### [Housing Application Opens on \[lynn.erezlife.com\]\(#\)](#)

- All students interested in living within University owned or operated facilities for the 2021-2022 school year must apply for housing.
- Please remember our housing policy which states that as a residential institution, Lynn University expects students who have completed less than 60 credit hours to live and board within the University residential system. For more information on the housing policy, please [click here](#).
- Students are able to begin creating their roommate profile in order to connect with other new students to find a roommate match through the eRezLife portal once application is complete.
- Please note we do our best to accommodate all roommate groups and building type preferences but housing assignments are based on a first come- first serve basis. Housing spaces on campus are limited; once spaces are full, the University will assign students to a University managed offsite hotel.

### [ADA Housing Accommodations and Emotion Support Animal \(ESA\) Applications Due](#)

- Complete and submit the ADA Housing Accommodation Application with supporting documentation to the ADA Office assistant, Ms. Paula Hyman at [PHyman@lynn.edu](mailto:PHyman@lynn.edu). More information can be found [here](#).
- Students applying for ADA accommodations must also fill out a housing application.

July 1, 2021

### [Roommate Group Deadline](#)

- In order to be considered for your roommate group, you must create a roommate group by July 1, 2021.
- Please note we do our best to accommodate all roommate groups but it is based on a first come- first serve basis. For triples, you will need a roommate group of 3. For doubles, you will need a group of 2.
- If you update you application, it will save as the new date and you'll lose your original position for the first come, first serve selection. We encourage students to email us at [housing@lynn.edu](mailto:housing@lynn.edu) with your application updates and we will internally update it for you so this does not occur.

End of July

### [Housing Assignments Sent Out](#)

- Students will receive their housing assignments via their Lynn email.
- Any student that does not select a roommate by the July 1 deadline will be matched based on the profile questions they answered in their housing application.
- Any student that applies for housing after assignments are sent out will be placed based on availability. Preferences will be taken into consideration but are not guaranteed.
