor. Offered: Fall of even-numbered years.

EPA 540 TERRORISM: ITS EFFECT ON CRIMINAL JUSTICE AND EMERGENCY PLANNING 3 CREDITS
This course is designed to prepare students with the necessary, basic theoretical knowledge and ability to reasonably analyze the fundamental principles involved in political terrorism. Students will examine a variety of events, ranging from low-level threats and acts of violence that may represent significant risk to human life and property, to large-scale acts of violence involving weapons of mass destruction that may have devastating, long-term effects.

EPA 620 INTERNSHIP IN EMERGENCY PLANNING AND ADMINISTRATION 3 CREDITS
The internship in Emergency Planning and Administration is a practical experiential field placement in a public or private emergency administration setting. The internship combines practicum-based learning combined with applied research. Prerequisites: Permission of college internship liaison, 2.5 cumulative GPA in major and/or departmental approval.

EPA 630 TECHNOLOGY IN EMERGENCY PLANNING AND ADMINISTRATION 3 CREDITS
This course examines the nature and extent of current and emerging technologies in the field of Emergency Planning and Administration. It analyzes technology applications and their role in emergency
planning, response, recovery and mitigation. Problems and issues associated with the introduction and use of technology applications for emergency management are considered. Various information systems that support decision making in emergency administration are examined.

**ESE 275 INCLUSIVE EDUCATION** 3 CREDITS
Review of research based information on the identification and remediation of exceptional students in the general education classroom. Development of practical teaching strategies general educators need to respond effectively to exceptional students in general education classroom settings. Various teaching strategies including: learning strategies, universal design, direct instruction, cooperative learning, and peer tutoring as well as how to make appropriate accommodations and modifications will be examined. Eight hours of field observations required.

**ESE 500 FOUNDATIONS OF EXCEPTIONAL STUDENT EDUCATION** 3 CREDITS
An exploration and analysis of exceptional student education with a focus on government policy, particularly P.L. 94-142 and the ADA; topics contributing to the history of special education; legal and ethical issues in exceptional student education; and major theories associated with educating students with mild moderate and severe disabilities. A minimum of 10 hours of field experience required.

**ESE 515 INSTRUCTIONAL METHODS IN CONTENT AREAS** 3 CREDITS
This course presents the fundamentals of reading theory, instruction and assessment. Teaching strategies based on current special education methods and materials will be presented. Emphasis is placed on the development and utilization of a broad spectrum of pedagogical methodologies designed to foster reading literacy. Diagnostic, prescriptive and evaluative techniques appropriate to the child with disabilities are addressed. Critical assessment of commercial reading and other language arts programs/materials is included. A minimum of 10 hours of field experience required. Prerequisite: ESE 500.

**ESE 520 CLASSROOM BEHAVIOR MANAGEMENT** 3 CREDITS
This course provides students with the fundamental principles of behavior management and application of these principles to solving classroom management problems. In addition, there will be specific focus on current practice and research on the evaluation and treatment services for students with disabilities. Special Note: It is intended that this course may be applied toward State Endorsement in Autism Administrative Rule 6A-4.01796 2(c) Behavior management and positive behavior supports for students with autism. Students seeking State Endorsement in Autism must complete the field work experience in a setting with a student with an autism spectrum disorder. A minimum of 10 hours of field experience required. Prerequisite: ESE 500 and ESE 515.
ESE 521  SURVEY OF LEARNING DISABILITIES  3 CREDITS
This course provides a historical overview of services, assessment, theories of intervention strategies and classroom models for children with learning disorders. The etiology of learning disabilities and its prolific growth will be presented as well as what schools and teachers must do to accommodate these learners. This course will also examine national organizations, definitions, discrepancy of potential and achievement and other identification issues for these learners. Minimum of 10 hours field experience required.

ESE 531  INTRODUCTION TO AUTISM SPECTRUM DISORDERS AND THE NEEDS OF FAMILIES  3 CREDITS
This course has been developed to meet the requirements for the endorsement competencies for the nature of autism spectrum disorders (including student characteristics, appropriate learning goals, teaching approaches, environmental arrangements) and the field-based experience requirement with students with Autism Spectrum Disorders (ASD). The course will provide participants with a framework for understanding the definition and history of autism (prevalence/incidence). The medical and educational knowledge of treatment efforts to promote the appropriate education strategies and services for students with ASD will be discussed. The course will also focus on the evidence-based instructional strategies and classroom organization along with social and communication needs of children with ASD and their families. A minimum of 10 hours of field experience required.

ESE 533  FUNCTIONAL LANGUAGE COMMUNICATION SYSTEMS AND ASSISTIVE TECHNOLOGY  3 CREDITS
This course has been developed to meet the requirements for the endorsement competencies for the use of assistive and instructional technology and natural, alternative and augmentative communication systems for students with autism and the field-based experience requirement with students with Autism Spectrum Disorders (ASD). This course will allow participants to develop an understanding of the communication disorders associated with ASD, an understanding of the diagnosis and treatment of communication disorders associated with ASD, and an understanding of how the special education teacher can contribute to the development of communication skills of a student with ASD. The student will also develop an understanding of how to select and use assistive communication and technology systems, how children with ASD develop language, how to promote assistive technology at school or other settings and how to assess as well as evaluate various language systems. A minimum of 10 hours of field experience required.

ESE 534  AUTISM: METHODS OF ASSESSMENT, INSTRUCTION AND INTERVENTION  3 CREDITS
This course has been developed to meet the requirements for the endorsement competencies for the assessment and diagnosis of Autism Spectrum Disorders (ASD) and the field-based experience requirement with students with ASD. This course will present current practice and evidence based research on assessment, evaluation and treatment services for individuals with ASD. The course will provide review and discussion of such issues as: what to teach, how to teach and teaching within a team process. The course will allow students to examine strategies of effective instruction, assessment, intervention and treatment and inclusion methods for children with autism. A minimum of 10 hours of field experience required.

ESE 535  BEHAVIOR MANAGEMENT AND POSITIVE BEHAVIOR SUPPORTS FOR STUDENTS WITH AUTISM SPECTRUM DISORDERS  3 CREDITS
Participants in this course will gain a framework for understanding, evaluating and implementing behavior changing programs for students with ASD. The course will focus on the analysis of current treatment services for students with ASD and on the implementation of research-based practices to prevent or reduce the occurrence of challenging behaviors. Some of the topics discussed will include functional behavior assessment, single subject design, instructional strategies and the importance of teaching effective pro-social behaviors to students with ASD. A minimum of ten hours of field experience required.

ESE 540  GRADUATE CAPSTONE RESEARCH PROJECT  3 CREDITS
The capstone is student-centered, student-directed and requires the command, analysis and synthesis of knowledge and skills. Students complete an individual research project with supervision in a current topic in special education.

ESE 541  PRINCIPLES OF APPLIED BEHAVIORAL ANALYSIS  3 CREDITS
This course will focus on definitions, characteristics, principles, processes and concepts related to behavior analysis as well as introducing behavior change procedures and systems support. Field experience required. Prerequisites: ESE 500, ESE 520.

ESE 542  APPLICATIONS OF APPLIED BEHAVIORAL ANALYSIS  3 CREDITS
This course will present current intervention strategies and the importance of teaching effective pro-social behaviors to students with ASD. A minimum of ten hours of field experience required. Prerequisites: ESE 500, ESE 520, ESE 541.

ESE 543  EVALUATING INTERVENTIONS IN APPLIED BEHAVIOR ANALYSIS  3 CREDITS
This course will provide participants with extensive preparation on behavioral assessment and selecting intervention outcomes strategies. Measurement of behavior and displaying/interpreting data will be introduced and the experimental evaluation of interventions will be reviewed. Field experience required. Prerequisites: ESE 500, ESE 520, ESE 541.

ESE 544  PROFESSIONAL ISSUES IN APPLIED BEHAVIOR ANALYSIS  3 CREDITS
Ethical considerations in behavior analysis will be expanded while behavioral assessment, selecting intervention outcomes strategies, experimental evaluation of interventions, behavior change procedures and systems support will be reviewed. Field experience required. Prerequisites: ESE 500, ESE 520, ESE 541.

ESE 545  BEHAVIORAL ASSESSMENT MODELS IN APPLIED BEHAVIOR ANALYSIS  3 CREDITS
This course will focus on the development of behavioral assessment and selection of intervention outcomes strategies. A review of definitions, characteristics, principles, processes and concepts in behavior analysis will also be provided as well as a review on measurement of behavior and displaying/interpreting data. Field experience required. Prerequisites: ESE 500, ESE 520, ESE 541.

ESE 550  INTENSIVE PRACTICUM I  3 CREDITS
This course provides those students seeking to become Board Certified Behavior Analysts with the opportunity to complete 400 hours from the 750 hours of supervised experience in behavior analysis required for certification. Students will be supervised at least twice per week while at their placement. During their placement, students are expected to: (1) conduct assessment activities related to the need for behavioral interventions; (2) design, implement and monitor behavior analysis programs for clients; (3) oversee the implementation of behavior analysis programs by others; and (4) execute other activities normally performed by a behavior analyst. Students are encouraged to complete this practicum at a location where they are getting paid for their work. Students completing this course will be required to pay a practicum/internship fee. Prerequisites: ESE 541.

