

Introduction

October is well and truly underway and no doubt many of our students and staff are planning costumes for Halloween. Feel free to email Student Financial Services with your photos from Halloween. Some may get shared on the next newsletter.

SFS Movie Night

SFS held its first movie night in September with Han Solo: A Star Wars Story. Students who attended were first introduced to the concept of financial literacy and also had the opportunity to take part in a financial literacy activity, before sitting back and enjoying the movie with popcorn. The next SFS Movie Night is scheduled for 6:30PM on October 24 in the DeHoernle Lecture Hall at 6:30pm. The movie to be screened will be Jurassic World: Fallen Kingdom.

FAFSA Nights

The FAFSA process for the 2019-2020 academic year is now open. Why not get ahead of the curve and complete the process in October. Student Financial Services held a FAFSA Night for current students on October 2. If students would like to set up an appointment to meet with an SFS Team Member, who can help guide them through the financial aid process, they should email studentfinancialservices@lynn.edu. Why not get a whole club or student organization together to complete the FAFSA at once! In further FAFSA news, students can now complete the FAFSA via cell phone and other mobile devices.

Financial Literacy

Student Financial Services will officially launch their new financial literacy program during the Lynn 101 classes, the

week of October 22. This program is available as a free downloadable resource at <https://itunes.apple.com/us/book/id1374794635>. A representative of SFS will be glad to visit your department or student organization to conduct a more personalized financial literacy training. Please contact Morgan O'Sullivan at mosullivan@lynn.edu for more information.

Coffee with the Counselor

The first Coffee with the Counselor was successfully held on September 25th in the Perper Café. The next opportunity to meet with a financial aid counselor in a more relaxed environment will be from 3 to 4pm in the Perper Café on October 23.

Accelerated Degree Program

All students who have been invited into the Accelerated Degree Program, must complete a contract with Student Financial Services before they are fully enrolled in the program. Similarly, students who were invited into the program, but who do not wish to participate, must complete an Accelerated Program Decline form.

Student Employment

Student Student Financial Services is the home of Student Employment for the 2018/19 school year. All student employment questions can be directed to Student Financial Services at studentfinancialservices@lynn.edu. All Federal Work Study students are potentially eligible to earn \$15 per hour via different community service initiatives. Please contact Student Financial Services and Career Connections for more information.
