 - i. Library Tutorials: Library Tutorials are not directly related the courses, but it an opportunity to raise your grade if you complete it since you can take the test as much as you would like. Also, the library tutorials exist to mainly prevent plagiarism due to the large misunderstanding between students and our academic dishonestly policy.
 - ii. Dialogue Final Exams: From Fall 2016 the dialogue final exams will be replaced with other evaluation methods.
 - iii. J-Term Career Preparation speakers: Dr. cox will talk to the faculty in charge of the career prep classes to discuss the effectiveness of the speakers. With career prep the speakers are optional and the instructor should know if it relates to the class.
 - iv. Cameras in classrooms: The cameras are available with all equipment to record lectures. Only a few faculty members have been trained to use them so that is maybe why so many other instructors do not know about this resource. Dr. cox will send out another reminder email to inform faculty members that the cameras are available and he is thinking about a new idea

of perhaps training students to manage this technology and make available for other students.