ESE 551  INTENSIVE PRACTICUM II  3 CREDITS
This course provides those students seeking to become Board Certified Behavior Analysts with the opportunity to complete 350 hours from the 750 hours of supervised experience in behavior analysis required for certification. Students will be supervised at least twice per week while at their placement. During their placement, students are expected to: (1) conduct assessment activities related to the need for behavioral interventions; (2) design, implement and monitor behavior analysis programs for clients; (3) oversee the implementation of behavior analysis programs by others; and (4) execute other activities normally performed by a behavior
analyst. Students are encouraged to complete this practicum at a
location where they are getting paid for their work. Students are
encouraged to complete this practicum at a location where they are
getting paid for their work. Students completing this course will be
required to pay a practicum/internship fee. Prerequisites: ESE 541.

ESE 580 GRADUATE PRACTICUM IN
EXCEPTIONAL STUDENT EDUCATION 3 CREDITS
The graduate practicum in ESE is a three credit practicum designed to
give graduate students the opportunity to gain a supervised teaching
experience prior to their student teaching experience. During this
experience, the students will practice and be evaluated on their ability
to demonstrate beginning level teaching skills. A minimum of 70
hours of field experience required. Prerequisites: ESE 500, ESE 505, ESE
510, ESE 515, ESE 520, ESE 525.

ESE 581 STUDENT TEACHING IN
EXCEPTIONAL STUDENT EDUCATION 3 CREDITS
This course provides the opportunity for independent practice
teaching in a diverse classroom in order to utilize the knowledge,
attitudes, and skills necessary to demonstrate competency in the
Florida Educator Accomplished Practices. Besides attending their
assigned placements, student teachers are also required to participate
in bi-weekly seminars designed to assist in transferring the knowledge and skills learned in the university classroom and during
field placements. A minimum of 525 hours of field experience
required. Prerequisites: ESE 500, ESE 505, ESE 510, ESE 515, ESE
520, ESE 525, ESE 580.

ESL 300 SECOND LANGUAGE AND LITERACY
DEVELOPMENT FOR ENGLISH
LANGUAGE LEARNERS 3 CREDITS
This course examines current linguistic theories and principles of
second language acquisition and literacy development. It presents the
application of language sensitive content teaching, adapting, as well as
applications from research findings to practice in their classrooms
and for the development of English as a second language area and for the development of English as a second
language and literacy for linguistically and culturally diverse students.
Field experience and observation required.

ESL 310 SHELTERED CONTENT INSTRUCTION FOR ENGLISH
LANGUAGE LEARNERS 3 CREDITS
This course is a comprehensive overview of instructional methods
and strategies for English language/literacy development and content
instruction to English language learners enrolled in a various
program models. The course is designed to help teachers make
applications from research findings to practice in their classrooms
with an understanding of culture and its relationship to academic
achievement. Ten hours of field observation required.

ESL 520 APPLIED LINGUISTICS 3 CREDITS
Current linguistic theories and principles related to second language
acquisition research and teaching. Application of theory to teaching
basic content area and for the development of English as a second
language and literacy for linguistically and culturally diverse students.
Field experience and observation required.

ESL 521 METHODS OF TEACHING E.S.O.L. 3 CREDITS
An overview of current and effective instructional methods and strategies
for planning and delivering instruction to English language learners in a
variety of classroom settings and for a variety of purposes. In-depth
application of theory, principles and research to methods and strategies.
Field experience required. Prerequisite: EDL 520.

ESL 522 CURRICULUM AND MATERIALS
DEVELOPMENT FOR E.S.O.L. 3 CREDITS
Advanced practices in planning, selecting, adapting, implementing
and evaluating instructional programs, materials, content and
resources appropriate to both instructional goals and needs of
linguistically and culturally diverse students. Special emphasis on the
application of language sensitive content teaching, adapting, as well as
developing content and materials for English language learners. Field
experience and observation required. Prerequisite: EDL 521.

ESL 525 TESTING AND EVALUATION IN E.S.O.L. 3 CREDITS
Advanced study and research on current issues in the field of E.S.O.L.
testing and evaluation. Development of skills necessary for selecting,
designing and administering appropriate assessment instruments for
the purposes of evaluating second language proficiency and
monitoring academic progress. Field experience required.

Emphasis on knowledge of factors that influence organizational behavior, the skills useful in influencing organizational outcomes and the characteristics of effective human service professionals in human services organizations.

HS 301 SOCIAL PROBLEMS AND POLICY 3 CREDITS
Students will explore a range of contemporary social problems commonly encountered by the human service professional. The history of applicable social welfare policies and programs will be discussed, as will the role of the human service worker in client advocacy. Students will critically examine the relationship between policy and services in the United States at the local, state and national levels. Students will learn the skills necessary to advocate on behalf of clients and become agents of system change.

HS 320 COMPARATIVE EDUCATION AND HUMAN SERVICES 3 CREDITS
The educational and human service systems of selected developed and developing countries studied in cross-cultural perspective.

HS 325 GROUPWORK & FAMILY SYSTEMS 3 CREDITS
This course is designed to provide students with the theories, skills and techniques of human service casework practice as applied to small groups and families. Students will develop a theoretical understanding of groups and families, and will learn to apply entry level skills for assessing and intervening with families and groups in a wide range of social service agencies and with a diverse client population.

HS 330 THE POLITICS OF AMERICAN EDUCATION AND HUMAN SERVICES 3 CREDITS
An analysis of the political processes that shape and influence educational politics and human service agencies in the United States at the local, state and national levels.

HS 340 PERSONAL DEVELOPMENT FOR HUMAN SERVICE PROFESSIONALS 3 CREDITS
The student will be encouraged to develop self-awareness and a personal helping philosophy. Students will examine how their own personal and professional values, attitudes, beliefs and experiences affect their work with clients. Also, students will increase sensitivity to diversity issues.

HS 355 THE ADMINISTRATION OF CHANGE 3 CREDITS
Course content includes forces of change, models and strategies for intentional change diffusion, planning and managing change, and self-renewal in educational organizations and human services.

HS 360 ASSESSMENT AND INTERVIEWING IN THE HUMAN SERVICES 3 CREDITS
Students will review the psychological, developmental, social, behavioral and systems theories that help to understand human behavior. With a focus on interviewing, engagement and assessment skills, students will learn to gather information, assess client problems and behaviors and identify client strengths. Multidisciplinary team participation will be discussed.

HS 370 PROGRAM PLANNING AND EVALUATION IN HUMAN SERVICE ORGANIZATIONS 3 CREDITS
The knowledge and skills involved in planning, management and evaluation of programs in the human services. The problem-solving process and decision making are emphasized.

HS 400 LEADERSHIP BEHAVIOR 3 CREDITS
This course is designed to provide students the opportunity to simulate the position of a human service administrator and assume the leadership of a typical agency. The content is developed around the use of simulated materials and focuses on the individual student and his/her approach to realistic problems and situations faced by a human service administrator. These responses are the basis for the student's self-examination of his/her administrative behavior and enable him/her to capitalize upon strengths and ameliorate weaknesses.

HS 410 CASE MANAGEMENT STRATEGIES 3 CREDITS
Service planning and evaluation, case documentation and case management skills will be emphasized, as will the role of collaboration in an interdisciplinary setting. The course will also cover basic cognitive-behavioral and effective helping strategies, crisis intervention, problem-solving techniques and referral to community resources and other professional helpers.

HS 420 ETHICAL AND LEGAL ISSUES IN HUMAN SERVICES 3 CREDITS
This course will focus on a range of ethical, legal and professional issues facing the diverse disciplines of the helping professions. Designed to teach a process of ethical decision making and to increase awareness of the complexities of helping, students will critically examine ethical dilemmas and various professional ethical codes as they learn about confidentiality, client records, legal documents, ethical standards, regulatory statutes, professional boundaries and preparation for court testimony.

HS 450 HUMAN SERVICES INTERNSHIP 1 3 CREDITS
Students will spend 20 hours per week in an internship situation within a human service organization. This internship will be offered concurrently with weekly seminar sessions. Seminar sessions will allow students to discuss their experiences and will supplement the fieldwork with practical application of current theories and research regarding the settings in which students will be placed for their internship hours. Students must provide their own transportation to the off-campus internship location.

HS 457 HUMAN SERVICES INTERNSHIP 2 3 CREDITS
Students will spend a minimum of 20 hours per week in an internship within a human service organization or setting that is consistent with the student's interests. Students are required to attend weekly seminars and to complete a senior paper that will include a description and in-depth study of the student's internship setting. Students must provide their own transportation to the off-campus internship location.

HS 459 HUMAN SERVICES SENIOR SEMINAR 3 CREDITS
This seminar will offer a study of selected issues and specialized topics in the field of human services. Designed for seniors, the seminar will help prepare students for entry-level employment positions. Interviewing techniques will be explored, and a written résumé and work portfolio will be designed by each student.

HUM 101 ART APPRECIATION 3 CREDITS
This course will concentrate on specific works of art, which are expressions of the cultural values held by people from nations around the world. While the focus of the course is on artistic monuments and works, they cannot be thoroughly comprehended without including material about the historical events, philosophy and intellectual ideas that inspired these works. The goal of this course is to enable students to increase their awareness through the study of art of the rich and vast numbers of cultures that have and currently make up our global world. It also will show how these cultures have interacted and contributed to the development of human civilization.

HUM 102 MUSIC APPRECIATION 3 CREDITS
This course offers an introduction to the wondrous universal language of music. Through the study of both recordings and live, in-class performances, students will gain familiarity with the fundamental forms of instrumental, symphonic, chamber and vocal compositions, from the early Renaissance period through the birth and development of jazz to contemporary commercial forms. Prominent musical characteristics, practical terminology and influential musicians are spotlighted from styles including, but not limited to, the Baroque, Classical, Romantic, blues, jazz, and theater and film genres, as students gain the intellectual and historical information helpful to articulate the emotional response they feel when listening and experiencing music of all kinds.
HUM 104   DANCE APPRECIATION                  3 CREDITS
This is a performance course that also introduces students to the study of dance techniques, criticism and appreciation. Students explore classical and contemporary dance vocabulary.

HUM 107   WORLD PHILOSOPHY                   3 CREDITS
This course introduces students to philosophical thinking by exposing them to the basic human questions that characterize the philosophy of all cultures. Emphasizing the relevance of philosophy to everyday life in many non-Western societies, students will read works of Buddhist, Taoist, African, Latin American and Middle Eastern origin, and consider a variety of perspectives, including the voices of women, indigenous people and philosophical fiction. Works will be placed in historical, cultural and geographic context to reveal how much of what is known about these cultures is governed by stereotypes and misleading distortions. Classic themes of the Western philosophical tradition will be addressed, while stressing the universality of the search for meaning in life that drives all philosophical reflection.

HUM 201   LOGIC                             3 CREDITS
An elementary course in the principles and problems of critical thinking. The relation between language and reasoning, different uses of language and problems of meaning are emphasized in the context of real-world arguments. Essential preparation for students considering taking the LSAT examination, formal principles of deductive and inductive reasoning are studied and applied through close analysis of actual arguments over political and legal issues of the day.

HUM 203   EARLY ART HISTORY                  3 CREDITS
This course examines specific works of art that are expressions of the cultural values of ancient peoples from around the world. The artistic monuments and works of the Stone Age and Pre-Historic Aegean, as well the ancient civilizations of the Near East, Egypt, Greece, India, Pakistan, China, Japan, Rome and the Islamic world will be covered. Exploring the origins of the rich cultural traditions that inform our world will give students a greater awareness of how these cultures have interacted and contributed to the development of human civilization in our global society. Prerequisite: HUM 101 or HUM 170.

HUM 204   RENAISSANCE TO MODERN ART HISTORY   3 CREDITS
This course examines specific works of art during the Medieval period to the 19th century from a variety of cultural traditions around the world. Gothic, Renaissance, Humanist, Mannerist, Baroque, Native American, Oceanic, Neoclassical and Impressionist artistic works and monuments will be studied. Through exploration of the development of art during these key historical periods, students will gain insight into the rich cultures that comprise the world. Prerequisite: HUM 101 or HUM 170.

HUM 210   ART IN CHINA AND THE PACIFIC RIM     3 CREDITS
This course exposes the student to a deeper awareness of Chinese culture through an interdisciplinary approach that draws on the main emphases in the humanities of history, art, music, language and literature. Consideration of worldview and ideology in China's relationship to past and contemporary global issues, as well as Chinese influence on countries considered in The Pacific Rim, will serve as an integral theme of the course. This course will encompass exploration of Pacific Rim art and cultures, including Japan, India, Indonesia, and Korea, as well as the influences of Buddhist art and ideology.

HUM 211   ASIAN PHILOSOPHY                   3 CREDITS
The course introduces students to the deeply rooted traditions of thought that inform the belief systems of contemporary Asia. Particular attention will be paid to the influence of these traditions on current cultural practices. Themes addressed will include the individual's relationship to nature, the existence of evil in the world, relations between humans, including social and political hierarchies, the role of the human ego in society, and what it means to live a life of virtue. The major traditions of Hinduism, Buddhism, Taoism and Confucianism will be discussed, as well as Shintoism, Maimon and Zen Buddhism.

HUM 212   INTRODUCTION TO PHILOSOPHY         3 CREDITS
In the spirit of William James' belief that philosophy “is not a technical matter, but our more or less dumb sense of what life honestly and deeply means,” this course introduces students to the practice of philosophy as a way of life, rather than a field of abstract reflection accessible only to experts. Students will read diverse works by both the classical greats and contemporary thinkers as they reflect upon issues of truth, knowledge, reality, ethics, selfishness, religion, and politics and their bearing on our individual lives.

HUM 230   WORLD RELIGIONS                   3 CREDITS
A comparative study of the great religious traditions of the world which seeks to understand their place in history and their impact on the world today. Hinduism, Buddhism, Christianity, Islam, Taoism, Native American and African traditions will be discussed. The course will approach these traditions as living. It will invite students to enter into dialogue with them, observe them in their unique cultural contexts, and ultimately to learn how they enrich and challenge our lives.

HUM 300   GREAT ISSUES                      3 CREDITS
This course is an in-depth exploration of the issues and ideas contemplated by human beings throughout the ages. Through careful reading of thinkers who have left a lasting impression on our culture from a variety of disciplines; including philosophy, literature, political theory, psychology and economics, students will read, reflect on and discuss questions of justice; relation to government; wealth and poverty; and the nature of mind. Inquiring into issues of faith, morals, liberty, equality, feminism and culture, students will work to generate insights into the fundamental issues of human existence, as well as their own lives. Prerequisite: Junior or Senior standing.

HUM 301   CREATIVE THINKING                 3 CREDITS
This course examines the nature of human creativity. Through readings of creative thinkers from diverse fields such as mathematics, music, science, poetry and art reflecting on their own creativity, students will study what makes creative individuals creative. Their insights into the process of creative thinking will provide a window into students' own minds, as they reflect on such issues as the nature of the creative process, where ideas come from, the role of dreams and the unconscious in creativity, the relation of creative individuals to society, and the idea of personal identity and style. Prerequisite: Junior or Senior standing.

HUM 302   ETHICS                           3 CREDITS
This course approaches the study of ethics from a philosophical perspective. After examining the four major philosophical schools of ethical thought—virtue ethics, deontological ethics, utilitarianism and rights-based ethics—students will turn to a number of contemporary ethical debates, including abortion, capital punishment, pornography, drugs, affirmative action, animal rights, war and terrorism to analyze and discuss the various arguments from a philosophical point of view.

HUM 315   MODERN ART HISTORY                3 CREDITS
From the Post-Expressionists to the Abstract Expressionists, this course explores 20th-century visual arts. Decade by decade, this exploration will trace the development of architecture, painting, sculpture and photography from 1890 to modern day. Close attention will be paid to the historical, social and intellectual contexts that supported each creative school of art. Prerequisite: HUM 101 or HUM 170.

HUM 320   THE CLASSICS                      3 CREDITS
This course introduces students to the classics of ancient Greece and Rome. Through study of the great works produced by these civilizations, students will gain insight into their own society, as well as into the forces that have shaped the modern world. From the Greeks, readings will include the Homeric epic poems, the tragedies of Sophocles, Aeschylus, and Euripides, a selection of Plato’s “Dialogues” and Aristophanes’ “Clouds.” From the Romans, Cicero, Virgil, Ovid and Seneca. Prerequisites: HUM 101, HUM 170.

HUM 330   PHILOSOPHY AND FILM               3 CREDITS
This interdisciplinary course takes a novel approach to the study of philosophy. Using the medium of contemporary cinema as a window
into the philosophical tradition, this course examines the idea of film as a mode of philosophical expression. Recent and past films will be studied from a philosophical perspective by pairing them with the key philosophical ideas of which they are an expression. Students will study the ideas of Plato, Descartes, Hobbes, Nietzsche and Freud, among others, as they contemplate classic philosophical themes about truth and reality, the limits of knowledge, the nature of human consciousness, and timeless issues of ethics, God and religion. Prerequisite: Junior or Senior standing.

**HUM 340 PHILOSOPHY AND POPULAR CULTURE** 3 CREDITS
This course is designed to teach students that there is more to philosophy than the study of dusty, old philosophical texts. Philosophy is about life—about living an examined life and adopting a critical, reflective stance toward one's social and cultural environment. Rather than simply learn about philosophy and philosophers, in this class students will learn to think philosophically themselves by reflecting on the ideas that exist within familiar forms of contemporary culture, including films, television, music, art and politics. Students will read contemporary thinkers writing about the philosophy behind recent films, rap music and hip-hop culture, MTV and the cult of personality, pop art and the leveling of the divide between mass culture and avant-garde art, and the role of today's youth in politics. After reading contemporary articles on each of these topics, students will view or listen to the films or music or art and undertake reflections of their own.

**HUM 350 AMERICAN PHILOSOPHY** 3 CREDITS
This course explores the tradition of ideas in America. The focal point of the course will be America's most distinctive contribution to the tradition of philosophy, the philosophy of pragmatism. America's attempt to express itself philosophically assumed many forms. Sources will be varied as students trace the development of common themes in the early religious thought of the Puritans, the American Enlightenment and the philosophy of the founding, Transcendentalism and the rise of democratic individuality, the abolitionist movement and women's rights and pragmatism itself. Prerequisite: Junior or Senior standing.

**HUM 390 LIBERAL ARTS INTERNSHIP** 3–6 CREDITS
Opportunity for Liberal Arts majors to gain on-the-job experience through an internship placement. Prerequisite: Advisor/dean permission.

**HUM 410 GREAT BOOKS** 3 CREDITS
A study of some of the seminal works of literature both fiction and nonfiction from writers around the world. The course explores their significance, depth and the degree to which they provide the challenge to reflect upon human experience. Prerequisite: HUM 100 or Junior or Senior standing.

**HUM 411 ART HISTORY: 1945 TO THE PRESENT** 3 CREDITS
From the development of Abstract Expressionism through Postmodernism. Prerequisite: HUM 203 or 204.

**HUM 490 LIBERAL ARTS SEMINAR** 3 CREDITS
A capstone senior course.

**HUM 495, 496, 497 INTERNATIONAL STUDIES IN ART AND HUMANITIES** 3–9 CREDITS
International studies abroad in languages, arts and cultures of foreign nations and societies, stressing the unique experience of study in a foreign country and direct experience of another culture. Prerequisite: Permission of advisor/dean.

**INB 390 GLOBAL BUSINESS ENTERPRISE** 3 CREDITS
This course is an introduction to doing business in the global arena. Emphasis will be placed on the importance of understanding and appreciating host country culture as a key for successful business endeavors. Areas such as economic analyses, political/legal assessments and market research will be applied to international business decision making and strategy development. The role of international agencies and the mechanics of trade will be introduced.

**INB 391 COMPARATIVE ECONOMIC SYSTEMS** 3 CREDITS
This course provides an overview of the opportunities and challenges relevant to the conduct of business in dissimilar economic systems. Students will compare international business as it is characteristically affected by differing national economic and political philosophies, patterns or government-business relationships and strategies for economic development. Prerequisites: BUS 171, INB 390.

**INB 393 INTERNATIONAL MONETARY RELATIONS** 3 CREDITS
This course is designed to expose the student to the workings of the international financial management environment, foreign exchange risk management, multinational working capital management and financing of foreign operations. Prerequisites: INB 390 and BUS 311 or permission of instructor.

**INB 491 MULTINATIONAL CORPORATION—EVOLUTION AND CURRENT ISSUES** 3 CREDITS
Students will analyze the effects of currently emerging issues on developing or defending competitive international business performance. Through the integrative exercise of theory, concepts and tools acquired in their prior courses, students will demonstrate their ability to apply that broad foundation of knowledge to the formulation of strategies and tactics specific to the changing scenarios characteristic of the constantly fluid international business environment. Prerequisite: INB 390 or permission of instructor.

**INB 492 LEGAL ASPECTS OF INTERNATIONAL BUSINESS** 3 CREDITS
A survey of international laws, regulations and codes, as well as international institutions responsible for regulating intercource among nations. Historical foundations will be presented along with contemporary issues and dilemmas that face the “global village.” Prerequisite: BUS 372 and INB 390.

**INB 496 INTERNATIONAL STUDY ABROAD IN BUSINESS** 3–9 CREDITS
International studies abroad in business stress the unique experience of study in foreign countries and direct contact with other cultures. Students will acquire knowledge in various facets of international business in the context of social, political and economic environmental forces. Studies abroad in business may count for up to nine credits, depending on the nature and scope of the project, with 15 contact hours of instruction necessary for each hour of credit earned. Students considering enrollment in international studies in business should plan with their advisor how such credits earned are to be applied before registration. Prerequisite: Permission of advisor or dean. Course can be taken a total of three times.

**INT 390 INTERNATIONAL INTERNSHIP** 3–6 CREDITS
Opportunity for students participating in Lynn University's International Internship Program to gain on-the-job experience through an internship placement. Prerequisite: Permission of advisor or dean.

**IRPS 150 INTRODUCTION TO INTERNATIONAL RELATIONS** 3 CREDITS
Introduction to International Relations stresses the dynamics of politics (who gets what) in a global context. Featuring the participants and relationships that characterize those dynamics, this course explores the conceptual and practical aspects of "traditional" international relations, for example: power, sovereignty, interdependence, armed conflict, the U.N. and other intergovernmental organizations. In addition, more marginalized but nonetheless salient concerns—globalization, human rights and the environment, among others—are covered in a global, as well as comparative, context in order to investigate current and future global political challenges.

**IRPS 220 GLOBAL HUMAN RIGHTS** 3 CREDITS
Global Human Rights focuses on the political aspects of human rights in a number of contexts: theoretical/philosophical, legal and public policy. Various geographic regions are studied to highlight specific cases of human rights protection and violations. Both Western and non-Western perceptions of human rights form the context for exploring topics pertaining to natural rights, economic/social/cultural rights, civil/political rights, individual and
collective rights and the debate between cultural relativism and universal human rights. This course also surveys, through the use of documentaries and movies, some of the most critical and controversial human rights (e.g., self-determination, genocide/ethnocide, women’s and children’s rights and labor rights) and the relevant mechanisms and institutions for the successful implementation of human rights norms, standards, and practices.

IRPS 225 UNITED STATES GOVERNMENT 3 CREDITS
An examination of the U.S. Constitution; foundations of political power; national parties; the executive, legislative and judicial functions; and the impact of government policies on national and international issues. Cross-listed with HIS 255.

IRPS 250 CONTEMPORARY GEOPOLITICAL AFFAIRS 3 CREDITS
Contemporary Geopolitical Affairs introduces students to the interplay of geography with political and cultural dynamics. With an emphasis on current events, the course explores various issues relevant for each of the diverse regions and subregions of the world. Several related topics are considered, for example: the degree of unity or fragmentation within the region/subregion, the role of religion, economic dynamics and the nature of regional changes. The format of the course includes lectures, class discussions, interactive exercises and videos.

IRPS 305 INTERNATIONAL ORGANIZATIONS 3 CREDITS
The International Organization(s) course begins with a consideration of fundamental issues of global governance by exploring the ways in which the participants in global affairs organize themselves. Discussed are the three primary types of international organizations—intergovernmental, nongovernmental and transnational—and regimes. Questions pertaining to their structures, functions, activities and relevance for global affairs are considered. Of particular interest are the relationships between political/security, economic and social/humanitarian organizations; between global and regional organizations; and between single and multipurpose organizations. Course goals encompass skill set development including writing/editing, reading comprehension/interpretation and critical thinking/analysis.

IRPS 310 INTERNATIONAL LAW 3 CREDITS
This course explores the historical roots of international law, its various theoretical foundations and sources. Specific areas of law to be studied include human rights, law of the sea, environmental law, the use of force/warfare and international criminal law. Defining the legal concepts of sovereignty, intervention, jurisdiction, recognition and territoriality (among others) permits a thorough consideration of their theoretical and practical implications. An International Court of Justice simulation exercise provides the opportunity for students to “practice” international law. Course goals encompass skill set development including writing/editing, reading comprehension/interpretation, critical thinking/analysis and oral presentation.

IRPS 315 AFRICAN HISTORY AND POLITICS 3 CREDITS
This course is a survey of the events and processes leading to the colonization of Africa and subsequent changes in African societies under colonial rule and independence. African History and Politics focuses on African responses to the challenges and opportunities of the 20th and 21st centuries. In addition, due consideration is given to African initiatives and voices in rapidly changing political, economic, social and ideological environs. In particular, African contributions to decolonization and the problems of independence in an interdependent world are explored in the context of contemporary political dynamics. Themes include democratization, governance, development and regional cooperation.

IRPS 320 LATIN AMERICAN POLITICS AND HISTORY 3 CREDITS
Latin American History and Politics begins with an overview of the historical characteristics of the Caribbean, Central and South American regions. The course then examines political stability, democratization, development policies and the impact of civil-military relations. Consideration is given to the role of international organizations, regionalism and economic integration. Cross-listed with HIS 320.

IRPS 325 INTERNATIONAL DIPLOMACY 3 CREDITS
The evolution of modern diplomacy over the last two centuries will be examined. Changes in strategies, techniques and distinctions in diplomatic goals will be analyzed, particularly in terms of cultural, historical and national contexts.

IRPS 330 POLITICS OF DEVELOPMENT 3 CREDITS
This course examines divergent explanations for development and underdevelopment. Emphasized are the concepts and theories that highlight the political process and political actors involved in the politics of development. Attention is given to the role of international political and economic organizations in the development process. Where appropriate, country studies are examined to illustrate theoretical dimensions.

IRPS 335 MIDDLE EAST HISTORY AND POLITICS 3 CREDITS
This course surveys the political, historical and cultural dynamics of the Middle East primarily since the 1920s. Particular attention is given to the topics of armed conflict, political stability, governance, regionalism and current interstate relations. Topics addressed include the impact of personal leadership styles, the Israeli-Palestinian conflict and natural resource dilemmas relevant to regional affairs.

IRPS 340 EUROPEAN POLITICS AND HISTORY 3 CREDITS
Beginning with a survey of the principal historical dynamics of Europe, this course introduces students to the political, social, economic and cultural attributes of the continent. Topics covered include the impact of the WWI, WWII and the Cold War, regional economic and political integration, immigration and conflict resolution. The area from Iceland to Turkey and Portugal to the Russian Federation provides the geographic scope of the course.

IRPS 360 POLITICS OF INDIGENOUS PEOPLES 3 CREDITS
The Politics of Indigenous Peoples course concentrates on the interactions between indigenous and non-indigenous participants in global relations. Grounded in international/global relations theories, the course’s underlying premise is that aboriginal/indigenous peoples are distinct communities which exercise some form of self-determination, sovereignty or autonomy. While referencing historical events, this course focuses on contemporary indigenous peoples’ political activity primarily in regional and global contexts. Considerable attention is given to the mechanisms through which indigenous peoples pursue their physical and cultural survival, including their discourses with states, the United Nations, regional organizations such as the European Union and non-governmental organizations. Course goals encompass skill set development including writing/editing, reading comprehension/interpretation, critical thinking/analysis and problem-solving.

IRPS 375 WOMEN AND POLITICS 3 CREDITS
In exploring what constitutes political participation and activity, Women and Politics begins with a brief examination of feminist theories, feminisms and their current applications in Western and non-Western societies. This is followed by a consideration of women and politics in three areas—grassroots, international/global arenas and national leadership—and the impact of women’s activities on men and women in these contexts. Motivating factors such as development, security, armed conflict and economic stability form the background and are explicitly probed while examining women’s political participation. The outcomes and consequences of political decision making, methods, strategies and tactics for women are also a cornerstone of this course. Thus, women in the roles of proactive policy-makers and passive policy-recipients are considered. Course goals encompass skill set development including writing/editing, reading comprehension/interpretation, critical thinking/analysis and problem-solving.
IRPS 380 THEORIES OF INTERNATIONAL RELATIONS 3 CREDITS
This course examines a wide range of theories and perspectives which offer divergent explanations for the various situations and events in the global arena. In doing so, Theories of International Relations distinguishes between theory and ideology. Each of six theoretical perspectives—Idealism, Realism, Neo-Realism, Pluralism, Globalism and Feminism—are compared and contrasted in terms of their descriptive and prescriptive elements. Core concepts such as power, sovereignty, primary actors and interdependence form the basis of this comparison. In addition, the level of analysis relied on by each theory—individuals, sub-state units, states, regions or the world—is addressed in explaining global participants and their actions. Course goals encompass skill set development including writing/editing, reading comprehension/interpretation and critical thinking/analysis.

IRPS 385 GLOBAL ENVIRONMENTAL POLITICS 3 CREDITS
Global Environmental Politics is premised on the interconnectedness of the global physical environment and human society. The close ties between environmental quality and human well-being are a part of the political decision making process regarding global resource distribution. This course, while referencing the scientific aspects of environmental dynamics, concentrates on how the global community might respond to urgent environmental problems in a politically, economically and culturally divided world. Issues such as deforestation, resource management, desertification, sustainable development and biodiversity are examined. The processes for conceiving, negotiating, finalizing and implementing international environmental agreements are considered.

IRPS 395 ASIAN POLITICS AND HISTORY 3 CREDITS
This course introduces students to the diverse histories of Asia and their impact on contemporary political, social, cultural and economic characteristics of the region. Among the subjects studied are armed conflict, consequences of development strategies, decolonization and political stability. In addition, exploring the influence of specific countries—such as Japan, China and India—on regional relations complements the thematic material.

IRPS 403 GOVERNMENT AND POLITICS OF CHINA 3 CREDITS
The 21st century has been designated as the "Chinese Century." Yet, even with expanded knowledge of and interaction with China, the functioning of the political system remains an enigma. This course aims to uncover the basic historical trends and cultural predispositions that will reveal how China functions, both internally and externally, as well as provide a prognosis for its future development.

IRPS 450 COMPARATIVE FOREIGN POLICY 3 CREDITS
This course helps students acquire knowledge about theoretical and analytical structures for the comparative study of governments and their foreign policies. Comparative Foreign Policy takes a regional approach that highlights cultural, historical, economic and political features common to all or most of the states within a given geographic area. The course provides the basis for comparison of foreign policies between states and across regional boundaries. It documents the continuous transformation of actors and issues that comprise the ever-changing nature of foreign policy. How countries determine their foreign policies will be examined in depth. The following factors will be addressed: the end of the bipolar, superpower impasse generated by the Cold War; increased interdependence and globalization; ethnic tensions; and rising disparities and events post-September 11.

IRPS 471 THE AMERICAN PRESIDENCY 3 CREDITS
Discussion of presidential power and functions, relationship with Congress, political party involvement, public personality, and leadership. Selected presidents are used as examples. Prerequisite: IRPS 225.

IRPS 475 CONTEMPORARY ISSUES IN INTERNATIONAL RELATIONS 3 CREDITS
This course explores the complexities and relationships between a wide range of contemporary issues in international and global relations. Topics such as conflict resolution, human rights, terrorism, the environment and development are studied in the context of existing and recent events.

IRPS 483 SENIOR SEMINAR IN INTERNATIONAL RELATIONS 3 CREDITS
This is a capstone course primarily for International Relations majors. It brings together various topics from students' previous course work and examines compelling issues in the discipline in a rigorous manner. Students undertake a major thesis project. Prerequisites: Senior standing and completion of 24 credit hours in International Relations courses or approval of the IR department chair.

IRPS 495 SPECIAL PROJECTS/INTERNSHIPS 3–9 CREDITS
Offers opportunities for students to study abroad or pursue internships at other institutions in the public or private sectors. Special Projects/Internship is monitored by an International Relations faculty member or the internship director. Prerequisites: Permission of college internship liaison, 2.5 cumulative GPA in major and/or departmental approval, completion of 12 credit hours in International Relations or Political Science courses and approval of the IR program coordinator. Credits earned vary according to project/internship workload and duration.

IRPS 499 WASHINGTON INTERNSHIP 12 CREDITS

Course includes an examination of all forms of development: physical, cognitive, social, psychological, moral and linguistic.

PSY 260 PERSONALITY THEORY 3 CREDITS
A study of the major theories of the composition and determinants of human personality. The theories examined include: psychoanalytic theories, self-theory, self-actualization theory, trait theories and social learning theory.

PSY 261 CURRENT PERSPECTIVES IN SUBSTANCE ABUSE 3 CREDITS
This course explores the role of alcohol and other drugs in American society today. It includes a historical overview of psychoactive drug use and abuse, the classification of drugs currently in use, legal issues related to substance abuse, and the resources available for the treatment of abuse problems.

PSY 270 HUMAN MOTIVATION 3 CREDITS
A study of the major theories (clinical as well as experimental) of human behavior. The theories examined include psychoanalytical theory, cognitive-consistency theories, achievement motivation theory and attribution theory.

PSY 280 MIND BODY MEDICINE 3 CREDITS
The purpose of this course is to acquire an understanding of the human being as a whole. The student will study the relationship of the body and mind through the integration of such subjects as anatomy and physiology, health and human behavior. This course is cross-listed as SCI 280. Lab fee: $30.

PSY 300 EXPRESSIVE STUDIES: MUSIC, ART AND MOVEMENT 3 CREDITS
Students will be exposed to the fundamental theory and application of each art form. Through didactic presentation, discussion, experiential work and art making, students will develop an understanding of the arts and their therapeutic dimensions.

PSY 305 EXPRESSIVE STUDIES: DRAMA AS EXPRESSION 3 CREDITS
Students will be introduced to the theory and technique of expressive performance with an emphasis on psychotherapeutic and aesthetic dimensions. Students will study a dramatic piece, explore the theory behind psychodrama and create an original dialogue expressing a psychological theme.

PSY 310 EXPRESSIVE STUDIES: POETRY AND NARRATIVE 3 CREDITS
Students will study the theories and techniques of literary process and explore the ways in which poetry and narrative literature reflect the authors' processes of expression and healing. In addition, the course will include a creative writing component in which students produce their own poetry, stories and journals and examine the dynamics of expressive artification.

PSY 315 PSYCHOLOGICAL TESTS AND MEASUREMENTS 3 CREDITS
Theory and use of psychological tests of ability and personality. Includes laboratory sessions.

PSY 349 INTRODUCTION TO APPLIED COUNSELING 3 CREDITS
Focus is on developing counseling competencies and specialized skills and techniques used in the counseling process for individuals and groups.

PSY 350 FACILITATOR TRAINING COURSE 3 CREDITS
This course is designed to develop: (1) improved listening skills and an appreciation of the emotional factors underlying communication and motivation and, therefore, to increase the participant's effectiveness in responding; and (2) counseling skills that are effective in dealing with emotional problems.

PSY 352 COMMUNITY PSYCHOLOGY 3 CREDITS
Prevention, recognition and mobilization of individual and community resources for helping solve psychological problems. Discussion with psychologically trained change agents in human service roles.

PSY 354 INDUSTRIAL AND ORGANIZATIONAL PSYCHOLOGY 3 CREDITS
Application of psychology in business and industry, as well as its relevance to organizational effectiveness in general. The course examines issues in the following areas: supervisory leadership, morale, personnel selection and training, human factors engineering and consumer psychology.

PSY 355 PRINCIPLES OF LEARNING 3 CREDITS
A study of behavioral, cognitive and information processing accounts of the acquisition, organization and utilization of information. Topics include classical conditioning, instrumental conditioning, observational learning and memory.

PSY 360 SOCIAL PSYCHOLOGY 3 CREDITS
A study of the processes underlying and resulting from group interactions. Topics include persuasion, conformity, aggression, prejudice, interpersonal evaluation and interpersonal attraction.

PSY 370 ABNORMAL PSYCHOLOGY 3 CREDITS
A study of maladaptive behavior patterns and the therapeutic procedures used to treat such patterns. Maladaptive behavior patterns that are examined include the neuroses, psychosocial disorders, personality disorders, affective disorders, schizophrenia and paranoia.

PSY 400 PROCESS: PERSONAL GROWTH PSYCHOLOGY 3 CREDITS
A study of personal growth and ways of dealing with choices and changes of life. References to several psychological disciplines are used as a holistic approach to understanding our individuality. A scholarly study of ways of transcending toward higher levels of personality integration.

PSY 420 PHYSIOLOGICAL PSYCHOLOGY 3 CREDITS
A study of the psychological events that take place within the human body whenever behavior occurs. Topics will include the neurochemical basis of behavior, sensory coding and processing, the neural basis of emotions, psychological disorders, sleep, sex, learning and memory. The student will explore mind/body medicine, the effects of stress on health and behavior, and how the body and mind heal. This course is cross-listed as SCI 320.

PSY 440 RESEARCH AND STATISTICS IN PSYCHOLOGY 3 CREDITS
A study of research design and qualitative and quantitative methods of data collection and analysis. The student selects and carries out independent library and/or empirical research, including a well-developed research paper and oral presentation of research project. Faculty supervision is provided on an individual basis.

PSY 460 EXPERIMENTAL PSYCHOLOGY 4 CREDITS
Research designs commonly used in psychology: observational, experimental and quasi-experimental. Steps in conducting research including APA format for writing reports. Includes laboratory/discussion sessions.

PSY 481 INTERNSHIP IN PSYCHOLOGY 3-6 CREDITS
The experience involves applying the knowledge acquired in prerequisite psychology courses to the community through placement in a mental health clinic/community service agency. Supervision on-site and by practicum supervisor. Written report and evaluation of goals and objectives required.

PSY 490 SEMINAR IN PSYCHOLOGY 3 CREDITS
Special topics course for Psychology, Behavioral Science or Criminal Justice majors. May serve as capstone course for Psychology majors.
Understanding of the varying philosophies relative to diagnosis and an understanding of the varying philosophies relative to diagnosis and an understanding of the varying philosophies relative to diagnosis and an understanding of the varying philosophies relative to diagnosis and an understanding of the varying philosophies relative to diagnosis and an understanding of the varying philosophies relative to diagnosis and an understanding of the varying philosophies relative to diagnosis.

**PSY 520  PSYCHOPATHOLOGY**  3 CREDITS
Psychopathology is a course which will aid the student in understanding problems of definition and classification of abnormal human behavior. The course will incorporate the development of skill in making diagnoses, a working knowledge of the diagnostic categories in the DSM-IV and an understanding of the varying philosophies relative to diagnosis and treatment of abnormal behavior.

**PSY 540  RESEARCH AND PROGRAM EVALUATION IN APPLIED PSYCHOLOGY**  3 CREDITS
This course will explore theoretical and practical interpretations of research results in the applied field of psychology. Specifically, students will study both qualitative and quantitative methods of data collection and analysis. Students will also be instructed on the use of statistical software by completing exercises in and out of class.

**PSY 560  DEVELOPMENTAL PSYCHOLOGY**  3 CREDITS
This course is designed to provide students with the foundations and implications of the developmental approach to the understanding of human psychology. Students will become acquainted with a range of core issues in the development of the lifespan, including basic theoretical and methodological concepts, such as lifespan theories of development including physical, intellectual, moral and social development. This course includes an examination of the field today and applications of lifespan developmental science for intervention into developmental processes and implications for applied developmental research.

**PSY 580  PSYCHOBIOLOGY**  3 CREDITS
Psychobiology is the study of the biology of behavior. Because the production and regulation of behavior is largely the job of the nervous system, this course will involve a study of the central nervous system and how it works. This study of behavioral neuroscience will include the physiological bases of sensation, sex, learning and memory, motivation, cognition, and abnormal behavior. By its very nature, psychobiology is a multidisciplinary field which draws from the fields of biology, psychology, chemistry, mathematics and physics.

**PSY 600  THESIS CLASS**  3 CREDITS
Each student will conduct an independent research study. A research proposal must first be submitted and accepted by the student’s master’s thesis committee and then completed and formally presented to the master’s thesis committee. This study will be supervised by the student’s thesis advisor.

**PSY 605  PRACTICUM IN COUNSELING**  3 CREDITS
This course offers students an experiential component in their clinical program. Students will be working in the field of counseling while receiving clinical supervision from their academic and site supervisors. This course will inform students’ thinking on issues related to professional behavior and preliminary counseling skills. Students will be provided with group and individual supervision.

**PSY 610  COUNSELING THEORIES**  3 CREDITS
This course is an overview of the field of counseling theories and practice. This course details the many theories of counseling and issues within the practice of mental health counseling. This course includes conceptualization of personality theories and counseling application in practice.

**PSY 615  GROUP THEORIES IN COUNSELING**  3 CREDITS
Students in this course learn major concepts in group counseling theories and actual applied group therapy. Students develop techniques to facilitate group therapy. This course examines group dynamics, group cohesion, relationship development and the stages of group therapy.

**PSY 620  TESTING AND ASSESSMENT IN PSYCHOLOGY**  3 CREDITS
This course will examine the theory, history and methodological foundations of psychological testing, assessment and measurement in the applied psychological field. Both the benefits and pitfalls of using assessment in practice will be investigated in underlining the importance of culture-related issues.

**PSY 640  SOCIAL AND CULTURAL FOUNDATIONS IN PSYCHOLOGY**  3 CREDITS
This course will explore the psychological impact of social and cultural factors in the field of psychology. The influence of gender, race, age, ethnicity, culture, SES, religious preference, sexual orientation and mental and physical disabilities in psychological research and counseling relationships will be investigated. Prototyping, stereotyping and prejudice will be examined and interventions appropriate to handling these will be studied.

**PSY 650  HUMAN SEXUALITY**  3 CREDITS
This course examines the theories and etiology of human sexuality, physiology and sexual development. Students will explore theories of sexual role expectations, sexual dysfunctions and sex therapies. The importance of the counselor in the role of the human sexuality educator will be discussed.

**PSY 660  PSYCHOLOGICAL CONSULTATION IN COMMUNITY SETTINGS**  3 CREDITS
This course is designed to educate the clinician to multiple aspects of consultation and practice. Concepts regarding consultation in medical centers, mental health centers, and public and private schools will be discussed. System-centered, child-centered and teacher-centered techniques will be discussed.

**PSY 670  SUBSTANCE ABUSE**  3 CREDITS
This course investigates the assessment, etiology and treatment of substance abuse as related to counseling issues. This course reviews substance abuse assessment and treatment issues and practice. Students will acquire assessment techniques and treatment interventions for individual, group and family approaches. This course will prepare the counselor for counseling in a multitude of settings.

**PSY 680  TECHNIQUES AND INTERVENTIONS IN PSYCHOLOGY**  3 CREDITS
This course presents the numerous therapeutic techniques and interventions related to a variety of both modern and post-modern theoretical paradigms. Focus will be on understanding the theoretical framework for the therapy models and the associated techniques. Issues related to assessment, case conceptualization, treatment planning, special populations and outcome evaluation will be examined.

**PSY 685  CAREER AND LIFESTYLE ASSESSMENT**  3 CREDITS
This course will explore the psychological basis of career and lifestyle assessment in the field of vocational psychology. Career counseling and career theory is explored with an emphasis on the history that led to the development of the field as well as the assessment methods and interventions specific to this field. The course includes the various approaches and interventions used by career counselors and psychologists. Professional issues related to traditional clinical interventions and the current trends in career assessment are reviewed.

**PSY 688  SEMINAR IN APPLIED PSYCHOLOGY**  3 CREDITS
This is a special topics course for psychology graduate students. Students will learn the history and philosophy of the seminar topic and will be informed of the various career development and educational opportunities available in the specified field. Students will develop critical thinking skills and will apply these skills to critiquing and presenting current practices and research methods in the field. Students will fully understand the ethical and legal principles applicable to those holding professional roles in society.

**PSY 690  LEGAL AND ETHICAL ISSUES IN APPLIED PSYCHOLOGY**  3 CREDITS
This course covers ethics, laws and standards as related to professional conduct and counseling. This course discusses legal and ethical decisions a counselor would encounter in the clinical setting.
Topics discussed would be professionalism, confidentiality, competence, duty to warn and protect, and diversity with clients. Clinical case examples and cultural considerations will be discussed.

**PSY 699 PRACTICUM IN PSYCHOLOGY** 3 CREDITS
This course requires students to work a specified number of hours in the field of psychology based on their specialization area. Students will meet in a classroom setting for group and peer supervision and with the course instructor for individual supervision. Site placement will include supervision with an emphasis in developing appropriate skills training in applied psychological settings. Students need to have completed all master's-level course work with a grade of B or better to be eligible for placement in this course. Required clinical hours and supervision hours must be met for successful completion of this course. The culmination of this course is the final presentation of the master's thesis.

**PSY 700 INTERNSHIP IN COUNSELING** 3 CREDITS
This course offers students an experiential component in their clinical program. Students will be working in the field of counseling while receiving clinical supervision from their academic and site supervisor. This course will inform students’ thinking on issues related to professional behavior and advanced counseling skills. Students will be provided with group and individual supervision.

**RES 602 STATISTICAL METHODS** 3 CREDITS
Measurement and statistical analysis of parametric and non-parametric data. Techniques, applications and analysis. Formerly EDU 662.

**SAM 530 SPORTS ADMINISTRATION** 3 CREDITS
Application of management theory and practice to sports administration. Emphasis on organizing, structuring and maintaining a successful department. Day-to-day operations reviewed along with facility management, fiscal and budgetary aspects, personnel selection and supervision, public relations, and office management.

**SAM 535 ISSUES IN INTERCOLLEGIATE AND PROFESSIONAL SPORTS ADMINISTRATION** 3 CREDITS
An overview of critical issues of national interest in both collegiate and professional sports: Title IX, Gender Equity, scholarships and payment of athletes, recruiting policies, professional agents, and other current matters of prime importance in the field.

**SAM 597 INDEPENDENT STUDY IN SPORTS AND ATHLETICS ADMINISTRATION** 1–3 CREDITS
Opportunities to explore both career directions and areas of individual interest.

**SAM 610 SPORTS MANAGEMENT, MARKETING AND PUBLIC RELATIONS** 3 CREDITS
The purpose of the course is to expose students to various aspects of the sports marketplace, including, but not limited to, athlete representation, and legal issues including, but not limited to, the Internet, individual and corporate marketing, and public relations strategies. The course will examine trends in the industry, analyzing their present and future effects on both the particular sport and sports in general.

**SAM 620 SPORTS PSYCHOLOGY** 3 CREDITS
Study of selected and specialized current topics in the field of sports psychology. Included are the processes underlying and resulting from group interactions, with particular reference to the study of personal growth in the areas of sports.

**SAM 630 LEGAL ASPECTS OF ATHLETICS** 3 CREDITS
General overview of the fundamentals of sports law. Emphasis on those areas of sports law that impinge on the daily business routines of lawyers and sports professionals. Topics include school, coach and medical liability, as well as liability, injuries, warnings, waivers, contracts, and discrimination.

**SAM 631 SPORTS AND ATHLETICS GOVERNANCE** 3 CREDITS
Introduction to the structure and principles of governance in Intercollegiate Athletics for institutions that are members of the National Collegiate Athletic Association (NCAA) and the National Association of Intercollegiate Athletics (NAIA). Focus on the structure and responsibilities of the NCAA/NAIA, the constitution and bylaws, application of rules and regulations, the structure and responsibilities of the university/college compliance office, and ethics. Upon completion, members should be capable of passing the NCAA annual recruiting examination.

**SAM 670 SPECIAL TOPICS IN SPORTS AND ATHLETICS ADMINISTRATION** 3 CREDITS
This course addresses various topics of current interest not covered in other courses and particularly related to coaching administrative skills that meet state certification requirements in education or other areas.

**SAM 680 BEGINNING INTERNSHIP IN SPORTS AND ATHLETICS ADMINISTRATION** 3 CREDITS
The internship provides an opportunity to apply beginning knowledge and theory to professional practice. Prerequisites: Permission of college internship liaison, 2.5 cumulative GPA in major and/or departmental approval.

**SAM 681 ADVANCED INTERNSHIP IN SPORTS AND ATHLETICS ADMINISTRATION** 3 CREDITS
The internship provides an opportunity to apply advanced knowledge and theory to professional practice.

**SCI 110 THE BIOLOGICAL WORLD AND LAB** 4 CREDITS
Introduction to the life-supported systems of nature, emphasizing the diversity and adaptations of organisms in the evolutionary perspective. This course meets three lecture hours and two lab hours per week. Lab fee: $30.

**SCI 111 BIOLOGICAL PATTERN AND PROCESS AND LAB** 4 CREDITS
Introduction to the operation of life-supported systems at various levels of organization, from biochemical to ecological. This course meets three lecture hours and two lab hours per week. Lab fee: $30.

**SCI 130 GENERAL CHEMISTRY I AND LAB** 4 CREDITS
This course provides a background in the basic concepts of chemistry. Topics include discussion of units of measurements, structure of atoms, stoichiometry, types of chemical reactions, concepts of bonding, ideal gases, atomic structure and periodicity and thermochemistry. This course meets three lecture hours and two lab hours per week. Lab fee: $30. Prerequisite or corequisite: MAT 110 or DQR 100 or permission from the Science Chair.

**SCI 131 GENERAL CHEMISTRY II AND LAB** 4 CREDITS
This course continues from SCI 130 and presents an introduction to the properties of solutions, chemical kinetics, chemical equilibrium, analytical chemistry, spontaneous processes and entropy: and the chemistry of representative elements from the periodic table. This course meets three lecture hours and two lab hours per week. Lab fee: $30. Prerequisite: SCI 130.

**SCI 201 INTRODUCTION TO BIOLOGY AND LAB** 4 CREDITS
A survey of the main principles of biology and the various forms of life on Earth. Subjects covered will include evolution, genetics, cellular processes, biodiversity and ecology. The material will stress the relevance of the subjects to everyday life and to social, economic, environmental and philosophical problems. The course meets three lecture hours and two lab hours per week. Lab fee: $30.

**SCI 202 INTRODUCTION TO PHYSICAL SCIENCE AND LAB** 4 CREDITS
This course provides a very simple overview of the subjects of physics and chemistry and the application of these subjects in our daily lives. The major focus of the course is the development of the understanding of the physical science principles rather than the memorization of the physics and chemistry formulas. The topics of the course include motion of things, nature of light, sound, electricity and magnetism, chemical reactions, and analysis. The laboratory portion of the course provides hands-on experience in the application of chemical and physical principles to the real life situations. Some of the lab activities include synthesis of organic drugs, analysis of food products, firing of a rocket and analysis of human
breath and air samples. This course meets three lecture hours and two lab hours per week. Lab fee: $30.

**SCI 203 INTRODUCTION TO HUMAN BIOLOGY AND LAB** 4 CREDITS
This course is designed to provide general knowledge of the structure and function of the human body to non-science major students. It is concerned primarily with the gross structure, location and basic functions of different body parts and organs. At the end of the course, the student should understand basic anatomical terms and knowledge of the gross structure and function of the human body. The course will cover the terminology and gross anatomical structures related to the Integumentary, Skeletal, Muscular, Nervous, Circulatory, Respiratory, Digestive, Urinary and Reproductive Systems. This course meets three lecture hours and two lab hours per week. Lab fee: $30.

**SCI 215 MARINE BIOLOGY AND LAB** 4 CREDITS
An introduction to marine organisms—their diversity, adaptations and ecological interrelationships. Laboratory and mandatory field trips. This course meets three lecture hours and two lab hours per week. Prerequisite: SCI 110.

**SCI 230 INTRODUCTION TO ENVIRONMENTAL STUDIES AND LAB** 4 CREDITS
An introduction to the ecosystems of humanity and nature emphasizing basic principles of pattern and process and analysis of current biological, technological, social, political, economic, resource and energy issues in relation to the environment. This course meets three lecture hours and three lab hours per week. Lab fee: $30.

**SCI 235 ANATOMY OF HUMAN MOVEMENT** 3 CREDITS
This course explores the integrated structure and function of the skeletal, muscular, nervous and circulatory systems. Actions, origins, insertions, innervations and blood supply of muscles are emphasized. Prerequisite: SCI 260.

**SCI 260 HUMAN ANATOMY AND PHYSIOLOGY I AND LAB** 4 CREDITS
This course is designed to provide sufficient knowledge of basic anatomy and physiology to serve as a working basis for studies in the allied health professions and in related fields and/or as general knowledge and appreciation of the human body as an integrated whole. Anatomy and Physiology I describes the cellular and tissue structure and function, skeletal, muscular, circulatory and nervous systems. Prerequisites: SCI 110 and SCI 111.

**SCI 261 HUMAN ANATOMY AND PHYSIOLOGY II AND LAB** 4 CREDITS
Exploration of basic human anatomy and physiology covering the nervous, respiratory, excretory, endocrine and reproductive systems. A survey of major human diseases, development, heredity and aging. This course meets three lecture hours and two lab hours per week. Prerequisite: SCI 260 or permission of Biology program coordinator. Lab fee: $30.

**SCI 301 MEDICAL TERMINOLOGY I** 3 CREDITS
Exploration of the basic elements, meaning and pronunciation of specific medical terms, through an in-depth analysis of root words (Latin and Greek), combining forms, prefixes, suffixes and abbreviations, as well as their clinical applications. Students learn medical terminology by way of content organized by body system, through a unique combination of anatomy and physiology, word building principles, spelling and pronunciation. Clinical applications and pathologies are introduced at the beginning of the semester and covered in detail in conjunction with the various systems and related terminology. The course is designed for science and health care students/professionals who want to learn medical terminology and are pursuing a career in the field of health care or pharmaceutical industries. Prerequisite: SCI 260.

**SCI 302 MEDICAL TERMINOLOGY II** 3 CREDITS
Exploration of the basic elements, meaning and pronunciation of specific medical terms, through an in-depth analysis of root words (Latin and Greek), combining forms, prefixes, suffixes and abbreviations, as well as its clinical applications. Students learn medical terminology by way of content organized by body system, through a unique combination of anatomy and physiology, word building principles, spelling and pronunciation. Focuses on the integrated study of the human body and the histology, anatomy and physiology of the following systems and topics: cardiovascular, hematology, lymphatic and immune, urinary, fluid and electrolyte control, digestive, nutrition, respiratory, reproductive and development. Clinical applications and pathologies are covered in detail in conjunction with the various systems and related terminology. The course is designed for science and health care students/professionals who want to develop sound mastery of medical terminology and are pursuing a career in the field of healthcare or pharmaceutical industries. This is the second semester of a two-semester sequence. This course meets three lecture hours per week. Pre-requirements: SCI 261 and SCI 301.

**SCI 310 FORENSIC SCIENCE AND LAB** 4 CREDITS
An introduction to forensic sciences. This course is cross-listed as PSY 320. Prerequisites: SCI 261 and SCI 301.

**SCI 320 PHYSIOLOGICAL PSYCHOLOGY** 3 CREDITS
A study of the physiological events that take place within the human body whenever behavior occurs. Topics to be examined include the study of behavioral, sensory coding and processing, the neural basis of emotions, psychological disorders, sleep, sex, learning and memory. The student will explore mind/body medicine, the effects of stress on health and behavior and how the body and mind heal. This course is cross-listed as PSY 320. Prerequisites: SCI 261 and PSY 150.

**SCI 325 MICROBIOLOGY AND LAB** 4 CREDITS
An introduction to the morphology, physiology, life history and ecology of microorganisms (chiefly bacterial) and viruses. This course meets three lecture hours and three lab hours per week. Lab fee: $30. Prerequisites: SCI 110, SCI 111, SCI 130 and SCI 131.

**SCI 330 PRINCIPLES OF EXERCISE AND LAB** 4 CREDITS
This course covers exercise theories and protocols such as progressive resistive exercise and isokinetics, strength testing and measurement. Muscle physiology, properties and adaptations related to exercise are emphasized. Prerequisite: SCI 203, or SCI 260.

**SCI 335 SELECTED TOPICS IN HEALTH CARE** 3 CREDITS
This course introduces the students in the etiology, signs and symptoms, diagnostic procedures, treatment regimes and prognosis for the following areas: obstetrics, pediatrics, orthopedics, sports medicine, neurology, cardiology and geriatrics. Prerequisites: SCI 260, SCI 261.

**SCI 350 PHYSICS I AND LAB** 4 CREDITS
Exposition of the fundamental laws and phenomena of mechanics, fluids, heat, wave motion and sound. Emphasis is on the understanding of physical concepts. This course meets three lecture hours and three lab hours per week. Lab fee: $30. Prerequisite: MAT 110, DQR 100 or permission from the Science Chair. MAT 320 as a prerequisite or corequisite is recommended.

**SCI 351 PHYSICS II AND LAB** 4 CREDITS
Exposition of the fundamental laws and phenomena of electricity, magnetism, optics, special relativity, and atomic and nuclear physics. Emphasis is on the understanding of physical concepts. This course meets three lecture hours and three lab hours per week. Lab fee: $30. Prerequisite: SCI 350.

**SCI 355 PRINCIPLES OF BIOMECHANICS** 3 CREDITS
This course consists of lectures and discussions related to biomechanical applications. The theory of linear viscoelastic behavior and applications to the known behavior of hard and soft tissue will be introduced. The forces, vectors and dynamics of anatomic structures will be covered. The qualitative and quantitative methods for the study of human body will be addressed. It will also cover topics related to muscle physiology, muscle activity, joint function and movement patterns. Prerequisites: SCI 260 and SCI 350.

**SCI 360 ECOLOGY AND LAB** 4 CREDITS
An in-depth study of ecosystems at various levels of pattern and process, broadly emphasizing material/energy interrelationships in concept, time and space. This course meets three lecture hours and three lab hours per week. Laboratory and mandatory field trips. Lab fee: $30. Prerequisites SCI 110 and MAT 110 or permission of biology program coordinator.
SCI 390 ORGANIC CHEMISTRY I AND LAB 4 CREDITS
This course covers the fundamental topics of organic chemistry, including structure and bonding, bonding and molecular properties, the nature and stereochemistry of alkenes and cycloalkanes, structure and reactivity of alkenes, stereochemistry, mechanisms of the common type of organic reactions and the nomenclature of organic reactions. This course meets three lecture hours and three lab hours per week. Lab fee: $30. Prerequisite: SCI 390.

SCI 391 ORGANIC CHEMISTRY II AND LAB 4 CREDITS
This course provides a detailed survey of the synthetic reactions of various organic functional groups. The main thrust of the course is the thorough mechanistic understanding of the organic reactions. This course meets three lecture hours and three lab hours per week. Lab fee: $30. Prerequisite: SCI 390.

SCI 392 BIOCHEMISTRY AND LAB 4 CREDITS
A study of substances found in living organisms and the chemical reactions underlying life processes. The structure and behavior of biomolecules will be discussed with emphasis on carbohydrates, fats (Lipids), proteins and nucleic acids. Other biomolecules will be mentioned. This course meets three lecture hours and three lab hours per week. Lab fee: $30. Prerequisite: SCI 390.

SCI 400 GENETICS AND LAB 4 CREDITS
A study of the nature, inheritance and expression of genes. Laboratory work emphasizes genetic experimentation and statistical analysis of genetic data. This course meets three lecture hours and three lab hours per week. Lab fee: $30. Prerequisites: SCI 325 & MAT 110 OR SCI 325 & DQR 100 & DQR 200.

SCI 405 BIOLOGY INTERNSHIP 3-6 CREDITS
Opportunity for biology majors to gain on-the-job experience through an internship placement. Prerequisites: Advisor/dean permission, permission of college internship liaison, 2.5 cumulative GPA in major and/or departmental approval.

SCI 490 BIOLOGY SENIOR SEMINAR 3 CREDITS
This capstone course for biology majors addresses special topics. Prerequisites: Senior standing and permission of biology program coordinator.

SOC 220 FAMILY AND SOCIETY 3 CREDITS
Study of the institutional character of the family, its history and its relationship to other institutions. Problems encompassing premarital concerns, internal dynamics of family life, children and divorce are discussed. Prerequisite: SOC 110.

SOC 230 INTRODUCTION TO SOCIAL WORK 3 CREDITS
An examination of modern welfare services, followed by a study of some of the methods by which social workers help to solve a host of problems that range from adoption and care for the aged to marital counseling, parole supervision and the community organization. Prerequisite: SOC 110.

SOC 261 CURRENT PERSPECTIVES IN SUBSTANCE ABUSE 3 CREDITS
This course explores the role of alcohol and other drugs in American society today. It includes a historical overview of psychoactive drug use and abuse, the classification of drugs currently in use, legal issues related to substance abuse, and the resources available for the treatment of abuse problems.

SOC 311 INTERPERSONAL PROCESSES 3 CREDITS
This course involves the study of human communications, interpersonal relationships and small group dynamics. Topics include verbal and nonverbal behavior, development of relationships, groups, assertiveness and leadership. Instructional emphasis is placed on providing an understanding of the behavioral, emotional and cognitive components of interpersonal communication in contemporary society. Prerequisite: PSY 150 or SOC 110.

SOC 330 THE SOCIAL WELFARE SYSTEM 3 CREDITS
Programs, policies and services on local, state and national levels are examined. Goals and approaches of various social work agencies are explored. Particular problems of various social, racial and ethnic groups are studied. Prerequisite: SOC 110.

SOC 335 CONTEMPORARY SOCIAL PROBLEMS 3 CREDITS
A presentation of methods of identifying social problems. Analysis of such problems as crime, drug abuse, discrimination and disadvantage, family disorganization, ecology, and armed conflict is discussed. Prerequisite: SOC 110.

SOC 450 RACE AND ETHNICITY 3 CREDITS
In this course students will use the sociological perspective to examine race and ethnicity. Topics include the historical conditions of various racial-ethnic groups in the United States, as well as challenges facing minorities today. Prerequisite: SOC 110.

SOC 491 SEMINAR IN SOCIOLOGY 3 CREDITS
A study of selected and specialized topics in the field of sociology. Prerequisites: Two upper level SOC courses.
